**Attachment 1**  
**CDPH California Home Visit Program (CHVP) Privacy Attachment**

To ensure the confidentiality of information related to participation in California Home Visiting Program (CHVP) services. California Department of Public Health (CDPH) Maternal, Child and Adolescent Health (MCAH) Standard Agreement Contract, Exhibit G Health Insurance Portability and Accountability Act (HIPAA) Business Associate Addendum; CDPH, MCAH Data Form and Data System Use Agreement; the California Child Abuse and Neglect Reporting Act (California Penal Code Section 11164-11174.3); and the Information Practices Act of 1977 (California Civil Code Section 1798-1798.1).

**I. General Administrative**

A. Staff Confidentiality: Local CHVP staff that has access to participant data must receive training locally on confidentiality and sign a Confidentiality Agreement at the time of employment. The agreement must be renewed annually and a current copy must be kept on file. All confidentiality and privacy requirements are detailed in the CDPH HIPAA Business Associate Addendum Exhibit G, Section II.M of the CDPH MCAH contract with each county. Counties are additionally responsible for ensuring that any subcontracting agencies also meet these requirements.

B. Participant Consent: All CHVP participants must sign an informed consent at enrollment to have their information shared with the CDPH for purposes of aggregated, unidentifiable public health reporting. Please refer to CHVP Policy 100-40 Enrollment for further details regarding the required consent form.

C. Mandated Reporting: CHVP home visiting staff has a legal obligation to report suspected or substantiated child abuse and must follow state, local, and agency requirements related to mandated reporting laws which may supersede participant confidentiality.

**II. Participant Data Storage**

All participant data must be stored so that it is accessible only to staff who are directly involved in service delivery, supervision of direct-service staff or for data entry purposes. To prevent unauthorized access:

A. All hard copy participant data, program-issued transportable media (disks, CDs, cassettes, USB drives, laptops, tablets, PDAs, iPads, smart phones and all other removable storage devices or mobile electronic devices) that contain CDPH/MCAH/CHVP 100-20 PARTICIPANT CONFIDENTIALITY Revision Date 3/23/16 GENERAL ADMINISTRATION CHVP 100 participant data must be stored in a locked file cabinet in the office or at least in a secured staff area, when not in use and stored in a lockbox when travelling.

B. When travelling, the transport of confidential, sensitive or personal information should be minimal and, if possible, should not be separated from the employee. Leaving charts or streamlined charts in a car, even if they are in a lock box, should be avoided. Hiding or obscuring lockbox or charts from sight is mandatory. Additional security, such as installing a car alarm, or double locking is highly recommended.

C. Local CHVP sites using personal transportable media for business purposes, for example personal cell phones, must adhere to their county's local document policy or guidelines to ensure the protection of participant data. D. All electronic participant data must be stored in password-protected, encrypted files.

**III. Participant Data Transmission**

When sending participant data, measures must be taken to protect said information. The local CHVP site must add a confidentiality statement at the beginning or end of every fax or email that contains participant data notifying persons receiving the fax in error to contact the sender and destroy the document.

A. Fax: Local CHVP site staff must notify their Program Consultant or a member of the State CHVP Program Quality Section team prior to sending participant data to the State CHVP via fax.

B. E-mail: Local CHVP sites are to refer to participants by their case number, eliminating the need to send emails securely. Local CHVP site staff must always use the ETO ID number and never put a participant name in an email to CHVP. This eliminates the most common form of data breach. If it is necessary for a local CHVP site to send an e-mail to CHVP staff or CHVP Data Help that contains protected participant data, it must be secured by following the county encryption procedures. Failure to encrypt e-mails that contain participant data is considered a data breach and CHVP is required to report this to the CDPH Information Security Office (ISO).

C. Transportable Media: Transportable media must be encrypted when participant data is sent or received through the mail, and such media is required to be mailed through a secure, bonded courier with tracking or return receipt and signature required.

D. Office closure/move: The local CHVP site must ensure that privacy and security of participant data is maintained. If documents containing this information must be moved, they must be transported using a secure, bonded courier with a tracking system.

#### **IV. Retention and Disposal**

The following steps must be taken regarding retention and disposal of materials:

A. Participant data must be retained for at least three years for the purposes of potential audits and/or for data reconciliation.

B. The local CHVP site must have policies in place to ensure that participant CDPH/MCAH/CHVP 100-20 PARTICIPANT CONFIDENTIALITY Revision Date 3/23/16 GENERAL ADMINISTRATION CHVP 100 data is discarded or physically destroyed in a secure and confidential manner (e.g., shredded, locked in confidential destruction bins and pulverized) when no longer needed.

