County assumes no responsibility for errors or misinterpretations resulting from the use of incomplete sets of bidding documents. If bidder believes its set of bidding documents is incomplete, it shall be the responsibility of bidder to contact County to confirm that Bidder has a complete set.

3. QUALIFICATIONS OF BIDDERS

Each bidder must be prepared to submit, within five days of County's request, written evidence of bidder's qualifications to perform the work. Bidders may be required to submit evidence that they have a practical knowledge of the particular work bid upon, and that they have the financial resources to complete the proposed work. In determining the bidder's qualifications, the following factors will be considered: work previously completed by the bidder and whether the bidder (a) maintains a permanent place of business, (b) has adequate plant and equipment to do the work properly and expeditiously, (c) has the financial resources to meet all obligations incident to the work, and (d) has appropriate technical experience. Each bidder may be required to show that he or she has handled former work so that no just claims are pending against such work. No bid will be accepted from a bidder who is engaged on any work which would impair his or her ability to perform or finance this work.

Each bidder must hold a current valid contractor's license at the time of bidding or the bid will be rejected.

4. INSPECTION OF SITE OF WORK

Bidders are required to inspect the site of the work in order to satisfy themselves, by personal examination or by such other means as they may prefer, of the location of the proposed work and as to the actual conditions of and at the site of work. If, during the course of the examination, bidder finds facts or conditions which appear confusing to bidder, bidder shall apply to County for additional information and explanation before submitting the bid. However, no such supplemental information so requested or furnished shall vary the terms of the specifications or the Contractor's sole responsibility to satisfy himself or herself as to the conditions of the work to be performed, unless an addendum has been issued.

The submission of a bid by the bidder shall constitute the acknowledgment that, if awarded the contract, bidder has relied and is relying on bidder's examination of (a) the site of the work, (b) the access to the site, and (c) all other data, matters, and things requisite to the fulfillment of the work and on bidder's own knowledge of existing conditions on and in the vicinity of the site of the work to be constructed under the contract, and not on any representation or warranty of County. No claim for additional compensation will be allowed which is based upon a lack of knowledge of the above items.

Where technical reports or data have been utilized in the preparation of the contract documents, bidder may rely upon the accuracy of the technical data contained in such reports but not upon the interpretations or opinions contained therein for the completeness thereof for the purpose of bidding or construction.

Where plans and specifications contain drawings of physical conditions in or relating to existing surface conditions, including underground facilities, which are at or contiguous to the site, bidder may rely upon the accuracy of the data contained in such drawings but not upon the completeness thereof for the purposes of bidding or construction. If a mass diagram has been prepared for a project, it is for design purposes only. If it is made available to bidders, County assumes no responsibility whatever for the information contained therein and makes no guarantees with respect to reliance thereon.

Before submitting a bid, each bidder will, at bidder's own expense, make or obtain any additional examinations, investigations, explorations, tests and studies and obtain any additional information and data which pertain to the physical conditions (surface, subsurface and underground facilities) at or contiguous to the site or otherwise which may affect cost, progress, performance or furnishing of the work and which bidder deems necessary to determine its bid for performing and

furnishing the work in accordance with the time, price and other terms and conditions of the contract documents.

On request in advance, County will provide each bidder access to the site to conduct such explorations and tests as each bidder deems necessary for submission of a bid. Bidder shall fill all holes, clean up and restore the site to its former condition upon completion of such explorations.

The lands upon which the work is to be performed, rights-of-way and easements for access thereto and other lands designated for use by Contractor in performing the work are identified in the contract documents. All additional lands and access thereto required for temporary construction facilities or storage of materials and equipment are to be provided by Contractor. Easements for permanent structures or permanent changes in existing structures are to be obtained and paid for by County unless otherwise provided in the contract documents.

5. EXAMINATION OF CONTRACT DOCUMENTS

The contract documents shall consist of the following:

1. Invitation for Bid
2. Instruction to Bidders
3. Contractor's Bid (including documentation accompanying the Bid and any post-bid documentation submitted prior to the Notice of Award)
4. Contract
5. Addenda which pertain to the Contract
6. The Bonds or other security
7. Any supplementary conditions or any and all written agreements amending or extending the work, time or price contemplated
8. The Plans and Specifications and Drawings as identified in the Contract
9. Certificates of Insurance
10. Other: _____

Each bidder shall thoroughly examine and be familiar with legal and procedural documents, general conditions, specifications, drawings and addenda (if any). The submission of a bid shall constitute an acknowledgment upon which County may rely that the bidder has thoroughly examined and is familiar with the contract documents. The failure or neglect of a bidder to receive or examine any of the contract documents shall in no way relieve that bidder from any obligation with respect to that bidder's bid or to the contract. No claim for additional compensation will be allowed which is based upon a lack of knowledge of any contract documents.

