Despite progress in addressing explicit discrimination, racial inequities continue to be deep, pervasive, and persistent across the country. Though we have made many strides toward racial equity, policies, practices, and implicit bias have created and still create disparate results. Through partnerships with the community, Nevada County Behavioral Health strives to address these inequities and continue progress in moving forward.

Contractor is encouraged to have a diverse and inclusive workforce that includes representation from the disparate communities served by our county. Contractor is expected to think holistically about creating services, program sites and an employee culture that is welcoming and inclusive. Contractor should track metrics on Diversity, Equity, and Inclusion outcomes within their service delivery. Additional efforts should be made to identify and highlight growth opportunities for equitable outcomes, access to services, and other opportunities. Contractor shall consult with County contract manager about proposed metrics to track.

Services should be designed to meet clients' diverse needs. Contractor will be expected to participate in the NCBH Cultural Competency program, participate in trainings and tailor outreach efforts and marketing materials to engage a diverse population of community members. Given that Spanish is a threshold language in Nevada County, a special emphasis should be placed on engaging Latinx communities and providing services in Spanish.

Crisis Support/Emergency Department Program

SPIRIT will provide support and advocacy to individuals over 18 years of age in emotional crisis at the Sierra Nevada Memorial Hospital Emergency Department (SNMH-ED) and the Crisis Stabilization Unit (CSU). If a SPIRIT Crisis Peer Supporter is not already on-site, a Peer Supporter will go to the SNMH-ED or the CSU following a call from Triage or the Crisis Worker informing Contractor that an individual is coming into SNMH-ED or the CSU. The Crisis Peer Supporter at the SNMH-ED or CSU communicates with the NCBH Crisis Worker, CSU Staff and SNMH-ED staff as needed, to determine appropriate referrals to resources, and will act as an advocate for and educator to the individual by explaining and answering questions about resources offered by the Crisis Worker, adding information about additional community resources, as well as assisting the individual in developing a personal plan of action. The SPIRIT Crisis Peer Supporter does not provide transportation or legal advice, but may assist the individual in making transportation arrangements.

Crisis Peer Supporters will also provide follow up support, advocacy and resources to individuals as soon as possible after leaving the SNMH-ED or CSU, including those individuals who did not meet 5150 criteria. For follow up with individuals after their crisis evaluation and visit to the SNMH-ED or CSU, Crisis Peer Supporters shall provide additional support within one week of the SNMH-ED/CSU visit. The SPIRIT Crisis Peer Supporter contacts the individual by telephone the day after the SNMH-ED/CSU visit, if they have not been placed in a locked psychiatric facility, dependent upon SPIRIT center hours of operation. If telephone contact is not possible and the individual indicated a request for follow-up services, the SPIRIT Peer Supporter will attempt to meet with the individual at SPIRIT Center. All follow-up contacts will occur during regular working hours of SPIRIT Center.

Contractor will perform and maintain records of criminal background checks on all prospective and current Crisis Peer Supporters. SPIRIT Crisis Peer Supporters must comply with any and all hospital policies that are required to provide services while on hospital premises, which may include meeting medical clearance requirements. SPIRIT Crisis Peer Supporters must comply with any and all Nevada County Behavioral Health policies including those related to privacy, security and confidentiality. Non-compliance with the above mentioned policies by SPIRIT Crisis Peer Supporters could be considered a material breach of contract and trigger related penalties.

Ongoing supervision for crisis support at the SNMH-ED/CSU includes approximately 8 hours per week of oversight to the program. The Supervisor will be responsible for the scheduling of the Crisis Peer Supporters, arranging the retrieval and storage of the documentation by Crisis Peer Supporters coordination of monthly staff trainings and taking phone calls from Crisis Peer Supporters during their shifts to address emergent clinical or administrative issues. The hospital's attending physician is responsible for the patient's treatment and disposition. Contractor's Crisis Peer Supporters are guided by the NCBH Crisis Worker(s) who are the primary communicator with the SNMH-ED Staff and the CSU staff. For follow-up phone calls, supervision is provided by SPIRIT. In addition, all SPIRIT Crisis Peer Supporters participate in a monthly internal supervision meeting at SPIRIT Center. Crisis Peer Supporters also participate as needed in the bi-monthly NCBH Crisis Team meeting.

With the upcoming implementation of 24/7 mobile crisis benefits for Medi-Cal beneficiaries in December 2023/January 2024, the SPIRIT Crisis Support program will operate from July 2023 through December 2023. The program will intentionally wind down over this time frame in preparation for mobile crisis launch, as the mobile crisis benefit will entail significant utilization of peer workforce in its model. SPIRIT will work with the Nevada County Behavioral Health crisis provider to share best practices about peer employment, roles and responsibilities in crisis, and make referrals of qualified peers who may be interested in employment under the mobile crisis team.
