Department of Public Health

NEVADA COUNTY BOARD OF SUPERVISORS

Board Agenda Memo

MEETING DATE: July 8, 2025

TO: Board of Supervisors

FROM: **Kathy Cahill, MPH, Director of Public Health**

SUBJECT: Resolution approving execution of a renewal contract with Bobbie McKenzie, RN, PHN to deliver the Parents as Teachers Home Visiting and Maternal, Child and Adolescent Health programs in the maximum amount of \$108,800 for July 1, 2025 through June 30, 2026.

RECOMMENDATION: Approve the attached Resolution.

FUNDING: Contract services are from Maternal, Child and Adolescent Health (MCAH) Title V, California Home Visiting Program State General Funds (CHVP SGF) grants and Title XIX reimbursement. Title V are federal funds that states can use to help alleviate social, financial, behavioral, and structural barriers to health care for women, children, and families. The California Department of Public Health, Maternal, Child and Adolescent Health (CDPH/MCAH) Division is implementing Maternal, Infant and Early Childhood Home Visiting Program (MIECHV) as the California Home Visiting Program (CHVP) in the state. CHVP expanded its funding sources to include State General Funding; offering more programs to serve home visiting families. The program will provide Parents As Teachers (PAT) Visiting as a component of the County's implementation of the CHVP and Public Health education and outreach consultant services for birthing and parenting families in Nevada County on behalf of the Nevada County Public Health Department. Services are within the Department's FY 2025/2026 budget and there are no county general fund dollars required in the agreement.

BACKGROUND: The Patient Protection and Affordable Care Act of 2010 authorized the creation of the MIECHV to promote and improve the health, development and well-being of at-risk children and families through evidence-based home visiting programs. The CDPH/MCAH Division is implementing MIECHV as the CHVP in the state. CHVP expanded its funding sources to include State General Funding; offering more programs to serve home visiting families.

The PAT Program is part of the CHVP expansion. The purpose of this program is to: (1) provide leadership and coordinate maternal and early childhood systems and supports to advance federal, state, and local efforts to improve the health and well-being of families in California; (2) cultivate strong communities; (3) promote maternal health and well-being; (4) improve infant and child health development; and (5) strengthen family functioning.

It is recommended that the Board approve this renewal contract as services provided support the health of our community.

Approved by: Kathy Cahill, MPH, Director of Public Health
