Hi, my name is Karen st. John. I live in North San Juan and I want to leave a comment for agenda item number 37. I believe they should enforce masks and social distancing. I think it's really important and I don't think people should be dead or anything for it or or even find but at least Get some sort of attention brought to their lack of social responsibility. Thank you.

August 7, 2020

Dear Sue Hoek, District 4 Supervisor,
and Districts 1, 2, and 3 Supervisors:

**BOARD OF SUPERVISORS MEETING - AUGUST 11
ITEM 26, EMERGENCY ORDINANCE**

At your August 11 meeting you will once again be discussing the enactment of an "Emergency Ordinance" related to COVID-19.

I am writing to oppose this ordinance, Item 26.

Governor Newsom is trying to enforce a "ONE SIZE FITS ALL" approach to all CA counties. I insist that you call a meeting in front of a live community audience, wearing masks and social distancing, so we can present our feelings on this matter, and present suggestions on how to keep our businesses open and solvent. Other CA counties are allowed to meet. Are we an **"of the people" nation, or not?** No "Top Down" government.

A meeting could be scheduled at the Fairgrounds, with microphones and lights, or any reasonable venue with a reasonable time in the evening for those who are fortunate to

have a job and can attend and defend themselves.

Respectfully,

Judy Gurley
Penn Valley Resident

Dear Supervisors Hall, Scofield, Miller, Hoek and Anderson:

I am writing to strongly oppose Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related. [add your comments]

Restaurants that serve diners outside will be able to do so for only about two more months. Then, rains and cold weather will curtail business to a trickle, so by October ALL restaurants will be out of business. Take-out cannot sustain a restaurant at a profit in most cases. So, a business must choose whether to go bankrupt because their business is shuttered by the government or to go bankrupt for trying to perform their normal business. Like telling someone they are sentenced to die—here is a gun. You can kill yourself or we will do it. Don't tell me that is not draconian!

On what basis is there a distinction between being a customer in a restaurant and a customer in any business? Why is it ok for a customer to enter a grocery store, a pharmacy, a dry cleaner, a smoke shop, a liquor store, or any other business but not enter a restaurant? In any business, social distancing rules are in effect. The only answer is that one cannot wear a mask while eating or drinking, even if safely spaced from other diners.

There is significant controversy among health experts around the world on the effectiveness of masks. Many European countries do not require masks, and their death rates are low. Refer to this article for some perspective:
<https://fee.org/articles/europes-top-health-officials-say-masks-arent-helpful-in-beating-covid-19/>

This issue MUST be heard in front of a live community audience. Ours is the only county in the state to have the Supervisors hide from the public.

Respectfully,

Debora Thomason

Dear Supervisors Hall, Scofield, Miller, Hoek and Anderson:

I am writing to strongly oppose Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related.

I am also against this meeting happening in private, without public input or involvement. No other county in California does this.

The single death in Nevada County was to a very elderly person with terminal cancer who wanted to spend her last days in her Truckee home. There are only 20 active cases in our county as of today. This is WAYYY TOOO FARRR for our county to go.

Cotton or paper surgical masks are not effective in controlling a virus. These masks cannot stop a virus as their particle size is small enough to fit through the holes in the fabric or simply escape via the open edges of such loosely-worn masks, So, most of this draconian enforcement is based on invalid science.

Here are the facts:

a. A report from the CDC in May, 2020 evaluated different Personal Protective Measures (PPE) in limiting the spread of COVID. Hand hygiene was identified as effective, but regarding disposable medical masks and cotton masks it concludes "there is limited evidence for their effectiveness in preventing influenza virus transmission either when worn by the infected person for source control or when worn by uninfected persons to reduce exposure."

https://wwwnc.cdc.gov/eid/article/26/5/19-0994_article

b. An article published in the New England Journal of Medicine on April 1, 2020 on the topic of COVID-19 stated that "We know that wearing a mask outside health care facilities offers little, if any protection from infection." And goes on to say "the desire for widespread masking is a reflexive reaction to anxiety over the pandemic." The article was subsequently amended on June 3, 2020 to include the statement "We strongly support the calls of public health agencies for all people to wear masks when circumstances compel them to be within 6 ft. of others for sustained periods." Thus, spacing OR masking is adequate while neither is necessary for short interactions.

<https://www.nejm.org/doi/full/10.1056/NEJMp2006372>

PLEASE VOTE AGAINST ITEM # 26. This is way too painful for our county, especially when the death rate is so small. (We all know we can't count "cases" as legitimate numbers because people that are completely well and without symptom or issues are included, thus inflating the numbers and making them irrelevant.

Re: **SR 20-3326 & SR 20-3359**

As a working citizen and 48 year resident of Nevada County I would like my opinion to be noted and to be taken seriously. Unfortunately I will be at work during the board meeting so I'm addressing you by email.

It is my understanding that these to agenda items deal with fining citizens and businesses in our county for not wearing masks or enforcing the wearing of masks in businesses. (Please correct me if I have the wrong information. I was unable to locate details about these items.) In no way do I agree or support any plan or ordinance that would fine members of our community for exercising their freedom to choose.

I urge our Board of Supervisors to reject the fining of its citizens and businesses for exercising their right to choose whether or not to wear a mask or to enforce the requirement of their patrons to wear a mask. Posting a sign requesting this is acceptable, but this is a matter of freedom.

No one knows why any individual person or family chooses not to wear a mask, nor is it their business to try to enforce or bully others about their choice. No individual or business should be fined for not following a mandate which takes away their right to choose. Each citizen also has the right to choose six feet of distance if they encounter someone without a mask or avoid businesses who are not strict on the matter. Most businesses have implemented space between patrons and have spent time and money doing so. The idea of fining our own citizens seems ludicrous, especially during a time when many are already suffering financial hardship due to shutting down, job loss, or the cost of complying to the guidelines for re-opening.

We have done an excellent job of complying to "Flatten the Curve" and are still being expected to bow in fear of government and to this virus. Common sense says there will be a rise in cases no matter when we go back to normal. Most cases are not ending in death - as was previously projected.

I believe it should be each person's choice to use good judgement and decide what works best for them. Fining people and businesses is NOT the answer to stopping Covid-19. It will have to run its course like any other virus or flu.

Let's commend the citizens of our county instead of penalizing them further. We as a community simply can not afford this financially, emotionally, physically, or psychologically.

Please do not pass an ordinance to fine our own people!

Thank you for considering each opinion,

Vicky DeLaVega

To ALL BOS Officials -

We are NOT in support of the emergency ordinance that would impose monetary penalties for businesses and individuals who choose not to wear a mask or follow your overzealous, draconian restrictions. The number of cases in our community do not warrant such actions. Nevada County is not in a pandemic situation. Stop the madness of trying to take away people's livelihoods and freedoms.

Respectfully,

John and Billie Edwards

Dear Board of Supervisors,

What is happening today is exactly what economic and political terrorism looks like!

Healthy people have no business wearing a mask, period!

And, I want to remind you all that you are PUBLIC SERVANTS of the citizens of Nevada County. That means you are in your position to serve the citizens, NOT to control the citizens, NOT destroy the citizens livelihoods, and NOT to fine the citizens!

CDC admitted they screwed up COVID-19 infection counts and intentionally misled the public, they have apologized, clarifying that the number of people truly infected is much lower than what was originally reported. An error so egregious it made the director of the Harvard Global Health Institute says, "How could the CDC make this mistake given the facts? This is a mess." This has truly been a complete debacle!

Good people of Nevada County, stop living in FEAR, the numbers DO NOT support any of this! It has been shown throughout history that the media, global organizations, the government, and its agencies constantly "MISLEAD AND LIE" to the public!

THIS CATASTROPHIC CORRUPT GOVERNMENT LIE HAS:

- * Added nearly 6 trillion to the national debt
- * Laid-off or furloughed 50 million workers
- * Placed 60 million on food stamps
- * Gone from 3.5% to 14.7% unemployment
- * Crippled the petroleum industry
- * Ruined the tourism industry
- * Bankrupted the service industry
- * Caused an impending meat and protein crisis
- * Threatened, fined, and arrested church leaders
- * Exacerbated mental health problems
- * Shut down schools and colleges
- * Given unbridled power to unelected officials
- * Increased suicides higher than COVID deaths
- * Delayed surgeries and treatments for profound illnesses
- * Infringed upon countless important civil liberties

* Placed 300 million Americans on house arrest

* 48% of Rona deaths are the elderly in Nursing Homes!

* Destroyed mom & pop businesses while sending TRILLIONS to Big Business and Big Corporations!

Wearing a mask in order to avoid catching a virus is like erecting a chain-link fence to deter mosquitoes!

Humanity is not a Virus! Better to educate the people of Nevada County instead of impeding on our Constitutional rights by way of what this Communist Marxist Agenda dictates and demands!

Many in their hubris increasingly view the government as a deity who can STOP ACTS OF NATURE. The view of government as a GOD that controls providence and plagues have enacted vile mandates and unconstitutional overreach! And, due to media hysteria, the masses are now suffering from ELEUTHEROPHOBIA! (fear of freedom)

YOU HAVE ABSOLUTELY NO BASIS TO PASS SR 20-3359, continuing to make individual citizens slaves to mask-wearing and ruining more local small businesses. There IS NO EMERGENCY!!! Instead, vote to end the "pretend local health emergency" and end all this nonsense immediately!

Sincerely,

Susan Frisbie

NOTICE TO PUBLIC SERVANTS/EMPLOYEES:

TO: THE NEVADA COUNTY BOARD OF SUPERVISORS, SEAN POWERS, DIRECTOR, COMMUNITY DEVELOPMENT AGENCY, AMY IRANI, Dr. RICHARD JOHNSON, "Acting Public Health Director", KIM BLIX, JILL BLAKE, AND UNKNOWN STAFF, CONSPIRING TO COMMIT FRAUD AND EXTORTION IN VIOLATION OF YOUR OATH OF OFFICE AND OFFICIAL BOND.

I DO NOT CONSENT, AND I OBJECT TO YOUR UNLAWFUL ATTACK ON THE RIGHTS AND PROPERTY OF THE PEOPLE OF NEVADA COUNTY, AND WE WILL HOLD EACH OF YOU PERSONALLY RESPONSIBLE AND LIABLE FOR INDEMNIFICATION IN THE AMOUNT OF TEN THOUSAND DOLLARS A DAY (\$10,000.00) PER VIOLATION FOR ANY ATTEMPT TO PLUNDER AND UNLAWFULLY ADMINISTER THE ESTATES AND PROPERTY OF THE PEOPLE OR BUSINESSES IN NEVADA COUNTY.

