**As a citizen of Nevada County/County of Nevada, I demand the SR 21-0882, contract with Sherilynn E. Cooke, M.D. be immediately removed from the consent calendar.**

SR 21-0882 be must be removed from the consent calendar for the following reasons. Jill Blake, MPA, Director of Public Health, a non-elected staffer, should not be entitled to hand-pick her new boss without any publicly viewable selection process or selection criteria, without any public or Board of Supervisor interview process, without seeking input from the local medical professional community at an astronomically high consulting budget of \$486,270 for 18 months. Sherilynn E. Cooke has apparently never resided in our county (currently active in Oakland, CA). Our Public Health Officer should be a member of our community, our county!

I REQUEST formation of an oversight committee composed of a group of the PUBLIC, preferably health oriented/educated individuals and a group of LOCAL Doctors, to review the current selection, and open up the bid for this position to local doctors who have a vested interest in our local community.

I DEMAND this item be placed on the agenda (for discussion and public comment) with a review from the PHO oversight committee and suggested local M.D.'s.

Sincerely,  
Dawn Robinette  
Citizen of Nevada County (County of Nevada).

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Eddie Garcia submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: I strongly oppose entering into a contract of this magnitude and consequence without considering other candidates particularly of local possible candidates.

**Subject:** Remove PHO from 12/14/21 Consent Calendar -For the Public Record  
**Date:** Saturday, December 11, 2021 8:58:19 PM

Dist 2

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To the Members of the Board in Nevada County,

I am writing to express my concern regarding the consent calendar regarding a new PHO. This decision is coming from your staff, without public debate. This is legally wrong and an abrogation of your duty to we your community members to represent them in the best interests of our community. **I am opposed to this and ask you to remove it from the consent calendar.**

We have been telling you meeting after meeting that all the mandates and lockdowns have done more harm than good. We the community must be involved in the discussion of a new Public Health Officer. This is a really big deal, and we have more questions than answers.

I have requested countless times that the public health emergency in our County, when total Covid deaths as of today are just 106 out of a population of over 100,000 people, needs to be ended and you have the power to do so according to the document you signed when you put it in place. I have asked over and over for a public discourse about this involving a broad spectrum of medical authorities, including our local doctors. You never responded.

I have stated over and over that the failed strategy of our Governor of California has caused the highest per capita rate of Covid deaths in the world. Why would we want to continue this failed strategy?

You, our supervisors and public health officials have ignored Covid vaccine injuries and deaths. The Covid vaccines have caused more deaths and injuries than all previous vaccines combined.

4.) In view of the above, why hasn't any PHO for our County re-considered the declaration of emergency?

You our supervisors cannot legally delegate your authority to a County PHO to dictate policy to our community. You are the ones who must look at the negative impacts of the lockdowns and mandates that have thus far resulted in the highest death rates by any nation on earth.

I demand you remove from the consent calendar the new PHO in order for discussion regarding a PHO who is capable and responsible to look at the full facts and not join the current narrative. This is a time for change and can start with a new PHO.

Respectfully  
Ken Paige

**To whom it may concern,**

**I am writing to request that the contract with Sherilynn E. Cooke, M.D. SR 21-0882 be immediately removed from the consent calendar.**

Why are you attempting, or allowing by your silence, the appointment of a Doctor from Oakland to a public health director position and paying her nearly 1/2 million dollars when she has full-time employment in another County?

Why is the public being left out of the selection and review of the PUBLIC health officer's appointment?

The concerned citizens of Nevada County are fed-up and tired of their rights being trampled on.

I request the formation of an oversight committee, composed of a group of the PUBLIC, preferably health oriented/educated individuals and a group of LOCAL Doctors, to review the current selection and open up the bid for this position to local doctors who have a vested interest in our local community.

I further DEMAND this item be placed on the agenda (for discussion and public comment) with a review from the PHO oversight committee and suggested local M.D.'s.

Please do not forget who you swore an oath to serve. It is in the best interest of your constituents to move this matter to a public hearing where concerned citizens can ask questions and voice concerns.

Sincerely

Brook

I am formally requesting that you remove the hiring of the new health officer without public review or comment. We need to know what her qualifications are and what her public health experience is and what are her goals for Nevada County. Furthermore we understand this is a NO competition hire. Why would you higher someone without reviewing a variety of candidates. Also we need to know why she is being paid at such a high salary.