#### **V. Data Breach/Compromised Data**

In the instance of a data breach, the procedure outlined below must be followed. If a county encryption does not exist, data must not be emailed. It is the responsibility of the local CHVP Program Managers and Supervisors to ensure that local staff is trained in the application of these procedures and to discern when participant data is protected. Transmission encryption requirements are specified in CDPH HIPAA Business Associate Addendum Exhibit G, Section II.M of the CDPH MCAH contract. The requirement is: "All data transmissions of CDPH PHI or PI outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES. Encryption can be end to end at the network level, or the data files containing PHI can be encrypted. This requirement pertains to any type of PHI or PI in motion such as website access, file transfer, and E-Mail." Note: The previous procedure for sites to secure emails by including [secure] in the subject line is no longer required. Procedure: The following steps must be taken in the instance of lost, stolen and/or compromised participant data, including unsecured participant data sent anywhere, by any means (e-mail, fax, mail, etc.).

A. The local CHVP site must contact their CHVP Program Consultant (PC) within 24 hours of the occurrence and submit a summary of the incident including immediate follow-up actions implemented after the occurrence to their PC.

B. The local CHVP site staff is required to report the incident to their county Information Security Office (ISO) and follow their guidance for remediation procedures.

C. Additional remediation may be required by the CDPH ISO, which must be determined on a case-by-case basis. REFERENCES The CDPH Information Security Policy and CDPH Privacy Policy, August 201

**CHILD ADVOCATES OF NEVADA COUNTY**

**Insurance.** Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, or employees. The Insurance obligations under this Contract shall be the greater of 1—all the Insurance coverage and limits carried by or available to the Contractor; or 2—the minimum Insurance requirements shown in this Contract. Any insurance proceeds in excess of the specified limits and coverage required, which are applicable to a given loss, shall be available to Agency. No representation is made that the minimum Insurance requirements of this Contract are sufficient to cover the indemnity or other obligations of the Contractor under this Contract.

If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or the higher limits maintained by the contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

**Other Insurance Provisions:**

The insurance policies are to contain, or be endorsed to contain, the following provisions:

- (i) **Additional Insured Status: The County, its officers, employees, agents, and volunteers are to be covered as additional insureds** on the CGL policy with respect to liability arising out of the work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor’s insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 25, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used.)

- (ii) **Primary Coverage** For any claims related to this contract, the **Contractor's insurance shall be primary** insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not contribute with it.
- (iii) **Notice of Cancellation** This policy shall not be changed without first giving thirty (30) days prior written notice and ten (10) days prior written notice of cancellation for non-payment of premium to the County of Nevada.
- (iv) **Waiver of Subrogation** Contractor hereby grants to County a waiver of any right to subrogation which any insurer or said Contractor may acquire against the County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.
- (v) **Sole Proprietors** If Contractor is a Sole Proprietor and has no employees, they are not required to have Workers Compensation coverage. Contractor shall sign a statement attesting to this condition, and shall agree they have no rights, entitlements or claim against County for any type of employment benefits or workers' compensation or other programs afforded to County employees.
- (vi) **Deductible and Self-Insured Retentions** Deductible and Self-insured retentions must be declared to and approved by the County. The County may require the Contractor to provide proof of ability to pay losses and related investigations, claims administration, and defense expenses within the retention. The Policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or County. **(Note – all deductibles and self-insured retentions must be discussed with risk, and may be negotiated)**
- (vii) **Acceptability of Insurers:** Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the County.
- (viii) **Claims Made Policies** if any of the required policies provide coverage on a claims-made basis: **(note – should be applicable only to professional liability)**

  - b. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.
  - c. If the coverage is canceled or non-renewed, and not replaced with another **claims-made policy form with a Retroactive Date**, prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of **five (5)** years after completion of contract work.
- (ix) **Verification of Coverage** Contractor shall furnish the County with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to County before work begins. However, failure to obtain and provide verification of the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
- (x) **Subcontractors** Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors. For CGL coverage subcontractors shall provide coverage with a format at least as broad as CG 20 38 04 13.
- (xi) **Special Risks or Circumstances** County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

- (xii) **Conformity of Coverages** If more than one policy is used to meet the required coverages, such as an umbrella policy or excess policy, such policies shall be following form with all other applicable policies used to meet these minimum requirements. For example, all policies shall be Occurrence Liability policies or all shall be Claims Made Liability policies, if approved by the County as noted above. In no cases shall the types of policies be different.
- (xiii) **Premium Payments** The insurance companies shall have no recourse against the COUNTY and funding agencies, its officers and employees or any of them for payment of any premiums or assessments under any policy issued by a mutual insurance company.
- (xiv) **Material Breach** Failure of the Contractor to maintain the insurance required by this Contract, or to comply with any of the requirements of this section, shall constitute a material breach of the entire Contract.
- (xv) **Certificate Holder** The Certificate Holder on insurance certificates and related documents should read as follows:

County of Nevada  
950 Maidu Ave.  
Nevada City, CA 95959

Upon initial award of a contract to your firm, you may be instructed to send the actual documents to a County contact person for preliminary compliance review.

Certificates which amend or alter the coverage during the term of the contract, including updated certificates due to policy renewal, should be sent directly to Contract Administrator.