6. INTERPRETATION OF CONTRACT DOCUMENTS

No oral representations or interpretations will be made to any bidder as to the meaning of the contract documents. Any ambiguities, inconsistencies in the plans and specifications or other contract documents, or problems which are visible by an inspection of the site or review of the contract documents shall be resolved prior to bidding. Request for an interpretation shall be made in writing and delivered to County at least 10 days before the time announced for opening the proposals. Interpretations by County will be in the form of an addendum to the contract documents and, when issued, will be sent as promptly as is practical to all parties to whom the bid documents have been issued. All such addenda shall become part of the contract. County reserves the right to amend any contract language which it determines is ambiguous prior to award of the bid.

7. ADDENDA

Each bid shall include specific acknowledgment, in the space provided, of receipt of all addenda issued during the bidding period. Failure to so acknowledge will result in the bid being rejected as not responsive. The Contractor is responsible for verifying that all addenda have been received and for obtaining all addenda prior to submitting bids for the work.

Only questions answered by formal written addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

Addenda may also be issued to modify the bidding documents as deemed advisable by County.

Addenda will be mailed or delivered to all parties recorded as having received the bidding documents. No addenda will be issued later than four days prior to the date for receipt of bids except an addendum, if necessary, postponing the date for receipt of bids or withdrawing the request for bids.

8. BIDS

Bids shall be made on the blank forms prepared by County and included herein. Bidders may extract these pages from the book of specifications or submit the entire book. All bids shall give prices, both in writing and in figures, and shall be signed by the bidder or bidder's authorized representative with bidder's address and shall provide all other information requested on the bid form. If the bid is made by an individual, his or her name, signature and post office address must be shown; if made by a firm or partnership, the name and post office address of the firm or partnership must be shown; if made by a corporation, the bid shall show the name of the state under the laws of which the corporation is chartered, the name and post office address of the corporation, and the title of the person who signs on behalf of the corporation.

9. SUBMISSION OF BIDS

Bids shall be submitted at the time and place indicated in the Invitation for Bid and shall be included in a sealed envelope addressed to the Nevada County Purchasing Division. If mailed, the bids shall be addressed to:

Purchasing Division
County of Nevada
950 Maidu Ave.
Nevada City, California 95959

and if hand carried, delivered to the Purchasing Division, c/o Auditor/Controller Office, County of Nevada, 950 Maidu Avenue 2nd Floor, Nevada City,, California 95959.

The bid shall be identified on the outside with the bidder's name, license number and address and with the project title.

Each bid shall be accompanied by the bid security if bid over \$25,000 and other required documents.

If the bid is sent by mail, the sealed envelope shall be enclosed in a separate mailing envelope with the notation "BID ENCLOSED" with the Grass Valley Library Circulation Desk and Improvements on the face thereof.

Bids shall be deposited at the designated location prior to the time and date for receipt of bids indicated in the Invitation for Bid, or the modified time and date indicated by addendum. Bids

received after the time and date for receipt of bids will be returned unopened. Bidder shall assume full responsibility for timely delivery at the location designated for receipt of bids.

Oral, telephone, or telegraph bids are invalid and will not receive consideration. No bidder may submit more than one bid. Multiple bids under different names will not be accepted from one firm or association.

10. PRE-BID CONFERENCE OR WALK-THROUGH

A pre-bid conference or walk-through will be held at **8:30 a.m., Wednesday February 18, 2015**, at the project site at **207 Mill Street, Grass Valley, CA**.

The representatives of County, any consultants and/or Project Engineer will be present to answer questions. Any questions which, in the opinion of County, cannot be answered by direct reference to the bidding documents will be answered by formal written addenda as outlined above.

The pre-bid conference or walk-through may include a tour of the site of the work conducted by representatives of County. All interested parties are invited to attend.

11. BID PRICE

The bid price shall include everything necessary for the completion of construction and fulfillment of the contract including, but not limited to, furnishing all materials, equipment, tools, plant and other facilities and all management, superintendence, labor and services, except as may be provided otherwise in the contract documents.

In the event of a difference between the price quoted in words and a price quoted in figures for the same quotation, the words shall be considered the amount bid. Discrepancies between the indicated sum or total of figures and the correct sum or total will be resolved in favor of the correct sum or total.