**Subject:** Selection of New Public Health Officer -- Lack of a Balanced Approach for our County  
**Date:** Saturday, December 11, 2021 3:28:10 PM

**Dist 1**

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To the Honorable Members of the Board,

I am writing to express my deep concern that a decision so crucial to the overall health of our County is being made apparently largely by your staff, without public debate, and relegated to the consent calendar. This is legally wrong and an abrogation of your duty to your constituents to represent them in the best interests of the overall vitality of our community -- something no Public Health Officer should be allowed to dictate without looking at all of the policy implications and impacts. Is it possible that all of the mandates and lockdowns have done more harm than good? This is a serious question, and one that the Public Health Officer has no expertise in, and a question that should rightly be addressed by the Board. Shouldn't we ask ourselves the following questions:

1.) Why do we have a continuing public health emergency in our County when total Covid deaths as of today are just 106 out of a population of over 100,000 people? That's a fairly small number, especially when the County has not even tried to be transparent in discerning between those who died "of" Covid as opposed to "with" Covid. The overall death rate in Nevada County is virtually the same as the pre "pandemic" rate. Shouldn't the PHO investigate this? The death rate for the United States as a whole is over double that number, but still less than .5% for all but the very old with co-morbidities. Shouldn't that be considered? Does our County need public health strategies that have caused wholesale economic destruction, disruption of vital supply chains, drastically higher rates of child abuse, suicide, addiction, obesity, mental illness and alcoholism? Do our children need the developmental delays, isolation, and emotional deficits that have resulted? As a Black woman, does your proposed new PHO understand that the lockdown strategies have permanently bankrupted many small businesses, including 41 percent of Black owned businesses? And, perhaps by design, the demolition of the economy has resulted in the enrichment of the .1% at the expense of the rest of us. In short, many are being very well paid to destroy their nation and their communities. What price does it take for someone to participate in this destruction? The salary being offered for the new PHO makes one wonder.

2.) The strategies pursued in the United States (and particularly in California) have caused the United States to have the highest per capita rate of Covid deaths in the world. Why would we want to continue a strategy that has been so spectacularly unsuccessful? By contrast, Tanzania, the Congo, South Korea, Pakistan and other countries with low vaccination rates and few interventions have had just a small fraction our our death rate here. (Per Statista. October 2021)

3.) Why are public health officials ignoring Covid vaccine injuries and deaths? The Covid vaccines have caused more deaths and injuries than all previous vaccines combined. The official number is now 20,000 dead, which is estimated to off by *at least a factor* of 10. More

dead than the Vietnam War. More dead by far than 9/11. All being ignored. Why shouldn't the County have a public hearing over the cost/benefit analysis of going along in any way with this? I am the father of a child who was nearly killed by a vaccine. This event, which I will never forget, was unreported, as the doctors refused to do so even though my daughter went into convulsions and a spiked fever within four hours of the injection. And why do vaccine manufacturers have immunity from liability? As an attorney I am appalled by the lack of financial responsibility for putting out products that are now known to cause great potential harm.

4.) In view of the above, why hasn't any PHO for our County re-considered the declaration of emergency? Why shouldn't there be a public discourse about this involving a broad spectrum of medical authorities, including LOCAL doctors who hold contrary views?

Finally, you may NOT legally delegate your authority to a County PHO to dictate policy to your constituency. To do so by neglect or by intention is unconstitutional. You are the ones who must look at the negative impacts of the lockdowns and mandates that have thus far resulted in the highest death rates by any nation on earth, and the wholesale slaughter of the well-being of your community in every sense. If you are to pick a new PHO you must select one that is capable of a balanced point of view, and not one who merely parrots the "authorities" responsible for what may well be remembered as one of the worst efforts to manage a crisis in the history of our nation. For any of you that wish to be better informed about these issues, you may want to look at Robert F Kennedy's latest book, which is thoroughly researched, and is on the Best Sellers list with both Amazon and the New York Times for the simple reason that people are hungry for the truth and no longer respect or believe our authorities. Putting the selection of the PHO on the consent calendar diminishes any pretense that you have the best interests of the community at heart. There will be recalls, litigation and other efforts made with even greater intensity if you continue to refuse to take charge for the benefit of your community. I most sincerely implore you to do your jobs and begin to bring common sense and balance to our County. Thank you for your attention to this, and I fervently hope you initiate a process to find a PHO that reflects the views of your community and will make decisions in its best interests. Gregg Lien

 Gregg R. Lien

**Subject:** REMOVE Consideration of Sherilynn E. Cooke, M.D., for becoming the next Public Health Officer of the County of Nevada OFF OF THE "CONSENT CALENDAR"  
**Date:** Saturday, December 11, 2021 11:30:15 PM

**Dist 1**

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Supervisors,

The consideration of Sherilynn E. Cooke, M.D. for becoming the next Public Health Officer of the County of Nevada ***MUST be pulled from the "Consent Calendar,"*** and a more public selection process must be implemented.

