I would like the Board of Supervisors to take another look at the consolidation of the fire districts in the county ,it is time to do this .As a native of Nevada county and being a part of the fire service for many years the Departments have done a great job of protecting the counties taxable Income as well as the lives and property of the people of Nevada county. The Districs are asking for a start with some financial help, its time and it's the right thing do ,It has been said that you are not in the fire business oh but you are, we all are .So please let's make a start with this consolidation of Departments. A safer place to live. Thank you .

Respectfully