12. BASIS OF BIDS

The bidder shall submit both a lump sum price and prices for all unit cost items and alternatives shown on the bid form. Failure to comply may be cause for rejection.

Where specific quantities are given they are approximate only, being given as a basis for the comparison of bids, and the County of Nevada does not, expressly or by implication, warrant that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work or to omit portions of the work as may be deemed necessary or advisable by County. The amount of the bid for comparison purposes will be the total of all items. The total of unit basis items will be determined by extension of the item price bid on the basis of the estimated quantity set forth for the item.

The bidder shall set forth for each item of work, in clearly legible figures, an item price and a total for the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the item price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the item price and the total set forth for the item, the item price shall prevail; however, if the amount set forth as an item price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

- a. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item and the price thus obtained shall be the item price.
- b. As to lump sum items, the amount set forth in the "Total" column shall be the item price.

In accordance with the provision of Section 6707 of the State Labor Code, each bidder shall list, in any bid item calling for trenching of 5 feet or more in depth, the amount contained in the proposal for adequate trench and excavation sheeting, shoring, and bracing or equivalent method for the protection of life and limb which shall conform to applicable Safety Orders.

13. TAXES

Bid prices shall include allowance for all federal, state and local taxes.

14. CONTRACT TIME

The date by which the work is to be completed (the contract time) is set forth in the contract documents.

15. SUBSTITUTE MATERIAL AND EQUIPMENT

The contract, if awarded, will be on the basis of material and equipment described in the drawings or specified in the specifications without consideration of possible substitute or "co-equal" items. Whenever it is indicated in the drawings or specified in the specifications that a substitute or "co-equal" item of material or equipment may be furnished or used by Contractor if acceptable to County, application for such acceptance will not be considered by County until after the effective date of the contract unless an addendum is issued to all bidders authorizing the use of a specified substitute. The procedure for submittal of any such application by Contractor and consideration by County is set forth in the contract documents.

16. LIST OF SUBCONTRACTORS

Each bid shall have listed on the form provided herewith the name and address of each subcontractor to whom the bidder proposes to sublet portions of the work in excess of one-half of one percent of the total amount of the bid or, in the case of bids for construction of streets or highways, including bridges, in excess of one-half of one percent of the Contractor's total bid or \$10,000, whichever is greater, per Public Contracts Code Section 4104. For the purpose of this paragraph, a subcontractor is defined as one who contracts with the Contractor to furnish materials and labor, or labor only for the performance of work at the site of the work.

County has the right to review the suitability and qualifications of any subcontractor or supplier proposed by the Contractor. As part of this review County may request an experience statement with pertinent information as to similar projects and other evidence of qualification for each such subcontractor, person and organization. If County, after due investigation, has reasonable objection to any proposed subcontractor, County may, before giving the notice of award, request the apparent successful bidder to submit an acceptable substitute without an increase in bid price. If the apparent successful bidder does not make such substitution, the contract shall not be awarded to such bidder, but Contractor's failure to make such substitution will not constitute grounds for sacrificing the bid security. Any subcontractor, other person or organization so listed and to whom County does not make written objection prior to the giving of the notice of award will be deemed acceptable to County subject to revocation of such acceptance after the effective date of the agreement as provided in the contract documents.

No Contractor shall be required to employ any subcontractor, other person or organization against whom Contractor has reasonable objection.

The Contractor may not change any subcontractor listed on its bid without written approval from County after a determination that the requirements of Public Contracts Code Section 4107 have been met.

17. BID GUARANTY (BID BOND)

Bid Guaranty (Bid Bond) is required on all bids over \$25,000.

The bid shall be accompanied by a bid guaranty bond (bid bond) duly completed on the form provided herewith or a form which is substantially similar, by a guaranty company authorized to carry on business in the State of California, for payment to County in the sum of at least 10 percent of the total amount of the bid, or alternatively by a certified or cashier's check, payable to County in the sum of at least 10 percent of the total amount of the bid. A bid bond form which provides further payment of attorney's fees or which contains a termination date will not be considered to be "substantially similar". The amount payable to County under the guaranty bond, or the certified or cashier's check and the amount thereof, as the case may be, shall be forfeited to County as liquidated damages in case of a failure or neglect of the bidder to furnish, execute and deliver to County the required performance and payment bonds, evidence of insurance, and to enter into, execute and deliver to County the contract on the form provided herewith, within 5 days after being notified in writing by County that the award has been made and the agreement is ready for execution.