The non-elected staffer, Jill Blake, MPA, Director of Public Health, cannot be allowed to:

1. Hand-pick her new boss
2. Without any publicly viewable selection process or selection criteria
3. Without any public or Board of Supervisor interview process
4. Without seeking input from the local medical professional community
5. At an astronomically high consulting budget of \$486,270 for 18 months
6. Who has unrestricted power to declare medical emergencies
7. And to declare lock-downs, mandates, and restrictions on county citizens and businesses
8. With essentially no judicial or administrative oversight to check this unlimited power to restrict Constitutionally protected rights
9. And to select a person that publicly espouses Critical Race Theory ideology
10. That is steeped in Marxist-Communist ideology
11. Who has apparently never resided in our county (currently active in Oakland, CA)
12. And with the cooperation of the County CEO, have this abomination placed on the consent calendar. It needs to be removed immediately.

**Proposed solution:** Formation of an oversight committee composed of a group of the PUBLIC, preferably health oriented/educated individuals and a group of LOCAL Doctors, to review the current selection, and to open up the bid for this position to local doctors who have a vested interest in our local community.

This item needs to be placed on the agenda (for discussion and public comment) with a review from the PHO oversight committee and suggested local M.D.'s.

Sincerely,

Susan Joanne

To: Nevada County Board of Supervisors;

This letter is regarding a recent proposal/decision utilizing the consent calendar to appoint a new PHO. There needs to be protocol followed allowing public debate before arbitrary appointments to positions like these occur. The last thing the community needs is another 'health czar' simply following more, previously failed, policies - especially as the pandemic wanes, in spite of failed, draconian measures to mitigate it.

Currently, hospitalizations and deaths do not support further mitigation efforts - and therefore another de facto 'expert' to implement them. We must allow NATURE, not CZARS to dictate the course of this pandemic and stop enriching those who seek to gain little more than notoriety. (and a nice income stream)

Stop the madness and let's get on with the business of economic and health recovery, for the sake of all citizens and stop looking to alienate segments of society based on flawed 'cures' and mandate compliance.

**I am opposed to this and ask you to remove it from the consent calendar immediately.**

Agenda item SR 21-0882

The no-bid contract for a PHO must be pulled from Consent by the BOS and a public selection process adapted before a contract is approved. The supervisors should direct staff to prioritize the hiring of a PHO from Nevada County rather than from an out of county consultant. A panel of local medical professionals and citizens should be convened to assist the county in making the best possible selection.

You can put me on the list of a Public Selection Committee.

To the Members of the Board in Nevada County,

I do not usually write letters to expressing my concerns, I vote to express my values and to lead our local government in a direction good for our residents. But I am writing today to express my extreme concern regarding the consent calendar regarding a new PHO. This decision is coming from your staff, with no public debate. This is legally wrong and is a dereliction of your duties due our community members. You are supposed to represent the community's best interest. We the community must be involved in the discussion of a new Public Health Officer.

**I am opposed to this and ask you to remove it from the consent calendar.**

We are so tired of all the needless mandates and lockdowns. With all the fear-mongering done by the government, it seems to have fooled our local officials. The hard facts are we have a 99.999 percent chance of surviving Covid-19 here in Nevada County. The price our kids and young families are paying for this rue is unconscionable. This is why it's so important for the actual community to have input regarding a position I (we) will do everything in my power to correct this insanity in the next election.

An issue so important our entire community must include public input.

Respectfully,  
Douglas Miller

**Dist 1**

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

"Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. (Kaiser, Martinez) to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract."

**I object to the decision to hire a Public Health Officer from another county without residency in Nevada County or any knowledge of the community in which they will serve.**

How did it come to be that a physician from another county was selected for the Public Health Officer position without an RFP being sent out to Nevada County physicians?

Also, there was zero information disseminated to the community that this decision was in the process of being made. (best kept secret in town).

Who was the sole decision maker, or was it a group decision coming from our Department of Health and Human Services? Was the Board of Supervisors advised of this in advance? Seems they were! Where does this buck stop?

The Public/Community needs to know what health policies the Public Health Officer will enforce. In this time of COVID, and increasing uncertainty regarding the effectiveness of vaccines, is this person going to promote 'all' treatment protocols and help educate the public, not just push the vaccine only narrative, especially when it comes to vaccinating our children.

