Further, the Parties agree that Contractor shall perform the work required herein free from the control and direction of County, and that the nature of the work is outside the usual course of the County's business. In performing the work required herein, Contractor shall not be entitled to any employment benefits, Workers' Compensation, or other programs afforded to County employees. Contractor shall hold County harmless and indemnify County against such claim by its agents or employees. County makes no representation as to the effect of this independent contractor relationship on Contractor's previously earned California Public Employees Retirement System ("CalPERS") retirement benefits, if any, and Contractor specifically assumes the responsibility for making such determination. Contractor shall be responsible for all reports and obligations including but not limited to social security taxes, income tax withholding, unemployment insurance, disability insurance, workers' compensation and other applicable federal and state taxes.

10. **Assignment and Subcontracting** Except as specifically provided herein, the rights, responsibilities, duties and Services to be performed under this Contract are personal to the Contractor and may not be transferred, subcontracted, or assigned without the prior written consent of County. Contractor shall not substitute or replace any personnel for those specifically named herein or in its proposal without the prior written consent of County.

Contractor shall cause and require each transferee, subcontractor, and assignee to comply with the insurance provisions set forth herein, to the extent such insurance provisions are required of Contractor under this Contract. The Indemnifying Party agrees to investigate, handle, respond to, provide defense for, and defend any

such claims, demand, or suit at the sole expense of the Indemnifying Party, using legal counsel approved in writing by Indemnified Party. Indemnifying Party also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against either Party or to enlarge in any way either Party's liability but is intended solely to provide for indemnification of the Indemnified Party from liability for damages, or injuries to third persons or property, arising from or in connection with Indemnifying Party's performance pursuant to this Contract. This obligation is independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Contract.

Project Summary

The *Prepare CA Match - Nevada County South Yuba Rim Hazardous Fuels Reduction, Phase 1 Project* is a 6,000-acre fuels reduction planning project that will support the implementation of 800 acres of hazardous fuels reduction on private lands during Phase 2. The project located on the San Juan Ridge in Nevada County, within one of the United States Forest Service's (USFS) top 10 priority firesheds for the Pacific Southwest Region. This area is covered by CAL FIRE Battalion 14, which since 1980 has had over 30 fires that exceeded 100 acres in size.

At completion, the Project will stretch 16 miles along the north rim of the South Yuba River canyon from approximately Bridgeport to Malakoff Diggins. It complements but is independent of several projects in the area, including the Reader Ranch CAL FIRE Vegetation Management Program (VMP) project, the Malakoff Diggins VMP, and the Inimim Forest project. It supports the Nevada County Local Hazard Mitigation Plan (LHMP) Goals and the Nevada County and North San Juan Community Wildfire Protection Plans (CWPPs).

Nevada County Office of Emergency Services (OES) is committed to working in partnership with Yuba Watershed Institute, CAL FIRE, the Bureau of Land Management, California State Parks, and private landowners within the project area to plan for strategic implementation during Phase 2.

The Phase 1 Project as detailed in this Scope of Work (SOW) consist of four tasks to be executed by Yuba Watershed Institute as a subrecipient under the FEMA/HMGP Grant (HMGP DR-4482-693-19) awarded to Nevada County Office of Emergency Services: (1) Project Management; (2) Outreach and Engagement; (3) Project Design; and (4) Environmental Permitting (State).

Prior to execution of the SOW this contract will be reviewed by staff of County of Nevada as applicable and reviewed by staff of Yuba Watershed Institute (Contractor).

Task 1: Project Management

Under Task 1, subrecipient Yuba Watershed Institute will manage activities associated with this project as outlined in Tasks 2-4, below. This will include Outreach and Engagement (Task 2), Project Design (Task 3), and Environmental Permitting (Task 4). Project Management will ensure that deliverables are satisfied according to the timeline(s) specified for Tasks 2-4. General Instructions

Prior to beginning this project, the Contractor will meet with County of Nevada OES to discuss project implementation, special protection measures and any potential operational constraints regarding the conduct of this contract that may impact project completion, including but not limited to, planned start date, special protection measures, operational constraints, operating schedule with clear project milestones and associated dates, and order of project completion.