This proposed ordinance is nothing more than an ultra vires conspiracy to extort money/property and under color of law, to plunder and administer the estates of the people of Nevada county by a rogue county agent named Sean Powers on behalf of the board of Supervisors, who has no authority to write or make law, yet he admitted he is the one who drafted this ordinance in a live radio broadcast interview on KVMR radio, friday July 7, 2020 at approximately 6:15 pm.

The U.S. Supreme Court, in ***Scheuer v. Rhodes***, 416 U.S. 232, 94 S.Ct. 1683, 1687 (1974) stated that "when a state officer acts under a state law in a manner violative of the Federal Constitution, he "comes into conflict with the superior authority of that Constitution, and he is in that case stripped of his official or representative character and is subjected in his person to the consequences of his individual conduct. The State has no power to impart to him any immunity from responsibility to the supreme authority of the United States." [Emphasis supplied in original]. **YOU WILL BE HELD ACCOUNTABLE FOR YOUR ACTIONS!**

There is NO MASK LAW in California

NO Governor has ANY authority to compel any individual to do anything. See the California Constitution, 1849.

1. Newsom didn't issue any order. It was a Guidance on Face Coverings statement from the Dept of Public Health.
2. It is not a public health order -- it is a statement... "guidance"
3. There is no law cited or penal code cited. It is unenforceable.
4. This guidance actually RELAXES the previous orders.
5. This is pure deception to present this as "new law".
6. As Gov Newsom stated in an ABC interview from Stockton in July 2020, **"I can't Mandate anything to**

the people". It is available to view on bitchute.com

From Peggy Hall The Healthy American

The alarming trend we are seeing is that ESTABLISHED LAW is being violated by shopkeepers, medical professionals, public officials and law enforcement!!!

I am SICK-AND-TIRED of law enforcement saying, "it's a private business, they can do whatever they want."

Oh R-E-A-L-L-Y?!?

That is a big fat NO!

As one of THE HEALTHY AMERICANS, you know that no business can create a policy that violates established law. PERIOD.

No executive order can violate or suspend established law. PERIOD.

No state of emergency can violate established law or the rights of the people. PERIOD.

No city or county ordinance can violate established law or the state or federal Constitutions. PERIOD. You are governed by the codes and statutes and they are implemented to protect or rights, and not infringe on them.

You know it, and I know it -- now we need to educate the businesses, the politicians, and law enforcement!

CHAPTER 9. Meetings [54950 - 54963]

(Chapter 9 added by Stats. 1953, Ch. 1588.)

54950. In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils and the other public agencies in this State exist to aid in the conduct of the people's business. **It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly. OPENLY!! NOT ON ZOOM!**

The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is

not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

CIVIL CODE - CIV

DIVISION 1. PERSONS [38 - 86] (*Heading of Division 1 amended by Stats. 1988, Ch. 160, Sec. 12.*)

PART 2. PERSONAL RIGHTS [43 - 53.7]

(*Part 2 enacted 1872.*)

51.7. (a) This section shall be known, and may be cited, as the Ralph Civil Rights Act of 1976. (b) **All persons within the jurisdiction of this state have the right to be free from any violence, or intimidation by threat of violence, committed against their persons or property because of political affiliation,** or on account of any characteristic listed or defined in subdivision (b) or (e) of Section 51, or position in a labor dispute, or because another person perceives them to have one or more of those characteristics. The identification in this subdivision of particular bases of discrimination is illustrative rather than restrictive.

(c)

(1) A person shall not require another person to waive any legal right, penalty, remedy, forum, or procedure for a violation of this section, as a condition of entering into a contract for goods or services, including the right to file and pursue a civil action or complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any court or other governmental entity.

(2) A person shall not refuse to enter into a contract with, **or refuse to provide goods or services to, another person on the basis that the other person refuses to waive any legal right, penalty, remedy, forum,** or procedure for a violation of this section, including the right to file and pursue a civil action or complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any other governmental entity.

(3) Any waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section, including the right to file and pursue a civil action or complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any other governmental entity shall be knowing and voluntary, in writing, and expressly not made as a condition of entering into a contract for goods or services or as a condition of providing or receiving goods and services.

(4) **Any waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section that is required as a condition of entering into a contract for goods or services shall be deemed involuntary, unconscionable, against public policy, and unenforceable.** Nothing in this subdivision shall affect the enforceability or validity of any other provision of the contract.

(5) Any person who seeks to enforce a waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section shall have the burden of proving that the waiver was knowing and voluntary and not made as a condition of the contract or of providing or receiving the goods or services.

Sincerely,

Susan Frisbie

Dear Board of Supervisors,

(1) According to CA law, "A local health emergency can only be called if there is an IMMEDIATE and PROXIMATE THREAT of an INTRODUCTION of an infectious disease." In other words, an emergency is immediate, at hand -- not 4+ months LATER! The "introduction" of the disease was back in February. There are NO LEGAL GROUNDS for this unlawful "local health emergency" to continue.

(2) Your governing body has the LEGAL authority, power and DUTY to terminate this "local health emergency" IMMEDIATELY -- and ALL THE ORDERS that are associated with it go away.

(3) The health orders state that "there is no vaccine for Covid-19." That is NOT legal grounds for a local health emergency. This is DECEIT and FRAUD.

(4) Are you personally prepared to go to prison for FRAUD by allowing this unlawful local health emergency to stand? Are you aware that fraud is a felony that carries a prison sentence?

(5) Are you aware that you EACH are COMPLICIT in fraud by INTENTIONALLY MISREPRESENTING THE INFORMATION about this "local health emergency" for monetary gain? In other words, you are allowing this "local health emergency" to stand in order to get state and federal funds. This is FRAUD, which is a FELONY, and which carries a PRISON SENTENCE.

(6) Are you aware that YOU have the power, authority, and legal duty to make a motion for a vote to terminate this unlawful "local health emergency" TODAY?

(7) Are you aware that there are NO LEGAL GROUNDS for a "local health emergency" according to state law?

(8) What evidence (as required by state law) have the health officers submitted to you that supports their orders?

(9) Are you aware that OSHA guidance states that "cloth masks do not protect against COVID-19?"

(10) You already are aware that there is no reputable medical science and evidence that supports healthy people wearing masks. Why do you support this?

(12) Why are you PERPETRATING FRAUD ON THE PUBLIC by allowing a local health emergency to continue when there are no grounds to do so?

(13) Can you tell me why you SUPPORT the public being HARASSED and INTIMIDATED in places of business, when our state civil code protects me from discrimination based on my medical condition or religious beliefs, and allows for my "free and equal" access to all business establishments of any kind, whatsoever?

(17) Are you prepared for LEGAL ACTION AGAINST YOU PERSONALLY for your FRAUDULENT actions (a felony, with a prison sentence) by not terminating the local health emergency, as required by law?

(18) How much money is your body/agency receiving from the state and federal government in emergency aid? I think it's 10 Million. You want to make Nevada County citizens slaves to mask

wearing so that YOU can get 10 million for purposes the citizens DO NOT WANT?

(19) Are you prepared to FACE A PRISON SENTENCE FOR FRAUD, by intentionally misrepresenting the "local health emergency" just so you can get state and federal funds?

(20) Are you aware that UNLESS YOU TERMINATE this unlawful "local health emergency" -- the public is moving ahead with a very VISIBLE LAWSUIT and all the media to go along with it?

(21) Your INACTION has ERODED the public TRUST. And there is an election right around the corner. Why would we reelect you to office?

(22) You are aware that YOU WORK FOR THE PUBLIC, and THE PUBLIC DEMANDS YOU TERMINATE this "local health emergency" by a VOTE today!

(23) YOU HAVE NO BASIS TO PASS SR 20-3359, making individual citizens slaves to mask-wearing and ruining small businesses. There IS NO EMERGENCY!!! Instead, vote to end the "pretend local health emergency" and end all this nonsense today!

Sincerely,

Susan Frisbie

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Supervisors & Other Public Officials,

You are DIVIDING our community and SUPPORTING the public to be HARASSED and INTIMIDATED in places of businesses, even though **California Civil Code 51(b) protects us** from discrimination based on our **medical conditions or religious beliefs** and allows for our "free and equal" access to ALL business establishments of any kind, whatsoever.

See what they did to Old Town Cafe:

Defaming individual community members: Defamation of Character of Eric Christen (whom I know)

Aside from the fact that everything you've been doing has been UNCONSTITUTIONAL, as well as the fact that there is NO LOCAL HEALTH EMERGENCY, with all that being said, YOU HAVE NO BASIS TO PASS SR 20-3359, attempting to make individual citizens slaves to mask-wearing and ruining more small businesses in our county. There IS NO EMERGENCY!!! AND EVERYTHING YOU ARE DOING IS UNCONSTITUTIONAL! Instead of voting on SR 20-3359, I suggest you vote to end the "pretend local health emergency" and end all this nonsense immediately!

Sincerely,

Susan Frisbie

To the Board of Supervisors,

First and foremost, I want to remind you all that you are PUBLIC SERVANTS of the citizens of Nevada County. That means you are in your position to **serve the citizens**, NOT to control the citizens, NOT to destroy the citizens' livelihoods, and NOT to fine the citizens!

Are you aware that you are COMPLICIT in Fraud by INTENTIONALLY MISREPRESENTING THE INFORMATION about this "Mandated Protocol" for monetary gain? Hint, the 10 Million you've received, the bribe! In other words, you are all allowing this "local health mandate" of which Newsom said himself he cannot do, to stand in order to receive federal funds?!?!? This is FRAUD, which is a FELONY, and which carries a PRISON SENTENCE!

How do you sleep at night?

YOU HAVE ABSOLUTELY NO BASIS TO PASS SR 20-3359, continuing to make individual citizens slaves to mask-wearing and ruining more local small businesses. There IS NO EMERGENCY!!! Instead, vote to end the "pretend local health emergency" and end all this nonsense immediately!

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Supervisors & Other Public Officials,

As I wrote to you yesterday, neither Nevada County, nor the State of California are in a state of emergency. The fact is, we never have been.