All bonds shall have a power of attorney authorizing the signature of the person authorized to sign on behalf of the Surety attached to the bond. The power of attorney signature and the principal's signature shall each (both) be notarized.

The bid bond shall name County as beneficiary and shall specify that the bond is valid for the bid opening of this project as scheduled in the Invitation for Bid.

18. RETURN OF BID GUARANTEES

Within 10 days after the bids are awarded, County will return the bid guarantees (other than bid bonds) accompanying the bids for bids not considered in making the award. All other bid guaranties will be held until the contract has been fully executed, after which they will be returned to the respective bidders whose bids they accompany.

19. MODIFICATION OR WITHDRAWAL OF BIDS

Bids submitted early may be modified or withdrawn by notice to the party receiving bids at the place and prior to the time designated for receipt of bids. Such notice shall be in writing over the signature of the bidder or be by telegram; if by telegram, written confirmation over the signature of bidder must have been mailed and postmarked on or before the date and time set for receipt of bids; it shall be so worded as not to reveal the amount of original bid. Bids may also be modified or withdrawn in person by the bidder or an authorized representative provided bidder can prove bidder's identity and authority. Withdrawn bids may be resubmitted up to the time designated for the receipt of bids provided that they are then fully in conformance with these instructions to bidders.

If, within 24 hours after bids are opened, any bidder files a duly signed written notice with County and promptly thereafter demonstrates to the reasonable satisfaction of County that there was a material and substantial mistake in the preparation of the bid, that bidder may withdraw his or her bid and the bid security will be returned. Thereafter, that bidder will be disqualified from further bidding on the work.

20. OPENING OF BIDS

Bids will be opened publicly and read aloud. An abstract of the amounts of the base bids and major alternates (if any) will be made available after the opening of bids.

21. BIDS TO REMAIN OPEN

All bids shall remain open and subject to acceptance for a period of **60** days from the date of opening, but County may, in County's discretion, release any bid and return the bid security prior to that date.

22. POSTPONEMENT OF OPENING

County reserves the right to postpone the date and time for opening of bids at any time prior to the date and time announced in the advertisement.

23. AWARD OF CONTRACT

The award of the contract, if awarded, will be made to the lowest responsive, responsible bidder whose bid complies with all the requirements stated herein. The lowest bidder will be the bidder whose total bid price for all phases of work is lowest. The County will determine after receipt of bids which phase or phases will be included in the contract based on the bid amounts for each respective phase as submitted by the lowest bidder. Within **60** days after the time of opening the bids, County will act either to accept a proposal or to reject all proposals. The acceptance of a proposal will be evidenced by a notice of award of contract in writing, delivered in person or by mail to the bidder whose proposal is accepted. No other act of County shall constitute acceptance of a bid. The award of contract shall obligate the bidder whose bid is accepted to furnish a performance bond, payment bond and evidences of insurance (certificates of insurance and endorsements specified in the contract) and execute the agreement set forth in the contract documents.

County reserves the right to reject any and all bids and to waive any and all formalities, and the right to disregard all nonconforming, non-responsive, or conditional bids. County reserves the right to reject the bid of any bidder if County believes that it would not be in the best interest of the project to make an award to that bidder, whether because the bid is not responsive or the bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by County. County reserves the right to reject any bids which omit a bid on any one or more items on which bids are required; any bids which omit unit prices if unit prices are required; any bids in which unit prices are unbalanced in the opinion of County; any bid accompanied by insufficient or irregular bid security; and any bids from bidders who have previously failed to perform properly or to complete on time contracts of any nature.

It is County's intent to accept alternates (if any are accepted) in the order in which they are listed in the bid form, but County may accept them in any order or combination.

County may consider the qualifications and experience of subcontractors and other persons and organizations (including those who are to furnish the principal items of material or equipment) proposed for those portions of the work as to which the identity of subcontractors and other persons and organizations must be submitted as provided herein. Operating costs, maintenance considerations, performance data and guarantees of materials and equipment may also be considered by County.

If there is reason to believe that collusion exists among the bidders, none of the bids of the participants in such collusion will be considered, and County may likewise elect to reject all bids received.

County may conduct such investigations as County deems necessary to assist in the evaluation of any bid and to establish the responsibility, qualifications and financial ability of the bidders, proposed subcontractors and other persons and organizations to do the work in accordance with the contract documents to County's satisfaction within the prescribed time. County reserves the right to reject the bid of any bidder who does not pass any such evaluation to County's satisfaction.