**Our outgoing Dr. Kellerman didn't share one iota of information regarding how to improve the immune system or early treatment protocols. Nada!** We do not want more of this medically unethical and morally negligent policy coming from yet another Public Health Officer. We want a say in who we are getting. Choice matters!

**Proposed Solution:** Create a Public Health Oversight Committee, composed of a group of the PUBLIC, preferably health oriented/educated individuals and a group of LOCAL Doctors, to open up the bid for this position to local doctors who have a vested interest in our community. The committee would then review the applicants and assist in making the selection.

Place this item on the agenda (for discussion and public comment).

Dear Board of Supervisors,

It has come to my attention that an out of town doctor is being appointed to replace our Nevada County Public Health Officer without any public input.

First, this is not a routine and noncontroversial item and it should not be placed on the consent agenda. Considering the fact that a public health officer claims significant powers such as imposing business shutdowns and quarantines, the public should be involved in the selection process. Please remove this item from the consent agenda to allow proper input from the community.

Second, I REQUEST formation of an oversight committee composed of a group of the PUBLIC, preferably health oriented/educated individuals and a group of LOCAL Doctors, to review the current selection, and open up the bid for this position to local doctors who have a vested interest in our local community.

Sincerely yours,  
Theresia H Evans

Dear BOS Members

I respectfully request that item SR-21-0882, the contract with Sherilyn E. Cooke, be immediately pulled from the consent calendar. As a tax payer of this county I strong object to the method being used to fill the position soon to be vacated by Scott Kellerman. . . . and by someone who doesn't know Nevada County. It is being done with no public or medical community input as far as I can see. This item being on the consent calendar is a slap in the face of the public to be considered "routine and non-controversial." There has been significant controversy and stress of all kinds created by Dr. Scott Kellerman's decisions . . . now you are considering hiring someone who, by my research, was selected by a non-medical adminis-trator/consultant. Who was her competition? What were the criteria?

In the interest of responsible governance and due diligence, before hiring anybody for this position, I expect you to do the following:

1. Establish an oversight committee composed of members of the public, preferably health oriented/educated people, and a group of LOCAL doctors to review the current selections and open up the bid for this position to LOCAL doctors who have a vested interest in our local community.
2. Without question, this item must be placed on the regular agenda for discussion and public comment with a review from the PHO oversight committee and other suggested local medical doctors.

Please do your job with unquestionable integrity and with your oath of office in mind. I'm looking forward to your fulfillment of my expectations for the good of the county and in the interest of transparency.

I'm writing to you regarding the appointment of Sherilynn Cooke, MD as Nevada County's Public Health Officer.

I know this item has created quite a stir, but I think for good reason.

I'm asking you to oppose her appointment for the time being. My hope is that the BOS can appoint a PHO from

within our community. A PHO that lives in Nevada County and has ties to the area and understands our unique lifestyle

seems like a more appropriate choice. Dr. Cooke may be a fine physician. But Dr. Cooke has no searchable (via the Internet) background in public health. She has a searchable background as a primary care physician, most recently at Kaiser. Is that the background we're looking for in Nevada County? If so, then any local doctor will do.

This is a suspicious item on the agenda and the appearance is that Dr. Cooke may be a personal friend of Jill Blake. This reeks of cronyism and should not be allowed in Nevada County. In order to avoid the appearance of cronyism, a more public search should occur.

My hope is that you will oppose this item and include possible PHO candidates from our community. Perhaps we could then compare qualifications and fitness for this very local position.

Sincerely,

Justin Gross

Attention NC BOS & Health Dept,

It has come to my attention that there is some deep state shenanigans underway regarding the consent calendar and a new PHO. This decision is coming without public debate solely by your staff. This is legally wrong and dereliction of your duty to we your community members. You are to protect and represent us in the best interests of our community and you are not. **I am opposed to this and ask you to remove it from the consent calendar.**

Meeting after meeting we have been voicing our concern that all the mandates and lockdowns have done more harm than good and have provided ample examples. We the community must be involved in the discussion of a new Public Health Officer. This is a really big deal, and we have more questions than answers.

Other community members have requested countless times that the public health emergency in our County needs to end! Covid deaths (mostly due to improper hospital care that resulted in murder) as of today, are just 106 out of a population of over 100,000 people. The Public Health Emergency needs to be ended and you have the power to do so according to the document you signed when you put it in place. Also, many community members have asked over and over for a public discourse about this involving a broad spectrum of medical authorities, including several of our local doctors. You never responded and I consider this dereliction of duty.