Please read the entire Bill Barr memo which is **attached** to this email. Please in particular look at the reprinted sentences here, that have been highlighted for you in yellow:

Bill Barr memo: First page, 2nd paragraph:

"Now, I am directing each of our United States Attorneys to also be on the lookout for state and local directives that could be violating the constitutional rights and civil liberties of individual citizens."

Bill Barr memo: Second page:

"Many policies that would be unthinkable in regular times have become commonplace in recent weeks, and we do not want to unduly interfere with the important efforts of state and local officials to protect the public. **But the Constitution is not suspended in times of crisis.** We must therefore be vigilant to ensure its protections are preserved, at the same time that the public is protected."

Please be reminded of Article VI, clauses 2-3, in the Constitution of the United States of America, which states:

"This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the **supreme Law of the Land**; and the Judges in every state shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

The Senators and Representatives before mentioned, and the members of the several State Legislatures, and all executive and judicial Officers, both of the United States and of the several States, **shall be bound by Oath of Affirmation, to support this Constitution....."**

(1) According to CA law, "A local health emergency can ONLY be called if there is an IMMEDIATE and PROXIMATE THREAT of an INTRODUCTION of an infectious disease." In other words, an emergency is immediate, at hand -- not 4+ months LATER! The "introduction" of the disease was back in February. There are NO LEGAL GROUNDS for this unlawful "local health emergency" to continue. Even the heavily manipulated numbers of deaths, active cases, and resolved cases DO NOT SUPPORT A LOCAL HEALTH EMERGENCY!

(2) Your governing body has the LEGAL authority, power and DUTY to terminate this "pretend local health emergency" IMMEDIATELY -- and ALL THE ORDERS that are associated with it, to go away.

(3) The health orders state that "there is no vaccine for Covid-19." That is NOT legal grounds for a local

health emergency. This is DECEIT and FRAUD.

(4) By now you should be aware that OSHA guidance states that "cloth masks do not protect against COVID-19." There is also no reputable medical science and evidence that supports healthy people wearing masks. Why are you supporting mask wearing?

(5) You are DIVIDING our community and SUPPORTING the public to be HARASSED and INTIMIDATED in places of businesses, even though California Civil Code 51(b) protects us from discrimination based on our medical conditions or religious beliefs and allows for our "free and equal" access to all business establishments of any kind, whatsoever.

(6) Aside from the fact that everything that you've been doing has been UNCONSTITUTIONAL, as well as the fact that there is NO LOCAL HEALTH EMERGENCY, with all that being said, YOU HAVE NO BASIS TO PASS SR 20-3359, attempting to make individual citizens slaves to mask-wearing and ruining more small businesses in our county. There IS NO EMERGENCY!!! AND EVERYTHING YOU ARE DOING IS UNCONSTITUTIONAL! Instead of voting on SR 20-3359, I suggest you vote to end the "pretend local health emergency" and end all this nonsense immediately!

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I oppose the revised and current version of item 26, urgency covid enforcement ordinance. This version is draconian. It encourages the public to “snitch” or “tattle-tale” on individuals, businesses and commercial enterprises to cause code enforcers to levy excessive and confiscatory fines. There is enough acrimony in this county already. Don’t stir up more divisiveness.

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Consideration of item 26, the urgency enforcement ordinance should be held during a live public meeting. As a board you previously sat through not hours, but DAYS of public comment on the Marijuana Urgency Ordinance. The public needs to personally express their comments and personally see and hear your reactions thereto on this version of the urgency enforcement ordinance.

Surely you can figure out a way to let the public address your board in person while maintaining social distancing and other covid precautions.

Please oppose agenda item 26. I urge the board of supervisors to petition/urge/lobby the governor to rescind the statewide “close all restaurants” order. Nevada County is one of the “open” counties (but how can we tell?). There is not one case of covid emanating from a restaurant here, our hospitals are not impacted, and this county has done everything it was required to do to move to the current phase of opening.

I urge you to oppose agenda item 26. This county and its businesses, including restaurants did everything the governor required under the initial order in March. This county qualified for special opening status and re-opened carefully. Restaurants and others invested heavily in costly infrastructure and what did they get – another shut-down. This county continues to qualify for the special relaxed opening status but the governor’s recent order doesn’t recognize this. We comply and he punishes us. Does one size fit all counties?

That the governor threatens to withhold recovery funds feels like blackmail for an offense that wasn't committed. Arbitrary, capricious, politically motivated, and wrong-headed.

I would rather see the BOS stand up for the community and its businesses than to enact a punitive urgency ordinance. You, Supervisors and the city councils should be doing all in your power to NOT lose another business (tax payer).

If the intent of the ordinance, per the staff summary, is not to enlarge the COVID-19 orders already in place or to penalize individuals for not wearing a face covering in public or exercising their rights to free speech – then the ordinance should clearly state that intent. As written, that intent is not stated.

The proposed urgency ordinance is still flawed. Send it back or vote it down.

Supervisors - Please read the actual urgency ordinance, item 26, as its language and thrust is significantly different from the staff prepared summary. The summary paints a picture of a rosy, fairness, sweetness and light-touch enforcement apparatus. The actual wording of item 26 urgency covid enforcement ordinance is none of that.

The summary piece describes a sunset clause to this law - when the crisis is over. However the urgency ordinance before you clearly states that this new county law will not expire until the supervisors rescind it or until **ALL Covid-19 Orders expire or are rescinded by the County of Nevada Public Health Officer, the State of California, AND the federal government...**

Do you really intend to require concurrence and rescission by all these jurisdictions and levels of governance before you act?

Dear Supervisors Hall Hoek, Scofield, Miller and Anderson:

I am writing to strongly oppose item 26, the temporary Urgency Ordinance related to enforcement of Covid-19. The ordinance would be so devastating to the Businesses forcing there closure with the chance of never opening back up again.

This would put people out of work, lost of tax base and put a demand on our welfare system.

I ask you to vote NO on this Ordinance,

Madelene Testa

To the Board of Supervisors,

First of all, I want to remind you all that you are PUBLIC SERVANTS of the citizens of Nevada County. That means you are in your position to serve the citizens, NOT to control the citizens, NOT destroy the citizens livelihoods, and NOT to fine the citizens!

Just a couple quick questions: Where are all of the Bio Hazard bins for all of the used masks and gloves??? And, if this is such a deadly disease why does everyone have to be tested to find it???

CHANGE YOUR COURSE OF ACTION NOW!

(1) According to CA law, "A local health emergency can ONLY be called if there is an IMMEDIATE and PROXIMATE THREAT of an INTRODUCTION of an infectious disease." In other words, an emergency is immediate, at hand -- not 4+ months LATER! The "introduction" of the disease was back in February. There are NO LEGAL GROUNDS for this unlawful "local health emergency" to continue. Even the heavily manipulated numbers of deaths, active cases, and resolved cases DO NOT SUPPORT A LOCAL HEALTH EMERGENCY!

(2) Your governing body has the LEGAL authority, power, and DUTY to terminate this "pretend local health emergency" IMMEDIATELY -- and ALL THE ORDERS that are associated with it, to go away.

(3) The health orders state that "there is no vaccine for Covid-19." That is NOT legal grounds for a local health emergency. This is DECEIT and FRAUD.

(4) By now you should be aware that OSHA guidance states that "cloth masks do not protect against COVID-19." There is also no reputable medical science and evidence that supports healthy people wearing masks. Why are you supporting mask-wearing?

(5) You are DIVIDING our community and SUPPORTING the public to be HARASSED and INTIMIDATED in places of businesses, even though California Civil Code 51(b) protects us from discrimination based on our medical conditions or religious beliefs and allows for our "free and equal" access to all business establishments of any kind, whatsoever.

(6) Your actions have and continue to cause small businesses to close, individuals and small businesses to be continually harassed and intimidated, and there has been at least one suicide, all because of YOUR ACTIONS. AREN'T YOU PROUD OF YOURSELVES? How do you sleep at night? Where is your moral compass?

With all that being said, YOU HAVE NO BASIS TO PASS SR 20-3359, continuing to make individual

citizens slaves to mask-wearing and ruining more small businesses. There IS NO EMERGENCY!!! Instead, vote to END this "pretend local health emergency" and END all this complete nonsense immediately!

Best,

Holli Diel

Subject: VOTE "NO" ON SR-3359 (COVID Ordinance)

To the Board of Supervisors,

First of all, I want to remind you all that you are PUBLIC SERVANTS of the citizens of Nevada County. That means you are in your position to serve the citizens, NOT to control the citizens, NOT destroy the citizen's livelihoods, and NOT to fine the citizens!

With all that being said, YOU HAVE NO BASIS TO PASS SR 20-3359, continuing to make individual citizens slaves to mask-wearing and ruining more small businesses. There IS NO EMERGENCY!!! Instead, vote to END this "pretend local health emergency" and END all this complete nonsense immediately!

Are you prepared for LEGAL ACTION AGAINST YOU PERSONALLY for your FRAUDULENT actions (a felony, with a prison sentence) by not terminating the local health emergency, as required by law?

Nevada County has received or will receive \$10 Million from the state and federal government in emergency aid. It appears that money dictates your decisions, not principals. It appears you are willing to make Nevada County citizens slaves to mask-wearing so that YOU can get the \$10 million for purposes the citizens DO NOT WANT and DO NOT NEED. You all need to go to prison!

Your INACTION has ERODED the public TRUST, and there is an election right around the corner. I think you all know what that means.....

You have been reminded that YOU WORK FOR THE PUBLIC, and THE PUBLIC DEMANDS YOU TERMINATE this "pretend local health emergency!"

Sean Powers, the Director of the Nevada County Community Development Agency, the one who wrote the staff report and recommended the adoption of the ordinance should be ashamed of himself for turning on the Nevada County locals!

With all that being said, YOU HAVE NO BASIS TO PASS SR 20-3359, continuing to make individual citizens slaves to mask-wearing and ruining more small businesses. There IS NO EMERGENCY!!! Instead, vote to end the "pretend local health emergency" and end all this nonsense immediately!

It's just a Mask:

It's just a mask.

It's just six feet.

It's just two weeks.

It's just non-essential businesses.

It's just non-essential workers.

It's just a bar.

It's just a restaurant.

It's just to keep from overwhelming the hospitals.