If the contract is to be awarded, it will be awarded to the lowest bidder whose evaluation by County indicates to County that the award will be in the best interests of the project.

24. SIGNING OF AGREEMENT

When County gives a Notice of Award to the successful bidder, it will be accompanied by unsigned counterparts of the agreement and all other contract documents.

3 copies of the contract documents will be prepared by County. All copies will be submitted to Contractor, and Contractor shall execute the contract, insert executed copies of the required bonds and power of attorney, and submit all copies to County within 5 days. The date of execution of the contract shall be left blank for filling in by County.

25. NOTICE TO PROCEED

County shall give the successful bidder written notice to proceed with the work within 7 days of the execution of the contract. Notwithstanding any other provision of the contract, County shall not be obligated to accept or to pay for any work furnished by the Contractor prior to delivery of notice to proceed whether or not County has knowledge of the furnishing of such work.

26. PERFORMANCE AND OTHER BONDS

The contract documents set forth County's requirements as to performance and other bonds. When the successful bidder delivers the executed contract to County, it shall be accompanied by the required contract security. The bonds shall be provided on County's forms or on forms which are substantially similar. Notwithstanding any language contained in the bonds, County shall not be liable for attorney's fees either for the enforcement of the bond or for any other action under this Contract. Bonds shall not contain any date of termination.

27. CONTRACTUAL RESTRICTIONS

No official of County who is authorized in such capacity and on behalf of County to negotiate, make, accept or approve, or to take part in negotiating, making, accepting, or approving any architectural, engineering, inspecting, construction or material supply contract or any subcontract in connection with the construction of the project, shall become directly or indirectly interested personally in this contract or in any part thereof. No officer, employee, architect, attorney, engineer, or inspector of or for County who is authorized in such capacity and on behalf of County who is in any legislative, executive, supervisory, or other similar function in connection with the construction of the project, shall become directly or indirectly interested personally in this contract or in any part thereof, any material supply contract, subcontract, insurance contract, or any other contract pertaining to the project.

Terms

Each term of this Contract below specifically incorporates the information set forth in the Summary at page one (1) above as to each respective section (§) therein, as the case may be.

1. **SCOPE OF WORK; CONTRACT DOCUMENTS; SUCCESSORS:** The Contractor shall do the work for the Project and provide materials as shown in Exhibit B attached hereto. The contract documents include this contract, any general and special conditions, plans and specifications, bidding documents, addenda, and proposals submitted by Contractor. Any inconsistencies between the documents shall be resolved by according the highest priority to this Contract, any special provisions or conditions, and the standard specifications. The contract documents may only be amended by written mutual consent or by written change order. The parties bind their successors in interest to every covenant and obligation in the contract documents.

2. **CONTRACT PRICE AND PAYMENTS:** The contract price is specified at §2 on page one (1).

Contractor may apply for progress payments on a monthly basis. Contractor shall submit a signed invoice covering the work completed to that date, and accompanied by supporting documentation to the County's satisfaction. Progress payments will be in an amount equal to 95 percent (95%) of the work completed. Contractor may substitute securities for any retention as set forth in PCC Sec. 22300.

Pursuant to PCC Sec. 20104.50, each payment request shall be reviewed by County as soon as practicable after receipt. Any request not suitable for payment shall be returned promptly, and in no event later than seven calendar days from its date of receipt. A request that is returned unpaid shall be accompanied by a written explanation by the County. The number of days available by the County to make a payment without incurring interest pursuant to PCC Sec. 20104.50 shall be reduced by the number of days by which the County exceeds the seven day return requirement.

Payment of any retention for the completed project will not be due until at least 35 days after the recording of the Notice of Completion, or no later than 60 days after completion of the Project as defined in PCC Sec. 7107, whichever occurs first. Payment may be made earlier if the County receives from each and every subcontractor and supplier an 'Unconditional Waiver and Release Upon Final Payment' in the form prescribed by Civil Code Section 3262(d). Acceptance of final payment will be deemed a waiver of all claims except those which were timely made pursuant to claims and civil action procedures described in Exhibit A.

Invoices, or other applications for County payment, shall contain detailed full documentation of all work performed and all reimbursable expenses incurred. Where the Scope of Work is divided into tasks, invoices shall detail the related expenditures accordingly. No expense will be reimbursed without documentation.