You, our supervisors and public health officials have ignored Covid VACCINE injuries and deaths. The Covid vaccines have caused more deaths and injuries than all previous vaccines combined!

You, our supervisors cannot legally delegate your authority to a County PHO to dictate policy to our community. You, WHO WERE ELECTED BY WE THE PEOPLE, are the ones who must look at the negative impacts of the lockdowns and mandates that have thus far resulted in the highest death rates by any nation on earth.

I demand you remove from the consent calendar the new PHO in order for discussion regarding a PHO who is capable and responsible to look at the full facts and not join the current narrative. This is a time for change and can start with a new PHO that has Nevada Counties best interest at heart!

Sincerely,  
Heidi Wickstrom

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Dan Prout submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: It is surprising to me that the Board is intending to hire a staff person who does not reside in our county. I am against this action. I also question the necessity of a salary far exceeding appropriate compensation. How is it that the public has not heard of this proposed hiring? What has been the interview and selection process? Surely this action needs to be removed from Consent Agenda and revisited. Dan Prout, Nevada City

No public input! A Bay Area consultant! Half a Milligan dollars!

The Board of Supervisors must be tired of their jobs and hoping to be removed!

The current Board of Health is already out to lunch! They for example don't allow outdoor attendance at a football game, but indoor school attendance is ok!

Open this position to the light of public opinion and STOP hiding things from those you are supposed to be representing! Those who ELECTED YOU!

Robert and Colleen Marchi

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Judy Wood submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: The PHO has an unbelievable amount of control over the health and welfare of Nevada County citizens. At the very least, we should have some say in the selection of this individual. Please take this item out of the consent agenda and allow it to be exposed to public debate by the people whom it affects. Judy Wood, Grass Valley

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Rusty Vaughn submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Please pull this contract from Consent by the BOS. It seems wise to involve the public and BOS. The high salary is scary. Local candidates living in Nevada County must be invlved to participate in this public occupation. This smells of cronyism and a lawsuit. Thank you so much for reading this. Merry Christmas. Rusty Vaughn

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Josie & Crawford Bost submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 7. SR 21-0796 Resolution approving Amendment A03 to Agreement 19-10166 between the County of Nevada and the California Department of Public Health for the Women, Infants, and Children (WIC) Supplemental Nutrition Program (Res. 19-517), increasing the maximum amount from \$2,065,035 to \$2,070,035, for the period October 1, 2019 through September 30, 2022, authorizing the Chair of the Board of Supervisors to execute the amendment, and directing the Auditor-Controller to amend the Fiscal Year 2021/22 Public Health Department budget. (4/5 affirmative vote required)

eComment: This controversial no-bid contract must be pulled from Consent by the BOS and the public and Supervisors must become involved before a contract is authorized. The supervisors should direct staff to prioritize the hiring of a PHO from Nevada County rather than hiring an out of county person at such a large salary of almost half a million dollars. Crawford and Josie Bost of local medical professionals and citizens should be convened to assist the county in making the best possible selection.

While a PHO may be a valuable position to fill for Nevada County, the salary rate of \$500k annually is OUTRAGEOUS. I implore the BOS to be more fiscally responsible stewards. Such a salary for a bureaucratic position in the socio-economic makeup of this County is completely out of line. A vacant PHO will NOT be detrimental to our existence here in Nevada County. \$500k, could fund 10 new deputies. Public safety should be a paramount endeavor for the BOS.

Get your priorities straight!

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Taralyn Taylor submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Needs to be a local candidate, needs to be elected and needs to be transparent.  
Oppose this proposal.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Kenneth Brown submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: I was born and raised in the Bay Area. Lived most of our life there. It is a mess and moved to Nevada City eleven years ago. Why are we sending money and control out to the Bay Area? People move here to escape what has happened in the Bay Area. Please do not go down this road. Keep control here. Dr. Kenneth Brown

We don't need a Marxist from the Bay up here, you guys must just love controversy!! This would go over Extremely poor in this county. This is NOT acceptable.

We do not consent, take her off the Consent Calendar and take it before a proper committee. A good local doctor should be selected with a balanced view after appropriate interviews.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Robert Kline submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: If you furnished a "strongly opposed" option, I would have selected that. Eliminating public participation from this PHO selection process flies in the face of Government by the People, substituting instead a closed door open only to a limited few. The BOS should direct staff to prioritize the hiring of a PHO from Nevada County who is sensitive to our in-county needs rather than sending half a million dollars to an out of county consultant. You incorrectly labeled this item a Consent item.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Darrell Hendricks submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Why a no-bid contract? Transparency is needed. Nevada County health issues controlled by a high-priced Bay Area consultant makes no sense. What kind of a selection process was used? Timing of this agenda appears to be designed to push this through while our minds are on the busy holiday season. We can, and should, do better.