It's just until the cases go down.

It's just to flatten the curve.

It's just a few inmates.

It's just to keep others from being scared.

It's just for a few more weeks.

It's just church. You could still pray.

It's just prayer.

It's just until we get a vaccine.

It's just a bracelet.

It's just an app.

It's just for tracing.

It's just to let people know you're safe to be around.

It's just to let others know who you've been in contact with.

It's just a few more months.

It's just some more inmates.

It's just a video.

It's just a post.

It's just an email account.

It's just for protecting others from hate speech.

It's just for protecting others from hurt feelings.

It's just a large gathering but for protests.

It's just a few violent protests.

It's just a little microchip.

It's just a blood test.

It's just a test.

It's just a scan.

It's just for medical information.

It's just to store a vaccination certificate.

It's just like a credit card.

It's just a few places that don't take cash.

It's just so you can travel.

It's just so you can get your driver's license.

It's just so you can vote.

It's just mail-in voting.

It's just a few more years.

It's just a statue.

It's just a monument.

It's just a building.

It's just a song.

It's just a lyric.

It's just an anthem.

It's just a few words.

It's just a piece of paper.

It's just a book.

It's just a movie.

It's just a TV show.

It's just a cartoon character.

It's just a piece of cloth.

It's just a flag.

It's just a dog.

It's just a clump of cells.

It's just a fetus.

It's just a religion.

It's just a holiday.

It's just the people who don't think as we do.

Remember, they said TAXATION would be temporary!

So it's not just a mask.

With all that being said, YOU HAVE NO BASIS TO PASS SR 20-3359, continuing to make individual citizens slaves to mask-wearing and ruining more small businesses. There IS NO EMERGENCY!!! Instead, vote to end the "pretend local health emergency" and end all this nonsense immediately!

Sincerely,

NOTICE TO PUBLIC SERVANTS/EMPLOYEES:

TO: THE NEVADA COUNTY BOARD OF SUPERVISORS, SEAN POWERS, DIRECTOR, COMMUNITY DEVELOPMENT AGENCY, AMY IRANI, Dr. RICHARD JOHNSON, "Acting Public Health Director", KIM BLIX, JILL BLAKE, AND UNKNOWN STAFF CONSPIRING TO COMMIT FRAUD AND EXTORTION IN VIOLATION OF YOUR OATH OF OFFICE AND OFFICIAL BOND.

I DO NOT CONSENT, AND I OBJECT TO YOUR UNLAWFUL ATTACK ON THE RIGHTS AND PROPERTY OF THE PEOPLE OF NEVADA COUNTY AND WE WILL HOLD EACH OF YOU PERSONALLY RESPONSIBLE AND LIABLE FOR INDEMNIFICATION IN THE AMOUNT OF TEN THOUSAND DOLLARS A DAY (\$10,000.00) PER VIOLATION FOR ANY ATTEMPT TO PLUNDER AND UNLAWFULLY ADMINISTER THE ESTATES AND PROPERTY OF THE PEOPLE OR BUSINESSES IN NEVADA COUNTY.

This proposed ordinance SR-3359 is nothing more than an ultra vires conspiracy to extort money/property and under color of law, to plunder and administer the estates of the people of Nevada county by a rogue county agent named Sean Powers on behalf of the Board of Supervisors, who has no authority to write or make law, yet he admitted he is the one who drafted this ordinance

SR-3359 in a live radio broadcast interview on KVMR radio, Friday, July 7, 2020, at approximately 6:15 pm.

The U.S. Supreme Court, in ***Scheuer v. Rhodes***, 416 U.S. 232, 94 S. Ct. 1683, 1687 (1974) stated that "when a state officer acts under a state law in a manner violative of the Federal Constitution, he "comes into conflict with the superior authority of that Constitution, and he is in that case stripped of his official or representative character and is subjected in his person to the consequences of his individual conduct. The State has no power to impart to him any immunity from responsibility to the supreme authority of the United States." [Emphasis supplied in original]. **YOU WILL BE HELD ACCOUNTABLE FOR YOUR ACTIONS!**

[There is NO MASK LAW in California](#)

NO Governor has ANY authority to compel any individual to do anything.

See California Constitution, 1849.

1. Newsom didn't issue any order. It was Guidance on Face Coverings statement from the Dept of Public Health.
2. It is not a public health order -- it is a statement... "Guidance"
3. There is no law cited or penal code cited. It is unenforceable.
4. This guidance actually RELAXES the previous orders.
5. This is pure deception to present this as "new law".
6. As Gov Newsom stated in an ABC interview from Stockton in July 2020, "**I can't Mandate anything to the people**". It is available to view on Bitchute.

From Peggy Hall - The Healthy American

The alarming trend we are seeing is that ESTABLISHED LAW is being violated by shopkeepers, medical professionals, public officials, and law enforcement!!!

I am SICK-AND-TIRED of law enforcement saying, "It's a private business, they can do whatever they want."

Oh R-E-A-L-L-Y?!?

That is a big fat NO!

As one of THE HEALTHY AMERICANS, you know that no business can create a policy that violates established law. PERIOD.

No executive order can violate or suspend established law. PERIOD.

No state of emergency can violate established law or the rights of the people. PERIOD.

No city or county ordinance can violate established law or the state or federal Constitution. PERIOD. You are governed by the codes and statutes and they are implemented to protect or rights, and not infringe on them.

You know it, and I know it -- now we need to educate the

businesses, the politicians, and law enforcement!

CHAPTER 9. Meetings [54950 - 54963]

(Chapter 9 added by Stats. 1953, Ch. 1588)

54950.

In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils, and the other public agencies in this State exist to aid in the conduct of the people's business. **It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly. OPENLY!! NOT ON ZOOM!**

The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

CIVIL CODE - CIV

DIVISION 1. PERSONS [38 - 86]

(Heading of Division 1 amended by Stats. 1988, Ch. 160, Sec. 12.)

PART 2. PERSONAL RIGHTS [43 - 53.7]

(Part 2 enacted 1872.)

51.7.

(a) This section shall be known and may be cited, as the Ralph Civil Rights Act of 1976.

(b) **All persons within the jurisdiction of this state have the right to be free from any violence, or intimidation by threat of violence, committed against their persons or property because of political affiliation,** or on account of any characteristic listed or defined in subdivision (b) or (e) of Section 51, or position in a labor dispute, or because another person perceives them to have one or more of those characteristics. The identification in this subdivision of particular bases of discrimination is illustrative rather than restrictive.

(c)

(1) A person shall not require another person to waive any legal right, penalty, remedy, forum, or procedure for a violation of this section, as a condition of entering into a contract for goods or services, including the right to file and pursue a civil action or complaint with, or otherwise notified, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any court or other governmental entity.

(2) A person shall not refuse to enter into a contract with **or refuse to provide goods or services to, another person on the basis that the other person**

refuses to waive any legal right, penalty, remedy, forum, or procedure for a violation of this section, including the right to file and pursue a civil action or complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any other governmental entity.

(3) Any waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section, including the right to file and pursue a civil action or complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any other governmental entity shall be knowing and voluntary, in writing, and expressly not made as a condition of entering into a contract for goods or services or as a condition of providing or receiving goods and services.

(4) **Any waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section that is required as a condition of entering into a contract for goods or services shall be deemed involuntary, unconscionable, against public policy, and unenforceable.** Nothing in this subdivision shall affect the enforceability or validity of any other provision of the contract.

(5) Any person who seeks to enforce a waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section shall have the burden of proving that the waiver was knowing and voluntary and not made as a condition of the contract or of providing or receiving the goods or services.

I am writing to urge your NO vote on Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related.

The proposed fines are extraordinary and are excessive for what would be classified as misdemeanors.

County and State government agencies, particularly Health and Environment departments, have not provided scientific evidence of epidemic.

It is not appropriate nor advisable to assign county staff to "enforcement officer" roles.

Heidi Wickstrom

Subject: "to be read as part of the public record."

I oppose item 26 (Urgency Ordinance) on the agenda for the upcoming BOS meeting on Tuesday, August 11.

Our county is NOT in a state of emergency! Please support all businesses, families and schools by letting them open up and support themselves as they see fit! We have already had many vital businesses close and many more are on the verge. Please allow families to choose which businesses to patronize without fear of being yelled at for not wearing a mask! There are MANY exemptions to not wearing a mask listed in the guidance from Newsom, but, only a handful of businesses honor it and many humans in our county take it upon themselves to harass and berate fellow humans! WE have become like Nazi Germany...tattling on fellow friends and neighbors. It's that what you want, such division in your county? We've already had a few cases of children passing out because of masks, hospitals are starting to treat bacterial infections in lungs and on mouths because of masks, as well. It's only going to get

worse if masks are the "new norm".

Newsom admitted at the end of July, that he CAN NOT mandate anything, only influence!

You've already received your money, so do what's best for your county!

Have you looked at all the research on masks? If so, you would know masks don't work at stopping the transmission of any virus and in fact, it's shown to cause harm and people are more likely to get ill with them on.

Please! The people that are asking you to keep everything closed and asking for masks can simply stay home or don't patronize establishments that scare them while the rest of us can support our families the best we can!

There is so much data that doesn't "follow the money". Data that has come from doctors that have NOTHING to gain other than getting fired from there job, threats to their lives, etc. These are the doctors we need to trust, the front line doctors that just want what's best for humans and don't stand to make billions on a vaccine that has been fast tracked and has already killed at least 4 and had adverse affects in many that are being guinea pigs.

There are several treatments for Covid that work!! We don't have to be fearful of a virus with a 99.6% survival rate, especially with treatments.

I am happy to supply you with scientific data and evidence if you are in need.

Thank you,
Heidi Wickstrom

YOU can stop the hate, the mask bullying and the discrimination! Let those that want to start a mask and potentially harm themselves do so but, don't make everyone!

IF YOU WANT TO WEAR A MASK ...THEN WEAR IT. BUT... Do you know that there are numerous VALID reasons to NOT wear a mask?