3. **CONTRACT TIME:** Contractor shall commence work within ten (10) days after mailing or personal delivery by County of a written Notice to Proceed. All work shall be completed for acceptance on or before the number of days following the mailing or delivery of the Notice to Proceed indicated on page one (1). After issuance of the Notice to Proceed, the County may, at any time and without cause, suspend the Project work, or any portion of it, for a reasonable period of time by giving at least 72 hours advance written notice to the Contractor.

Time is of the essence. If the work is not timely completed, subject to such extensions as the County may grant for unavoidable delay, the Contractor may be assessed damages for delay in accordance with the liquidated damages clause below. The County reserves sole discretion to determine issues of delay. Any liquidated damages may be deducted as an off-set against any amounts due to the Contractor.

4. **LIQUIDATED DAMAGES:** County and Contractor acknowledge that the County will suffer financial loss if the Project is not completed within the time specified. They also acknowledge the difficulty of ascertaining with specificity the exact amount of such loss. Instead of requiring proof with specificity, the parties agree that the amount of liquidated damages shall be the amount shown on page one,

payable to County for each day that expires after the time specified for completion on page one. Liquidated damages shall be payable by Contractor only if the delay results from the failure of Contractor to perform timely, and not because of delays occasioned by the County, State, or any federal agency.

5. **BONDS:** All bonds required under this Contract shall be issued by a corporation duly licensed to transact surety business in California. The bond must be executed by proper corporate signatories, and adequate proof of their authority to act and bind the surety must be provided to the County.

- (b) At County's option, as indicated on page one, the Contractor shall promptly provide proof of coverage for Personal, Business Rated, or Commercial Auto Liability Insurance for each vehicle used, including non-owned and hired automobiles. The coverage shall be combined single limit and shall include death, bodily injury, property damage, and uninsured and underinsured coverage, in the amount shown on page one.
- (c) As indicated on page one, the Contractor shall provide proof of adequate Worker's Compensation Insurance, as required by law. Contractor hereby certifies that it is aware of the California Labor Code (Section 3700 *et seq.*) requirement that every employer be insured before commencing work, and that every contractor require this insurance as to all of its subcontractors before they commence work.
- (d) At County's option, as indicated on page one, the Contractor shall promptly provide proof of coverage for Professional Liability Insurance, or "an errors and omissions" policy, in the amount shown on page one (1).

7. **RISK OF LOSS; INDEMNIFICATION:** Loss or damage to equipment, materials, or services, occurring on or off the work site, shall be the responsibility of the Contractor. The County shall not assume liability for completed work until the County has accepted the work as complete.

The contractor shall indemnify, hold harmless, and defend the County and its consultants, agents, officers, employees, and volunteers from and against all claims, damages, losses, and attorneys fees, and related expenses, whether direct or indirect, arising out of the negligent actions or willful misconduct of the Contractor, or its agents, except to the extent caused by the negligence or misconduct of the County or its agents or employees.

8. **ASSIGNMENT:** No assignment or transfer of obligation relating to this Contract shall be valid unless it is approved in advance in writing by both parties.

9. **CHANGES IN THE WORK:** The County may order additions, deletions, or revisions in the Project which shall be authorized by written change order. Prior to doing any additional work that the Contractor finds necessary, such change shall be reduced to writing as a written change order request to be approved by the County before the additional work is undertaken. Changes in contract price due to change orders shall be established by any of the following: (1) unit prices, where bidding was done by unit price; (2) the actual cost of work plus 15% for overhead and profit together; or (3) by mutual acceptance of a lump sum.

10. **MATERIALS AND EQUIPMENT FOR INSTALLATION:** All material and equipment installed shall be of good quality, and new, unless this Contract provides otherwise. Whenever materials or equipment are specified or described in the Contract Documents by using the name of a proprietary item or a particular supplier, it is intended to establish the type, function, and quality required. Any substitutions require the County's express consent prior to use or installation. All of the manufacturer's operating and maintenance instructions shall be delivered to the County prior to Contractor's receipt of final payment.

11. **WARRANTY AND CORRECTION PERIOD:** If any work or installation is defective within one year after the date of completion of the Project, or such longer period of time as may apply by reason of special guarantees or legal regulations, the Contractor shall either correct such work or replace it with non-defective work, at no cost to the County. If the Contractor does not correct or replace the work in a prompt manner, then the County may elect to have the work corrected or replaced at the sole expense of the Contractor. "Defective" means a sub-standard or inferior product, whether from the quality or quantity of the materials used, the quality of workmanship, or the performance of the Contract.