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

It has come to my attention that A highly controversial issue is improperly on the Board of Supervisors December 14, 2021 consent calendar, Item SR 21-0882, the hiring of a new Public Health Officer (PHO).

Apparently, the county staff, using the December 14, 2021 consent calendar, has tried to get the Board of Supervisors to support the hiring of a new PHO without competitive bidding, public input, apparently without supervisor input, and for a salary of almost ½ a million dollars!

This highly controversial no-bid contract must be pulled from Consent by the BOS and a more public selection process must be implemented before a contract is authorized. The supervisors should direct staff to prioritize the hiring of a PHO from Nevada County rather than sending almost half a million dollars to an out of county consultant; and, a panel of local medical professionals and citizens should be convened to assist the county in making the best possible selection.

Thank you for considering my concerns, Jim Driver

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Terry McLaughlin submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Please remove this no-bid contract from the Consent calendar. A public selection process absolutely must be required before a contract of this magnitude and importance is authorized. Why hire someone who does not live in this community, when there are surely qualified candidates here? And why the extremely high salary? Local medical professionals and community members must have input in this critical decision. We need to "hire local" and keep money and decision-making authority in NC.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Sarah Lindblom submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: First of all the pay grade of this individual seems that of Bay Area prices- not Nevada County. That aside, a PHO overseeing this county should be familiar with the dynamics of this county, both before these difficult times and through them. There is no shortage of experts here within our own community, and they should hold precedent: any other business, corporation, or bodies of government would do the same- it's called good practice.

Regarding Agenda Item SR 21-0882

My husband and I reside in Nevada County have become informed that there is an intent to hire a Public Health Officer without consideration of our local physicians. There should additionally be a more public selection process which might include public comment. We would recommend that some within our county that have a medical background be allowed to comment and give input on whom would be best qualified for Nevada County. We also understand that someone from San Francisco has already been all but hired. This is totally unacceptable!

Thank you for correcting what has already happened regarding the hiring of this most powerful and expensive position in our county.

Respectfully,

Alan and Beverly Schnobrich

Dear Supervisor,

This is my first request to the BOS. Prior to this I felt we had such a good group of Supervisors that there was no need to push for this or that, because your judgment could be trusted. Perhaps that is still the case; however, it seems the current circumstances relating to an issue of great importance to all of us in Nevada County could easily slip past you. I'm referring to SR 21-0882 on the December 14 agenda. Apparently Nevada County staff has selected a candidate for this important position without any public input, and without even your input.

As we are all too well aware, the office of Public Health Officer has become more important because of the outsize authority the office imparts. The ability to shut down businesses, close schools, maybe close churches. lock people up, etc. is more than most officials in the county have. Other counties have suffered under draconian lock-downs, which in retrospect were probably not helpful and in the long run caused more disruption than was needed to stem the severity of the Covid outbreak.

On another level, recommendations of some public health officers has led counties to implement programs that were supposed to curb drug abuse and homelessness, but instead ended up attracting more problems than it cured. If Nevada County wants to avoid the mistakes that other counties and cities have endured, we must be sure the candidate will not bring those "solutions" here.

Please remove SR 21-0882 from the consent agenda, and allow this important decision to be vetted publicly. It would also help us in the public to have a better understanding of the pay scales Nevada County is willing to pay for "experts".