Here is a small list,

ADHD

Agoraphobia

Anxiety

Asthma

Autism

Chronic Sinus Issues

Claustrophobia

Chronic Inflammatory Response Syndrome (CIRS)

Chronic Obstructive Pulmonary Disease (COPD)

Chronic Regional Pain Syndrome (CRPS)

Deaf or Hard of Hearing

Depression and other Mental Health

Deviated Septum

Down Syndrome

Dysautonomia

Emphysema

High Blood Pressure

Hyperemesis Gravidarum (HG)

Hyperhidrosis

Hypoxia

Lung Cancer

Lung Disease and other assorted issues

Multiple Sclerosis

Panic Attack/Panic Disorders

Pleurisy

Post-Partum Anxiety (PPA) or Depression (PPD)

Post-Traumatic Stress Disorder (PTSD)

Pulmonary Embolism

Rape / Sexual Assault Victims

Raynaud's Syndrome

Reflex Neurovascular Disorder/Disease

Sensory Processing Disorder

Vertigo

AND MORE.

So the next time that you are out and about and see someone that is not wearing a mask , please do not HARASS or BULLY that person.

You do NOT know their situation or their personal physical or mental health struggles.

You do NOT know the enteral struggles that have been going on within themselves to just go out in public, including pre-COVID.

If YOU want to wear a mask , that is fine for YOU. PLEASE do not become a mask bully and make an already difficult situation even worse for those around you with your nasty looks and your rude remarks.

Please read. Important happening in our area!

Yesterday I was talking with a new friend who is in New York treating covid symptoms successfully, with high dose vit c and other supplements that truly nourish. Some clients are not only getting well..but are now healthier than they were pre covid. Other doctors have tried to do this..and though successful they have been asked to cease and desist.

She has also used hydroxychloroquine and this has helped others.

The FDA has revoked this. Pharmacists have been denied to prescribe it, if being used for covid.

Entire States are trying to ban it, this is when in other countries, hydroxychloroquine is in the vitamin section and freely dispensed.

My friend shared how she is named after her grandmother, who was the SOLE survivor of her family, due to the nazi occupation.

She shared that the death camps were once thought to be a rumor.

No one could imagine that something so evil could actually exist.

We of course now know that the death camps were not a rumor but a very horrific and deadly reality.

I look at our town. I look at people that I have admired over the years and I see them consumed by a fear mongering media..judgement and hatred.....Clouding their vision so much that even when censoring is happening left and right...posts on facebook are now not only false flagged but straight up deleted... When A I is now capable of deeming us worthy citizens...similar to the Chinese social credit system, when law makers are literally saying vaccinate or terminate (in the work force)....these actions go in one ear and out the other..as the mantra just wear a mask..is repeated.

I have seen people say that there are greater civil liberty issues at stake here. They have all too soon forgotten small pox in blankets, syphilis experiments at Tuskegee, and more recently the hundreds of thousands of people of color again literally sterilized, paralyzed and killed through the vaccine programs in other countries such as Africa.

Somehow again they turn a blind eye on the treatments being banned and that these people could be helped.. That these people could be given running water and the very basics of life instead of spending billions on contact tracing and masks.

Teenagers are turning against teenagers.. as there are some that wear masks and some who do

not...And people that are actually kind and caring people are posting... "Now we know who to social distance from forever".....Friends of 40 and 50 years are being lost. Treatments are being censored...conflict of interest is rampant....and still the mantra is repeated...

Just wear a mask....

When people are not coughing or sneezing...but still forced to just wear a mask...even though they are making people sick and tired and weaker...Maybe not the person that wears it for 20 minutes..but I am not talking about that... I am talking about the person that I asked at Hills Flat that had an asthma attack...at the woman at Kmart who almost passed out.... The person at SPD who developed strep throat... the pregnant mama that wore a mask for 9 hours and developed a respiratory illness... Again, these are just the local people...

The other day in the Auburn Target, a customer said that she could not wear a mask... They said that she had to... She put one on..and proceeded to pass out... Guess what happened... People did not help her because they thought that she was contagious.

What is becoming of us?

What will become of us?

Would you know that this was even happening if it were not for the internet?

IN 2017 30 people died of the flu in Nevada County. For covid one person has died that was 80 and had stage 4 cancer.

I remember once reading a powerful article about a neo nazi. He was contacted by a person that was a reformed neo nazi. When asked for an interview, he agreed to meet with her.

His reasoning was that it may benefit him to do so ...and while it was very possible that he would not change his mind, he owed it to himself to at least listen.

Our window of opportunity seems to be quickly closing. What is it that makes you agree to wear a mask and yet question the goggles? Those words are coming from the same man. At what point will you say, Enough?

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Why does the county Board of Supervisor want to criminalize small businesses? Will that cure covid19? Other counties are pushing back and advocating for their small businesses and their community because they see the bigger picture, that the destruction of the small businesses is the destruction of the ability to provide shelter and food for families in their community.

Dr. Sonia Agnell, California Department of Public Health Director has resigned, as well as second in command Charity Dean. Why did they resign? Because of their incompetence and inability to understand that not all counties are created equally. Can we trust the data coming from these agencies and being used to determine the fate our county?

We do not have confidence in the California Department of Public Health or our local Public Health and government officials to meet the unique needs of our county. You are not advocating for ALL of Nevada County and do not have the authority to hold our lives hostage indefinitely and criminalize us for trying to survive as best we can through this crisis.

Making businesses the enemy is deflecting from the fact that allopathic medicine, public health agencies and the government both Federal and Local have failed public health. Americans dying from covid19 is the fault of public health and government officials. The incompetence is apparent when we look at the statistics, yet you are making citizens asking questions about things that directly impact their lives, the enemy and this must stop. Stop making small businesses the scape goats to your failures as local government. We do not need more government involvement. We need to empower and educate our community.

Arbitrary designations of what is essential or "safe" and closing indoor dining when we can still shop inside retail stores, grocery stores, ride on airplanes and big chains MUST STOP. The fault lies at the feet of the government that has failed public health and masks and enforcement are attempts to look competent and useful. It seems all the policies and leadership that led to mass covid spread are being ignored by local health officials and our BOS who then fixated on targeting small businesses with mandates never enforced in prisons and jails.

We do not need government regulating every aspect of our lives. We need personal responsibility, bodily autonomy and discourse in democracy, not this ordinance.

What have local government and public health done to address any of these issues before this pandemic as these factors directly affect the outcomes of covid.

Our locally owned small businesses are unique and special. They are the antidote to big business and outside investors. We need to persevere what makes our small town so special and stop acting like one size fits all.

Please do not pass this ordinance.

Thank you,
Heidi Wickstrom

intentional-infect-themselves-with-coronavirus-sheriff-says

Here are some facts about public health you can look up and this is not even the tip of the iceberg. Some of these factors have led to the deaths of Americans during the covid pandemic and you are all responsible. We will have an increase in deaths from suicide with the increase in unemployment and they stress poverty brings especially in our rural town.

1. Obesity and diabetes “While adults across age groups saw similar obesity rates in 2017-2018, there were disparities by race and ethnicity: At 49.6%, the obesity rate was highest among black adults, though it was also above 40% for Hispanics and non-Hispanic white adults. The obesity rate was lowest among Asians, at 17.4%.” CDC

2. “The number of commercially insured Americans age 30 to 64 diagnosed with early-onset dementia or Alzheimer’s disease increased by 200 percent from 2013 to 2017, according to an assessment of claims data from Blue Cross Blue Shield Association (BCBSA).”

3. “In 2020, 1,806,590 new cancer cases and 606,520 cancer deaths are projected to occur in the United States.” ACS

4. After cancer and heart disease, the most common group of diseases in the U.S. are autoimmune diseases, which occur when the immune system mistakenly attacks the body’s own organs, tissues and cells. some of the most common include Type 1 diabetes, rheumatoid arthritis, multiple sclerosis, lupus, psoriasis, thyroid diseases and inflammatory bowel disease). Most have no cure, and so patients can face a lifetime of debilitating symptoms, loss of organ function and even death. More than 54% of American children are suffering from one or more chronic illnesses, with the late 1980s and early 1990s viewed as the gateway period that launched the decline. Autism, ADHD, asthma and allergies have doubled since that time, with autism now one in 34 children in some regions. Pediatric autoimmune conditions are also on the rise, and the proportion of public school children using special education services is estimated at 13% to 25% of school populations. Data from the National Vital Statistics System and Children’s Health Defense

5. “About 11,050 children in the United States under the age of 15 will be diagnosed with cancer in 2020. Childhood cancer rates have been rising slightly for the past few decades. Cancer is the number one cause of death by disease among children.” ACS

6. “More than two thirds of all deaths are caused by one or more of these five chronic diseases: heart disease, cancer, stroke, chronic obstructive pulmonary disease, and diabetes. Additional statistics are quite stark: chronic diseases are responsible for seven out of 10 deaths in the U.S., killing more than 1.7 million Americans each year; and more than 75% of the \$2 trillion spent on public and private healthcare in 2005 went toward chronic diseases.” Environmental Research and Public Health

7. “From 1999 through 2018, the suicide rate increased 35%, from 10.5 per 100,000 to 14.2. In 2018, suicide rates were higher in the most rural counties compared with the most urban counties for both males and females. Suicide is the 10th leading cause of death for all ages in the United States.” CDC

Subject: RE: BOS Agenda for Tuesday, August 11, Item 26- I oppose it

Please read. Important happening in our area!

Yesterday I was talking with a new friend who is in New York treating covid symptoms successfully, with high dose vit c and other supplements that truly nourish. Some clients are not only getting well..but are now healthier than they were pre covid. Other doctors have tried to do this..and though successful they have been asked to cease and desist. She has also used hydroxychloroquine and this has helped others. The FDA has revoked this. Pharmacists have been denied to prescribe it, if being used for covid. Entire States are trying to ban it, this is when in other countries, hydroxychloroquine is in the vitamin section and freely dispensed.

My friend shared how she is named after her grandmother, who was the SOLE survivor of her family, due to the nazi occupation.

She shared that the death camps were once thought to be a rumor.

No one could imagine that something so evil could actually exist.

We of course now know that the death camps were not a rumor but a very horrific and deadly reality.

I look at our town. I look at people that I have admired over the years and I see them consumed by a fear mongering media..judgement and hatred.....Clouding their vision so much that even when censoring is happening left and right...posts on facebook are now not only false flagged but straight up deleted... When A I is now capable of deeming us worthy citizens...similar to the Chinese social credit system, when law makers are literally saying vaccinate or terminate (in the work force)....these actions go in one ear and out the other..as the mantra just wear a mask..is repeated.