12. **PERMITS AND TAXES:** Unless otherwise provided in the Contract Documents, the Contractor shall obtain, and pay for, all construction permits, licenses or other permits necessary to complete the Project, and shall be responsible for all governmental charges, inspection fees, utility connection charges, and sales and use taxes.
13. **PAYROLL RECORDS:** The Contractor shall be responsible for keeping accurate payroll records as required by California Labor Code Section 1776. Pursuant to Section 1776 (g) and (h), notice is given that the Contractor may be assessed a penalty of \$25 per worker if a certified copy of such records is not made available within 10 days of request.

- Pursuant to California Labor Code Section 1775, the Contractor shall forfeit no more than \$50 per calendar day, or portion of a day, for each worker paid less than the prevailing rates for such work or craft, and the penalty shall be imposed and distributed pursuant to Section 1775.
15. **NON-DISCRIMINATION:** While this Contract is in effect, the Contractor shall comply with all provisions of California Labor Code Section 1735, as amended, regarding non-discrimination practices and equal employment opportunity.

17. **PRIOR NEVADA COUNTY EMPLOYMENT:** Pursuant to County Resolution No. 03-353, notice is given of the prohibition against certain former officials receiving direct remuneration from any legal entity that entered a contract or grant agreement with the County during the official's last twelve (12) months in office. The officials include former members of the Board of Supervisors, a former CEO, or a former Purchasing Agent.
18. **TERMINATION:** The County reserves the right to terminate this Contract based on the following:
- (a) The Contractor becomes a party in U.S. Bankruptcy Court because of a voluntary petition or a petition filed by creditors.
 - (b) The Contractor makes a general assignment for the benefit of creditors.
 - (c) If a trustee, receiver, or custodian of assets is appointed to take charge of the property of the Contractor for the purpose of enforcing a lien or administration of such property for the benefit of creditors.

- (d) If the Contractor declares or admits that it is unable to pay its debts generally as they become due.
- (e) If the Contractor persistently fails to perform the work of the Project in accordance with the Contract Documents, or substantially disregards the Documents.
- (f) If the Contractor disregards any relevant laws or regulations, whether they are federal, state, or local.
- (g) If the Contractor disregards the reasonable directions of the County's supervisory staff, including the Contract Administrator.

The County may terminate this Contract after giving seven days advance written notice to the Contractor. After termination is effective, the County may take sole possession of the work site and have the work finished with materials and equipment stored on or off the site. As time is of the essence, the County is not obligated to obtain the lowest price for the work performed. If the unpaid balance owing to the Contractor is less than the County's cost of finishing, then the County will demand payment of the difference from the Contractor. The Contractor shall not be entitled to any payment until the work is finished. The County's implementation of this Section shall not waive or be deemed to prejudice any other rights or remedies to which the County is entitled.

19. **CONTRACT ADMINISTRATION:** The County may designate staff, or hire professional services, as "Contract Administrator" for Project supervision and administration. The Contract Administrator is delegated authority to determine the amount, quality, acceptability and fitness of the work, materials, and equipment to be paid under this Contract, to decide all questions relative to Contract interpretation, to reject all work or material which does not conform to the terms of this Contract, and to make a final determination on all claims submitted to the County.

If there is an apparent ambiguity in the Contract Documents, the Contractor shall request a written interpretation from the Contract Administrator. If the Contractor believes that an interpretation justifies an increase in the Contract Price, or an extension of the Contract Time, and the parties are unable to agree on the amount or extent, then the Contractor may make a claim.

The Contract Administrator may, only in writing, authorize or require variations in the work from what is shown in the Contract Documents. If the Contractor and the County cannot agree on a change order amount or extension of time, the Contractor may make a claim. If the Contract was based on unit pricing, the Contract Administrator will determine the actual quantities and classifications of unit price work.

The Contract Administrator's written decisions will be final and binding on the Contractor unless the Contractor timely delivers a written notice, in the form of a claim with supporting facts and reasons, that the Contractor disputes the decision.

For every claim that the Contractor makes, it shall provide adequate documentation for consideration of the claim. This documentation shall be supplemented at the request of the County, and may include bidding calculations, forms, cost estimates, time sheets, trend reports, job cost analysis records, labor records, as-built documents, or any other relevant documents from the bidding and construction. Further, the County may conduct an audit of all relevant books and records, particularly relating to overhead, profit, or general office expenses charged to the Project.