Respectfully,  
Jon Carlson

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Gail Anderson submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: I am appalled that the BOS plans to hire someone who does not live in our County or work in our County to be the Public Health Officer at an exorbitant salary of \$480,000+ as an advisor?! and can continue to hold her regular job for Kaiser. Who is responsible for this appointment without any public hearings or transparency to look into other local possibilities. I am HORRIFIED at your lack of attention; it must be removed from consent calendar. As a 45 year resident, this situation is odious.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Sara Miles submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: I strongly oppose SR 21-0882, it should be pulled by consent by the BOS and a transparent, public selection process must be implemented before a contract is authorized. We should be hiring a PHO from Nevada County, rather than sending almost half a million dollars to an out of county consultant. That salary is absolutely ridiculous by the way! We do not need an over paid Bay area PHO in charge of NC. As a tax payer and a resident of NC I do not agree to this.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Katherine Volpe submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: The highly controversial PHO selection is invalid and has been improperly included in the consent calendar. The selection under the basis of a No Bid contract must be justified at the highest level of government and is subject to public disclosure. This selection does not qualify for such a No Bid process and it should be immediately removed from the calendar and a proper competitive process that include local representatives must be conducted. People of this county are relying on this board.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Scott Rodriguez submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: The People of this county should be heard and the People should be making decisions that are important to their everyday life. It appears that outsiders are being located in our community and making decisions that are in their own best interest and not in the interest of the People of this county. Please hear our voice and remove this invalid selection from the consent calendar. The selection of the PHO candidate must be a local representative.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Lee Gurtner submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: The selection of a medical outsider for PHO, without public notice or input is absolutely outrageous for so many reasons. Where is our Governmental transparency, Nevada County? The sky-high salary is just taxpayer abuse. "Transparent California" is CA's public pay and pension database; the salary for a PHO even in SF is a lot less than the proposed 500K for this individual. We have many great medical Dr's in this County that understand our area. Please remove this contact for consideration.

Dist 1

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Supervisors:

Dan Miller,  
Heidi Hall,  
Ed Scofield,  
Sue Hoeck,  
Hardy Bullock:

Please remove from your upcoming agenda the confirmation of a chosen Medical Doctor from out of the county to make decisions regarding the health and well-being of the citizens in Nevada County. Please appoint a committee to find, interview and select an appropriate candidate from Nevada County to represent the citizens living here. This county is unique in that people mostly live separated from one another. We do not live in an urban environment with stacked apartments and close dwellings. Keep our Health Director local and our revenue local.

To have a staff member who has no medical background or experience chose a Medical Doctor and place her confirmation on your upcoming schedule without due diligence is not serving our county or our population. Your attention to this matter is appreciated.

Thank you,  
Cynthia Hren

Justin Gross submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Was there an attempt to fill this position by a local physician? Dr. Cooke is a primary care doctor. There is no information on the internet that indicates she has a public health specialty or background. \$500,000 per year salary? Is this true? If so, this affair seems very suspicious. What is Dr. Cooke's connection to Nevada County? The BOS should be more transparent and conduct a search for a local physician with a connection to Nevada County.

I was born in Nevada City, California 81 years ago.

This highly controversial no-bid contract must be pulled from Consent by the BOS and a more public selection process must be implemented before a contract is authorized. The supervisors should direct staff to prioritize the hiring of a PHO from Nevada County rather than sending almost half a million dollars to an out of county consultant. A panel of local medical professionals and citizens should be convened to assist the county in making the best possible selection.

There are plenty of qualified professional people residing in Nevada County to call upon to fill the position of PHO. There can be no reasonable reason for, not only NOT allowing the citizens of Nevada County to have a say in who will be their next PHO, but also that that person would not even be a resident of Nevada County. Additionally, sending a half a million dollars out of Nevada County is very offensive and completely unnecessary!

Respectfully,

Ardath W. Winterowd

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: This no-bid contract MUST be pulled from Consent by the BOS and a more public selection process MUST be implemented before a contract is authorized. Why are the supervisors looking to hire a PHO outside our County? This is wrong. The hiring should be of medical professionals within Nevada County. We should not be sending almost half a million dollars to an out-of-county consultant. A panel of local doctors and citizens should be convened to assist the county in the choosing process.

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Annette Kelso submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: This position should be filled by someone from our own community who cares about the economic decisions made by the PHO. This pandemic has become politized & to hire someone who doesn't live in our community will destroy us. We need to offer this position to local professionals & keep the salary dollars in our community as well. I absolutely oppose this resolution!!!

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Jeff Wagner submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Please remove SR 21-0882 from the consent calendar, so that the selection can be made in a more transparent fashion and with public input. my preference would be a PHO who would be more responsive to the overall needs and concerns of our community. Perhaps our local medical community and informed citizenry would be better judges of who could best fill the position. Let's not bring SF Bay area style management to this foothill community.

To the Members of the Board in Nevada County,

I am writing to express my concern regarding the consent calendar regarding a new PHO. This decision is coming from your staff, without public debate. This is legally wrong and does not serve the best interests of our community. **I am opposed to this and ask you to remove it from the consent calendar.**

The mandates whether masks or injections goes against our Constitutional Rights!!!!!! We are not being told the truth!!!!

You are supposed to work in our best interests and not for the Corporate Government!!! You will be responsible for so many deaths!!!!