I have seen people say that there are greater civil liberty issues at stake here. They have all too soon forgotten small pox in blankets, syphilis experiments at Tuskegee, and more recently the hundreds of thousands of people of color again literally sterilized, paralyzed and killed through the vaccine programs in other countries such as Africa.

Somehow again they turn a blind eye on the treatments being banned and that these people could be helped.. That these people could be given running water and the very basics of life instead of spending billions on contact tracing and masks.

Teenagers are turning against teenagers.. as there are some that wear masks and some who do not...And people that are actually kind and caring people are posting... "Now we know who to social distance from forever".....Friends of 40 and 50 years are being lost. Treatments are being censored...conflict of interest is rampant....and still the mantra is

repeated...

Just wear a mask....

When people are not coughing or sneezing...but still forced to just wear a mask...even though they are making people sick and tired and weaker...Maybe not the person that wears it for 20 minutes..but I am not talking about that... I am talking about the person that I asked at Hills Flat that had an asthma attack...at the woman at Kmart who almost passed out.... The person at SPD who developed strep throat... the pregnant mama that wore a mask for 9 hours and developed a respiratory illness... Again, these are just the local people...

The other day in the Auburn Target, a customer said that she could not wear a mask... They said that she had to... She put one on..and proceeded to pass out... Guess what happened... People did not help her because they thought that she was contagious.

What is becoming of us?

What will become of us?

Would you know that this was even happening if it were not for the internet?

IN 2017 30 people died of the flu in Nevada County. For covid one person has died that was 80 and had stage 4 cancer.

I remember once reading a powerful article about a neo nazi. He was contacted by a person that was a reformed neo nazi. When asked for an interview, he agreed to meet with her.

His reasoning was that it may benefit him to do so ...and while it was very possible that he would not change his mind, he owed it to himself to at least listen.

Our window of opportunity seems to be quickly closing. What is it that makes you agree to wear a mask and yet question the goggles? Those words are coming from the same man. At what point will you say, Enough?

I am writing to urge your NO vote on Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related.

The proposed fines are extraordinary and are excessive for what would be classified as misdemeanors.

County and State government agencies, particularly Health and Environment departments, have not provided scientific evidence of epidemic.

It is not appropriate nor advisable to assign county staff to "enforcement officer" roles.

Subject: "to be read as part of the public record."

I oppose item 26 (Urgency Ordinance) on the agenda for the upcoming BOS meeting on Tuesday, August 11.

Our county is NOT in a state of emergency! Please support all businesses, families and schools by letting them open up and support themselves as they see fit! We have already had many vital businesses close and many more are on the verge. Please allow families to choose which businesses to patronize without fear of being yelled at for not wearing a mask! There are MANY exemptions to not wearing a mask listed in the guidance from Newsom, but, only a handful of businesses honor it and many humans in our county take it upon themselves to harass and berate fellow humans! WE have become like Nazi Germany...tattling on fellow friends and neighbors. It's that what you want, such division in your county? We've already had a few cases of children passing out because of masks, hospitals are starting to treat bacterial infections in lungs and on mouths because of masks, as well. It's only going to get worse if masks are the "new norm".

Newsom admitted at the end of July, that he CAN NOT mandate anything, only influence! You've already received your money, so do what's best for your county!

Have you looked at all the research on masks? If so, you would know masks don't work at stopping the transmission of any virus and in fact, it's shown to cause harm and people are more likely to get ill with them on.

Please! The people that are asking you to keep everything closed and asking for masks can simply stay home or don't patronize establishments that scare them while the rest of us can support our families the best we can!

There is so much data that doesn't "follow the money". Data that has come from doctors that have NOTHING to gain other than getting fired from their job, threats to their lives, etc.

These are the doctors we need to trust, the front line doctors that just want what's best for humans and don't stand to make billions on a vaccine that has been fast tracked and has already killed at least 4 and had adverse affects in many that are being guinea pigs.

There are several treatments for Covid that work!! We don't have to be fearful of a virus with a 99.6% survival rate, especially with treatments.

I am happy to supply you with scientific data and evidence if you are in need.

Thank you,
Heidi Wickstrom

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I have prayed this over you all today and for all involved. Please vote Biblically and morally.

Lord, thank you for the men and women willing to serve in local public office. We pray today that they would have wisdom and discernment as they make decisions for their communities. We also ask that you give our leaders courage so that even when it's difficult, they would boldly represent their constituents' needs. We pray that even in the midst of today's political climate, you would give local leaders the ability to bring reconciliation in their communities. Help them to find ways to bring people together, while at the same time accepting that it is impossible to make everyone happy. Lord, help us as local community members to be empathetic toward the burden that our local leaders carry. May we be gentle, understanding, and have grace on those who are sacrificing their time and giving their talents to be in public service. Most of all, Lord, we pray that those who are in political office will have a moral compass; that they would fix their eyes on you and make decisions based on what is right, not what is easy. We pray a blessing over our local government leaders today. In Jesus name, Amen.

Subject: RE: BOS Agenda for Tuesday, August 11, Item 26- I oppose it

Why does the county Board of Supervisor want to criminalize small businesses? Will that cure covid19? Other counties are pushing back and advocating for their small businesses and their community because they see the bigger picture, that the destruction of the small businesses is the destruction of the ability to provide shelter and food for families in their community.

Dr. Sonia Agnell, California Department of Public Health Director has resigned, as well as second in command Charity Dean. Why did they resign? Because of their incompetence and inability to understand that not all counties are created equally. Can we trust the data coming from these agencies and being used to determine the fate our county?

We do not have confidence in the California Department of Public Health or our local Public Health and government officials to meet the unique needs of our county. You are not advocating for ALL of Nevada County and do not have the authority to hold our lives hostage indefinitely and criminalize us for trying to survive as best we can through this crisis.

Making businesses the enemy is deflecting from the fact that allopathic medicine, public

health agencies and the government both Federal and Local have failed public health. Americans dying from covid19 is the fault of public health and government officials. The incompetence is apparent when we look at the statistics, yet you are making citizens asking questions about things that directly impact their lives, the enemy and this must stop. Stop making small businesses the scape goats to your failures as local government. We do not need more government involvement. We need to empower and educate our community.

Arbitrary designations of what is essential or “safe” and closing indoor dining when we can still shop inside retail stores, grocery stores, ride on airplanes and big chains MUST STOP. The fault lies at the feet of the government that has failed public health and masks and enforcement are attempts to look competent and useful. It seems all the policies and leadership that led to mass covid spread are being ignored by local health officials and our BOS who then fixated on targeting small businesses with mandates never enforced in prisons and jails.

We do not need government regulating every aspect of our lives. We need personal responsibility, bodily autonomy and discourse in democracy, not this ordinance.

What have local government and public health done to address any of these issues before this pandemic as these factors directly affect the outcomes of covid.

Our locally owned small businesses are unique and special. They are the antidote to big business and outside investors. We need to persevere what makes our small town so special and stop acting like one size fits all.

Please do not pass this ordinance.

Thank you,
Heidi Wickstrom

Subject: "to be read as part of the public record."

I oppose item 26 (Urgency Ordinance) on the agenda for the upcoming BOS meeting on Tuesday, August 11.

Our county is NOT in a state of emergency! Please support all businesses, families and schools by letting them open up and support themselves as they see fit! We have already had many vital businesses close and many more are on the verge. Please allow families to choose which businesses to patronize without fear of being yelled at for not wearing a mask! There are MANY exemptions to not wearing a mask listed in the guidance from Newsom, but, only a handful of businesses honor it and many humans in our county take it upon themselves to harass and berate fellow humans! WE have become like Nazi Germany...tattling on fellow friends and neighbors. It's that what you want, such division in your county? We've already had a few cases of children passing out because of masks, hospitals are starting to treat bacterial infections in lungs and on mouths because of masks, as well. It's only going to get worse if masks are the "new norm".

Newsom admitted at the end of July, that he CAN NOT mandate anything, only influence! You've already received your money, so do what's best for your county!

Have you looked at all the research on masks? If so, you would know masks don't work at stopping the transmission of any virus and in fact, it's shown to cause harm and people are more likely to get ill with them on.

Please! The people that are asking you to keep everything closed and asking for masks can simply stay home or don't patronize establishments that scare them while the rest of us can support our families the best we can!

There is so much data that doesn't "follow the money". Data that has come from doctors that have NOTHING to gain other than getting fired from there job, threats to their lives, etc. These are the doctors we need to trust, the front line doctors that just want what's best for humans and don't stand to make billions on a vaccine that has been fast tracked and has already killed at least 4 and had adverse affects in many that are being guinea pigs.

There are several treatments for Covid that work!! We don't have to be fearful of a virus with a 99.6% survival rate, especially with treatments.

I am happy to supply you with scientific data and evidence if you are in need.

Thank you,
Heidi Wickstrom

Subject: Over 25% of Americans 18-24 seriously considered suicide in past 30 days!
Date: Thursday, August 13, 2020 5:00:48 PM

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

CDC: 25.5% of Americans age 18 to 24 seriously considered suicide in the past 30 days, 16% of ages 25 to 44.

ALSO NOTE: "Started or increased substance use to cope with pandemic-related stress or emotions" = 24.7% of 18-24 year olds, 19.5% of 25-44 year olds.

Public health policy cannot just be about COVID...people feel hopeless, kids are suffering extreme levels of despair and loneliness...what is the tipping point when the costs of shutting down schools and businesses outweigh the benefits?

Source (page 4): <https://www.cdc.gov/mmwr/volumes/69/wr/pdfs/mm6932a1-H.pdf>

I have attached corresponding table that shows data.

Please do what's best for our communities, children, businesses, churches and families and that is to OPEN up completely, open schools and leave businesses and individuals alone to manage their OWN health like we have always done.

I have prayed this over you all today and for all involved. Please vote Biblically and morally.

Lord, thank you for the men and women willing to serve in local public office. We pray today that they would have wisdom and discernment as they make decisions for their communities. We also ask that you give our leaders courage so that even when it's difficult, they would boldly represent their constituents' needs. We pray that even in the midst of today's political climate, you would give local leaders the ability to bring reconciliation in their communities. Help them to find ways to bring people together, while at the same time accepting that it is impossible to make everyone happy. Lord, help us as local community members to be empathetic toward the burden that our local leaders carry. May we be gentle, understanding, and have grace on those who are sacrificing their time and giving their talents to be in public service. Most of all, Lord, we pray that those who are in political office will have a moral

compass; that they would fix their eyes on you and make decisions based on what is right, not what is easy. We pray a blessing over our local government leaders today. In Jesus name, Amen.

