

NEVADA COUNTY BOARD OF SUPERVISORS
Board Agenda Memo

MEETING DATE: April 28, 2020

TO: Board of Supervisors

FROM: Shannan Moon, Sheriff-Coroner-Public Administrator

SUBJECT: Resolution authorizing Assignment, Consent, and Amendment by Alta Consulting Services (“Alta”) and Justice Engineering Corp. (“Justice”) to contract with Justice Engineering Corp. previously adopted by Resolution 18-489 to provide for consulting services for security upgrades at the Wayne Brown Correctional Facility

RECOMMENDATION: Approve the resolution authorizing the assignment, consent, and amendment from Alta Consulting Inc. to Justice Engineering Corp. and to contract with Justice Engineering Corp. for consulting services for the security upgrades at the Wayne Brown Correctional Facility.

FUNDING: This contract impacts the Fiscal Year 2019/20 Sheriff’s Office Budget. Funds for this budget are included in the FY 19/20 Budget. There is no additional impact to the General Fund.

BACKGROUND: The Wayne Brown Correctional Facility’s existing electronic security and video monitoring were in need of an upgrade. Due to the complexity of modern correctional facility security systems, a consultant was needed to assist the County in determining needs and best options to design and upgrade the systems, as well as assist the County in contractor selection and construction. Pursuant to Resolution 18-489, Alta was selected to provide those services. The design and contractor selection phases have been completed by Alta. Pursuant to Resolution 19-624 Stanley Convergent Security Services Solutions Inc. was selected as the contractor for the security upgrade. We are now entering the final construction phase of this project, and the overall length of the project is longer than originally anticipated. At this time, Alta will need to assign this project in order to complete the final phase of the project. Justice Engineering Corp. is knowledgeable in the complexities of a modern correctional security system and its installation. Justice is well positioned to complete the final phase of the contract. The included amendment changes the timing of final payments due to the longer time frame of the total project completion.