20. **CLAIMS RESOLUTION AND CIVIL ACTION PROCEDURES:** California Public Contract Code (PCC) Sec. 20104 – 20104.6 govern all public works claims of \$375,000 or less which arise between a contractor and a local agency. In PCC Sec. 20104(b)(2) it is stated that "Claim" means a separate demand by the contractor for (a) a time extension; (b) payment of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public work, and payment of which is not otherwise expressly provided for or the claimant is not otherwise entitled to; or (c) an amount the payment of which is disputed by the local agency. Exhibit A of this Contract contains copies of the following: Claims Resolution Procedures are set forth in PCC Sec. 20104.2, and Civil Action Procedures are set forth in PCC Sec. 20104.4.

21. **NO WAIVER OF RIGHTS BY COUNTY:** No waiver of any right or remedy belonging to the County shall be deemed to have occurred because of any action or inaction by the County in its performance of this Contract.

22. **SEVERABILITY; COUNTERPARTS:** If any provision of this Contract is found by a court to be unenforceable or void, then both parties shall be relieved of all obligations arising from the provision, and the remainder of this Contract shall continue in full force and effect.

This Contract may be executed in counterparts, and each counterpart shall be deemed an original instrument.

23. **JURISDICTION AND VENUE:** This Contract shall be construed in accordance with the laws of the State of California, and the venue for any litigation arising under this Contract shall be Nevada County Superior Court, or if federal issues are involved, in the U.S. District Court - Eastern District of California (Sacramento Division).

24. **NOTICES:** Any notices from one party to the other with respect to important matters related to this Contract shall be mailed, faxed, e-mailed, or delivered as shown on page one (1).

20104.2 Claims; requirements; tort claims excluded

20104.2. For any claim subject to this article, the following requirements apply:

(a) The claim shall be in writing and include the documents necessary to substantiate the claim. Claims must be filed on or before the date of final payment. Nothing in this subdivision is intended to extend the time limit or supersede notice requirements otherwise provided by contract for the filing of claims.

(b) (1) For claims of less than fifty thousand dollars (\$50,000), the local agency shall respond in writing to any written claim within 45 days of receipt of the claim, or may request, in writing, within 30 days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the local agency may have against the claimant.

(2) If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual agreement of the local agency and the claimant.

(3) The local agency's written response to the claim, as further documented, shall be submitted to the claimant within 15 days after receipt of the further documentation or within a period of time no greater than that taken by the claimant in producing the additional information, whichever is greater.

(c) (1) For claims of over fifty thousand dollars (\$50,000) and less than or equal to three hundred seventy-five thousand dollars (\$375,000), the local agency shall respond in writing to all written claims within 60 days of receipt of the claim, or may request, in writing, within 30 days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the local agency may have against the claimant.

(2) If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual agreement of the local agency and the claimant.

(3) The local agency's written response to the claim, as further documented, shall be submitted to the claimant within 30 days after receipt of the further documentation, or within a period of time no greater than that taken by the claimant in producing the additional information or requested documentation, whichever is greater.

(d) If the claimant disputes the local agency's written response, or the local agency fails to respond within the time prescribed, the claimant may so notify the local agency, in writing, either within 15 days of receipt of the local agency's response or within 15 days of the local agency's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon a demand, the local agency shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(e) Following the meet and confer conference, if the claim or any portion remains in dispute, the claimant may file a claim as provided in Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the running of the period of time within which a claim must be filed shall be tolled from the time the claimant submits his or her written claim pursuant to subdivision (a) until the time that claim is denied as a result of the meet and confer process, including any period of time utilized by the meet and confer process.

(f) This article does not apply to tort claims and nothing in this article is intended nor shall be construed to change the time periods for filing tort claims or actions specified by Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code.

20104.4 Civil Action Procedures; mediation and arbitration; trial de novo; witnesses

20104.4. The following procedures are established for all civil actions filed to resolve claims subject to this article:

(a) Within 60 days, but no earlier than 30 days, following the filing or responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide for the selection within 15 days by both parties of a disinterested third person as mediator, shall be commenced within 30 days of the submittal, and shall be concluded within 15 days from the commencement of the mediation unless a time requirement is extended upon a good cause showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, any party may petition the court to appoint the mediator.

(b) (1) If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1141.11 of that code. The Civil Discovery Act (Title 4 [commencing with Section 2016.010] of Part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.

(2) Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this article shall be experienced in construction law, and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates of pay not to exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall these fees or expenses be paid by state or county funds.

(3) In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, pay the attorney's fees of the other party arising out of the trial de novo.

(c) The court may, upon request by any party, order any witnesses to participate in the mediation or arbitration process.