Subject: RE: BOS Agenda for Tuesday, August 11, Item 26- I oppose it

Why does the county Board of Supervisor want to criminalize small businesses? Will that cure covid19? Other counties are pushing back and advocating for their small businesses and their community because they see the bigger picture, that the destruction of the small businesses is the destruction of the ability to provide shelter and food for families in their community.

Dr. Sonia Agnell, California Department of Public Health Director has resigned, as well as second in command Charity Dean. Why did they resign? Because of their incompetence and inability to understand that not all counties are created equally. Can we trust the data coming from these agencies and being used to determine the fate our county?

We do not have confidence in the California Department of Public Health or our local Public Health and government officials to meet the unique needs of our county. You are not advocating for ALL of Nevada County and do not have the authority to hold our lives hostage indefinitely and criminalize us for trying to survive as best we can through this crisis.

Making businesses the enemy is deflecting from the fact that allopathic medicine, public health agencies and the government both Federal and Local have failed public health. Americans dying from covid19 is the fault of public health and government officials. The incompetence is apparent when we look at the statistics, yet you are making citizens asking questions about things that directly impact their lives, the enemy and this must stop. Stop making small businesses the scape goats to your failures as local government. We do not need more government involvement. We need to empower and educate our community.

Arbitrary designations of what is essential or "safe" and closing indoor dining when we can still shop inside retail stores, grocery stores, ride on airplanes and big chains MUST STOP. The fault lies at the feet of the government that has failed public health and masks and enforcement are attempts to look competent and useful. It seems all the policies and leadership that led to mass covid spread are being ignored by local health officials and our BOS who then fixated on targeting small businesses with mandates never enforced in prisons and jails.

We do not need government regulating every aspect of our lives. We need personal responsibility, bodily autonomy and discourse in democracy, not this ordinance.

What have local government and public health done to address any of these issues before this pandemic as these factors directly affect the outcomes of covid.

Our locally owned small businesses are unique and special. They are the antidote to big

business and outside investors. We need to persevere what makes our small town so special and stop acting like one size fits all.

Please do not pass this ordinance.

Thank you,
Heidi Wickstrom

Here are some facts about public health you can look up and this is not even the tip of the iceberg. Some of these factors have led to the deaths of Americans during the covid pandemic and you are all responsible. We will have an increase in deaths from suicide with the increase in unemployment and they stress poverty brings especially in our rural town.

1. Obesity and diabetes “While adults across age groups saw similar obesity rates in 2017-2018, there were disparities by race and ethnicity: At 49.6%, the obesity rate was highest among black adults, though it was also above 40% for Hispanics and non-Hispanic white adults. The obesity rate was lowest among Asians, at 17.4%.” CDC

2. “The number of commercially insured Americans age 30 to 64 diagnosed with early-onset dementia or Alzheimer’s disease increased by 200 percent from 2013 to 2017, according to an assessment of claims data from Blue Cross Blue Shield Association (BCBSA).”

3. “In 2020, 1,806,590 new cancer cases and 606,520 cancer deaths are projected to occur in the United States.” ACS

4. After cancer and heart disease, the most common group of diseases in the U.S. are autoimmune diseases, which occur when the immune system mistakenly attacks the body’s own organs, tissues and cells. some of the most common include Type 1 diabetes, rheumatoid arthritis, multiple sclerosis, lupus, psoriasis, thyroid diseases and inflammatory bowel disease). Most have no cure, and so patients can face a lifetime of debilitating symptoms, loss of organ function and even death. More than 54% of American children are suffering from one or more chronic illnesses, with the late 1980s and early 1990s viewed as the gateway period that launched the decline. Autism, ADHD, asthma and allergies have doubled since that time, with autism now one in 34 children in some regions. Pediatric autoimmune conditions are also on the rise, and the proportion of public school children using special education services is estimated at 13% to 25% of school populations. Data from the National Vital Statistics System and Children’s Health Defense

5. “About 11,050 children in the United States under the age of 15 will be diagnosed with cancer in 2020. Childhood cancer rates have been rising slightly for the past few decades. Cancer is the number one cause of death by disease among children.” ACS

6. “More than two thirds of all deaths are caused by one or more of these five chronic diseases: heart disease, cancer, stroke, chronic obstructive pulmonary disease, and diabetes. Additional statistics are quite stark: chronic diseases are responsible for seven out of 10 deaths in the U.S., killing more than 1.7 million Americans each year; and more than 75% of the \$2 trillion spent on public and private healthcare in 2005 went toward chronic diseases.” Environmental Research and Public Health

7. “From 1999 through 2018, the suicide rate increased 35%, from 10.5 per 100,000 to 14.2. In 2018, suicide rates were higher in the most rural counties compared with the most urban counties for both males and females. Suicide is the 10th leading cause of death for all ages in the United States.” CDC

Subject: RE: BOS Agenda for Tuesday, August 11, Item 26- I oppose it

Please read. Important happening in our area!

Yesterday I was talking with a new friend who is in New York treating covid symptoms successfully, with high dose vit c and other supplements that truly nourish. Some clients are not only getting well..but are now healthier than they were pre covid. Other doctors have tried to do this..and though successful they have been asked to cease and desist.

She has also used hydroxychloroquine and this has helped others.

The FDA has revoked this. Pharmacists have been denied to prescribe it, if being used for covid.

Entire States are trying to ban it, this is when in other countries, hydroxychloroquine is in the vitamin section and freely dispensed.

My friend shared how she is named after her grandmother, who was the SOLE survivor of her family, due to the nazi occupation.

She shared that the death camps were once thought to be a rumor.

No one could imagine that something so evil could actually exist.

We of course now know that the death camps were not a rumor but a very horrific and deadly reality.

I look at our town. I look at people that I have admired over the years and I see them consumed by a fear mongering media...judgement and hatred....Clouding their vision so much that even when censoring is happening left and right...posts on facebook are now not only false flagged but straight up deleted... When A I is now capable of deeming us worthy citizens...similar to the Chinese social credit system, when law makers are literally saying vaccinate or terminate (in the work force)....these actions go in one ear and out the other..as the mantra just wear a mask..is repeated.

I have seen people say that there are greater civil liberty issues at stake here. They have all too soon forgotten small pox in blankets, syphilis experiments at Tuskegee, and more recently the hundreds of thousands of people of color again literally sterilized, paralyzed and killed through the vaccine programs in other countries such as Africa.

Somehow again they turn a blind eye on the treatments being banned and that these people could be helped.. That these people could be given running water and the very basics of life instead of spending billions on contact tracing and masks.

Teenagers are turning against teenagers.. as there are some that wear masks and some who do not...And people that are actually kind and caring people are posting... "Now we know who to

social distance from forever".....Friends of 40 and 50 years are being lost.
Treatments are being censored...conflict of interest is rampant....and still the mantra is repeated...

Just wear a mask....

When people are not coughing or sneezing...but still forced to just wear a mask...even though they are making people sick and tired and weaker...Maybe not the person that wears it for 20 minutes..but I am not talking about that... I am talking about the person that I asked at Hills Flat that had an asthma attack...at the woman at Kmart who almost passed out.... The person at SPD who developed strep throat... the pregnant mama that wore a mask for 9 hours and developed a respiratory illness... Again, these are just the local people...

The other day in the Auburn Target, a customer said that she could not wear a mask... They said that she had to... SHE put one on..and proceeded to pass out... Guess what happened... People did not help her because they thought that she was contagious.

What is becoming of us?

What will become of us?

Would you know that this was even happening if it were not for the internet?

IN 2017 30 people died of the flu in Nevada County. For covid one person has died that was 80 and had stage 4 cancer.

I remember once reading a powerful article about a neo nazi. He was contacted by a person that was a reformed neo nazi. When asked for an interview, he agreed to meet with her.

His reasoning was that it may benefit him to do so ...and while it was very possible that he would not change his mind, he owed it to himself to at least listen.

Our window of opportunity seems to be quickly closing. What is it that makes you agree to wear a mask and yet question the goggles? Those words are coming from the same man. At what point will you say, Enough?

Subject: RE: BOS Agenda for Tuesday, August 11, Item 26- I oppose it

YOU can stop the hate, the mask bullying and the discrimination! Let those that want to start a mask and potentially harm themselves do so but, don't make everyone!

IF YOU WANT TO WEAR A MASK ...THEN WEAR IT. BUT... Do you know that there are numerous VALID reasons to NOT wear a mask?

Here is a small list,

ADHD

Agoraphobia

Anxiety

Asthma

Autism

Chronic Sinus Issues

Claustrophobia

Chronic Inflammatory Response Syndrome (CIRS)
Chronic Obstructive Pulmonary Disease (COPD)
Chronic Regional Pain Syndrome (CRPS)
Deaf or Hard of Hearing
Depression and other Mental Health
Deviated Septum
Down Syndrome
Dysautonomia
Emphysema
High Blood Pressure
Hyperemesis Gravidarum (HG)
Hyperhidrosis
Hypoxia
Lung Cancer
Lung Disease and other assorted issues
Multiple Sclerosis
Panic Attack/Panic Disorders
Pleurisy
Post-Partum Anxiety (PPA) or Depression (PPD)
Post-Traumatic Stress Disorder (PTSD)
Pulmonary Embolism
Rape / Sexual Assault Victims
Raynaud's Syndrome
Reflex Neurovascular Disorder/Disease
Sensory Processing Disorder
Vertigo
AND MORE.

So the next time that you are out and about and see someone that is not wearing a mask , please do not HARASS or BULLY that person.

You do NOT know their situation or their personal physical or mental health struggles.

You do NOT know the enteral struggles that have been going on within themselves to just go out in public, including pre-COVID.

If YOU want to wear a mask , that is fine for YOU. PLEASE do not become a mask bully and make an already difficult situation even worse for those around you with your nasty looks and your rude remarks.

I am writing to urge your NO vote on Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related.

The proposed fines are extraordinary and are excessive for what would be classified as misdemeanors.

County and State government agencies, particularly Health and Environment departments, have not provided scientific evidence of epidemic.