You, our supervisors and public health officials have ignored Covid vaccine injuries and deaths. The Covid vaccines have caused more deaths and injuries than all previous vaccines combined. And now you are going after the Children!!!! You should be ashamed of yourselves!!!! How do you sleep at night?????

You our supervisors cannot legally delegate your authority to a County PHO to dictate policy to our community. You are the ones who must look at the negative impacts of the lockdowns and mandates that have thus far resulted in the highest death rates by any nation on earth.

I demand you remove from the consent calendar the new PHO in order for discussion regarding a PHO who is capable and responsible to look at the full facts and not join the current narrative. This is a time for change and can start with a new PHO.

Brandy Morris

Hello Board of Supervisors,

I am a resident of Nevada County and I have concerns about the hiring decision of Sherilynn E. Cooke MD as our Public Health Officer. Why would we want a physician who lives and practices over 100 miles away to be in charge of Public Health for our county?

My request is that the contract with Sherilynn E. Cooke MD SR-21-0882 be immediately removed from the consent calendar.

Proposed solution: REQUEST formation of an oversight committee, composed of a group of the PUBLIC, preferably health oriented/educated individuals and a group of LOCAL Doctors, to review the current selection and open up the bid for this position to local doctors who have a vested interest in our local community.

I demand that this item be placed onto the agenda for discussion, public comment and review by the proposed oversight committee.

Sincerely,  
Thor Clemens

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Mike Walker submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: Same job opening in Butte County pays about \$200K. Lake County also offering about \$200K. Google "Butte public health officer opening" Many counties and government entities are seeking to fill the same position, but require 5+ years of management experience. Nowhere is this placement an emergency. I call shenanigans. Alert the Nevada County Grand Jury> <http://nccourt.net/divisions/gj-complaints.shtml> This stinks of corruption

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Nancy Mitchell submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: I cannot believe that the Board of Supervisors for OUR COUNTY would choose to approve a contract for a person who knows NOTHING about our county and already has a full time job elsewhere and for the unbelievable salary of close to half a million dollars which will leave our county! Are you saying that in this entire county, we have no qualified doctors to take this position? Is there a hidden agenda behind this hiring? This Resolution MUST be pulled from the Agenda! Nancy Mitchell

## New eComment for Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Maria Wirtz submitted a new eComment.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 8. SR 21-0882 Resolution approving a contract between the County of Nevada and Sherilynn E. Cooke, M.D. to serve as the Public Health Officer and Registrar for the County of Nevada, for the period January 1, 2022 through June 30, 2023, and authorizing the Chair of the Board of Supervisors to execute the contract.

eComment: A \$500k salary for someone who doesn't live in the County is absurd. Does Nevada County lack qualified MDs for this position? Where was the transparency in hiring Dr. Cooke? This seems more like a sketchy political appointment than filling a legitimate employment opportunity. We need to take the politics out of our health and medical decisions. Please consider properly vetting candidates openly and hiring locally. Do not approve this contract.

**Subject:** Remove PHO from the consent calendar  
**Date:** Monday, December 13, 2021 10:33:55 AM

Dist 1

**CAUTION:** This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To the Members of the Board in Nevada County,

I have concern regarding the consent calendar regarding a new PHO. This decision is coming from your staff, without public debate. This is legally wrong and an abrogation of your duty to we your community members to represent them in the best interests of our community. **I am opposed to this and ask you to remove it from the consent calendar.**

I believe the lockdowns have done more harm than good. We the community must be involved in the discussion of a new Public Health Officer. This is a really big deal, and we have more questions than answers.

I have requested countless times that the public health emergency in our County, when total Covid deaths as of today are just 106 out of a population of over 100,000 people, needs to be ended and you have the power to do so according to the document you signed when you put it in place.

The failed strategy of our Governor of California has caused the highest per capita rate of Covid deaths in the world. Why would we want to continue this failed strategy?

You, our supervisors and public health officials have ignored Covid vaccine injuries and deaths. Just a quick glance at the Vaers report will tell you everything! The Covid vaccines have caused more deaths and injuries than all previous vaccines combined.

In view of the above, why hasn't any PHO for our County re-considered the declaration of emergency?

You our supervisors cannot legally delegate your authority to a County PHO to dictate policy to our community. You are the ones who must look at the negative impacts of the lockdowns and mandates that have thus far resulted in the highest death rates by any nation on earth.

I respectfully ask you remove from the consent calendar the new PHO in order for discussion regarding a PHO who is capable and responsible to look at the full facts and not join the current narrative. This is a time for change and can start with a new PHO.

Thank you for your time,  
Kelly Nevius