It is not appropriate nor advisable to assign county staff to "enforcement officer" roles.

Heidi Wickstrom

Dist 1

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am writing to oppose Item 26, the temporary Urgency Ordinance related to enforcement of COVID.

Customers are allowed to go in a grocery store, drug store, and other businesses with a mask while social distancing. Restaurants should also be allowed inside dining if they follow distancing and mask guidelines. Soon the weather won't allow only outside dining and what happens then? Some restaurants will go out of business. Right now most are just staying above water as best they can with outside dining only. This can't be profitable for an extended period of time and some restaurants can only offer drive by pickup. In addition, lost tax revenue from our restaurants affects the whole community. We can't afford to lose any of our businesses.

The fines suggested for ANY business, for profit or not for profit, found not in compliance are extreme. Some in the community find it their duty to go around looking for businesses that they believe are not complying. This is not healthy for our community and leads to angst and distrust.

This one size fits all approach for all California counties isn't appropriate for Nevada County as well as many other counties. We should be doing whatever we can to support our Nevada County businesses not punish them.

Respectfully,
Nancy Brost
District 1 Constituent

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please vote NO on Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related.

The proposed fines on businesses are extreme.
Nevada County businesses are struggling and need support not fines.

Every county should be able to determine their own guidelines and not be forced into a one size fits all box.

These imposed regulations are causing division in our county instead of bringing citizens together.

We have now seen a hate crime in our county. These harsh regulations will only cause more division.

Subject: Your COVID "Emergency" Ordinance: Comments and Questions
Date: Sunday, August 9, 2020 12:01:54 PM
Importance: High

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Supervisors,

It is my hope that as you continue to hide from your constituents that you are at least taking time to read the correspondence they are sending you.

After meeting with County Counsel on Friday I have the following questions related to this cruel and unnecessary ordinance that Supervisor Hall contrived 3 weeks ago in an effort to placate her irrational base:

1. First and foremost, why are you not having in-person meetings? This is a disgrace. You had one and then, after being forced to actually confront those trying to petition you, you stopped it. When I asked County Counsel why this was the case as the current COVID data gives no rational for it I was told that "employees felt their health was at risk" so she ceased having in-person meetings. Really? That is not how it works. If an employee irrationally fears for their health, despite no data to show this is a valid concern, then they can simply not be at the meeting but participate via Zoom or the like. What is more likely is that Chairman Hall, unable to simply act professionally, cancelled future meetings so as to keep you from having to hear directly from those seeking to petition you. Again, this is disgraceful and worse, illegal. So again I ask each of you: Why are you afraid to face citizens who wish to petition you? Why are you NOT meeting with local citizens privately? Why are you refusing to visit local businesses being crushed by your hostile mandates and restrictions?
2. I next asked why, at the very least, you are not allowing citizens to petition you live on-line via Zoom or the like. I am a professional who is on at least 2 Zoom calls a week with public entities around the state and not ONE does what you are doing here. They ALL allow for live questions via Zoom. The answer I received was that there was a fear of "porn popping up" or of being "hacked." This is sheer absurdity. Urban legends about such things happening (I have NEVER witnessed it) are not an excuse to hide from your constituents. Question: Why are you not allowing people to be heard from LIVE?

3. I next asked why this is being voted on in a rushed manner that requires a super majority (4 out of 5 votes) vs simply going through regular voting procedures. I was told because that might take "30-60 days". I asked "So what is wrong with that? It has already been 3 weeks." I was told because it was "urgent". I responded clearly not as it was not even voted on two weeks ago. I further responded that there is not a need to rush it through as there are no businesses violating anything. I was told that "there was One business" and that the County received calls all day long from (I called them Nazi like snitches who have too much time on their hands) "citizens" (many I was told are the same people calling over and over) that there were "violations" occurring. I stated that such "reports" were not actionable and irrelevant. Counsel agreed and to their credit are simply logging the calls and moving on. But the fact remains that this doesn't warrant this "emergency" ordinance. Period. So again I asked "Why is it needed?" Next I was told that it really wasn't about businesses but about "large gatherings." Wait, what? This is CELARLY written for businesses first and foremost and was written at a time when at least 6 of them were violating the Governor's insane mandates. But that is not the case now yet here the ordinance still is. So the rational next given was "We are worried about large gatherings"? When asked what "large gatherings" the dance/orgy/howling at the moon event on the Ridge was mentioned. That resulted in a "large increase" in cases I was told. I then asked "How large?" I was told that they didn't really know because most people were from other countries. I asked then why did you use the term "large increase"? I received no answer. Finally we got down to what this was really all about which is having this used as a hammer to hang over citizens heads so they won't violate the law. Counsel said they have been and wish to continue being educators first and only levy fines as a last resort. I think that is true but to pass an ordinance based on what people "might do" is authoritarian. Passing this as an "emergency" ordinance denotes a current crisis. The COVID stats and contact tracing show that not to be the case. Question: As NO evidence exists that any of the rationales being used are justified (people getting this inside while eating, people not wearing masks passing it to others, etc.) why are you rushing this ill conceived and petulant ordinance now?

4. My next questions had to do with there being no sunset clause in the ordinance. I was told there was, which of course is not true. A "sunset clause" denotes a specific date where these fines and penalties will end. This has none. It simply states "when the crisis has passed." That is subjective, ad hoc law and a terrible way to word something like this. Question: Why aren't you including a sunset clause in this ordinance? Do you plan to have it be on the books forever? 30 people died of the flu last year so you could easily allow this thing to be used every flu season using the logic of the COVID-19 "we are all at risk of dying " extremists. Correct?

5. I next asked what LE would be used to enforce this? I stated that LE in the area will not enforce it so who will? I was told that it would be “staff” and others hired to carry out such duties. Again, you are turning business owners into police and citizens into vigilantes with this. Question: Who do you foresee enforcing this ordinance?

What you are doing

This applies to any business in Nevada County, whether for-profit or not-for-profit.

Violations are of any order issued by 1) the Governor, 2) the County Health Officer, 3) a Statewide public health directive, or 3) the County Environmental Health Department that exists now or in the future and is issued to limit the spread of COVID-19. (All of these are defined as “Covid-19 Orders”)

All Covid-19 Orders are incorporated into the Law of the County of Nevada. (Even future orders, without review or approval by the Supervisors.) Some of these orders may be illegal, unenforceable or unconstitutional. This incorporation into County Law legitimizes what could be unenforceable/unconstitutional orders.

Some examples of COVID-19 Orders: (All are examples of existing or potential Governor’s and/or Health Official’s orders.)

- No dining-in at restaurants
- Dining outside without adequate distancing
- Employees/staff not wearing cotton or paper masks
- Employees/staff not practicing safe distancing
- Not enforcing mask orders or safe distancing upon customers in a business
- Operating a “non-essential” business. Like nail salon, fitness center, or whatever whim the Governor or County Health Officer decides at any time in the future.
- Use your imagination—could be anything that is ordered by a few officials, some just appointed, not elected. None of these orders would go through the usual legislative process as for a law or ordinance. This would fit the definition of a dictatorship, tyranny, oppressive government, legislation without representation. Like living in Nazi Germany or North Korea today.

Administrative fines/penalties. Each violation of a COVID-19 Order can result in daily fines of:

- \$1,000 for the first violation
- \$2,500 for the second violation
- \$10,000 for the third violation

And, in addition, the County may revoke any County-issued permits. This can apply not just to restaurants but to ANY business.

Enforcing Officers. Can be a peace officer. Or the Health Officer, Code Compliance Officer, Environmental Health Officer, the Director of the Community Development Agency, or anyone designated by any of the foregoing administrative agencies.

These are draconian punishments and you need to vote NO. We are citizens **NOT ENEMIES**.

Supervisors.

Our data clearly shows that our county is not facing an epidemic of COVID-19. Not even close. Our hospital ICU numbers and deaths make that clear. Dr. Johnson's irresponsible hyperbole aside, Supervisor Hall has given no evidence why an emergency ordinance like this is necessary.

Supervisor Hall just falsely claimed that if everybody wore masks we wouldn't have the numbers that we have now sitting no statistics or evidence for that statement whatsoever. Our numbers already indicate that we do not have a problem despite mask wearing not being universally conducted. Supervisor Hall and Dr. Johnson simply do not have any evidence to back up what they were talking about.

You have given no justification why this emergency ordinance is necessary and you will be turning businesses into police and citizens into vigilantes. Start acting as advocates for citizens and businesses in Nevada County and quit terrorizing us with your hyperbole, emotional-based arguments and lack of data.

Subject: Thank you for voting down this cruel ordinance. Now let's meet.
Date: Tuesday, August 11, 2020 5:09:16 PM

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Supervisors,

First and foremost let me thank Sue and Ed for their discernment on this issue and their vote against the "Emergency Ordinance."

Now that this cruel measure is behind us we need to work together in a way that allows us to view each other as neighbors and not enemies.

I thought Ed's suggestion re a meeting in person in critical to that end. Outside, with proper social distancing and a powerful PA system there is no reason this cannot happen. It will not solve all the issues but it will go a long way to convincing many in our community that you are not hiding from us and viewing us as the enemy to be avoided. I cannot tell you how well this move would go over in our community amongst those I speak with.

I know of many properties who would host this. Or do it in a park. The fairgrounds will NOT allow this as it is state property. I'll host it on my property if you wish. We certainly have the room.

Regardless, thank you for this vote and we look forward to moving forward in a way that is constructive not destructive. This is a great first step.

God bless you.

Subject: Your COVID "Emergency" Ordinance: Comments and Questions

Importance: High

Supervisors,

It is my hope that as you continue to hide from your constituents that you are at least taking time to read the correspondence they are sending you.

After meeting with County Counsel on Friday I have the following questions related to this cruel and unnecessary ordinance that Supervisor Hall contrived 3 weeks ago in an effort to placate her irrational base:

1. First and foremost, why are you not having in-person meetings? This is a disgrace. You had one and then, after being forced to actually confront those trying to petition you, you stopped it. When I asked County Counsel why this was the case as the current COVID data gives no rational for it I was told that "employees felt their health was at risk" so she ceased having in-person meetings. Really? That is not how it works. If an employee irrationally fears for their health, despite no data to show this is a valid concern, then they can simply not be at the meeting but participate via Zoom or the like. What is more likely is that Chairman Hall, unable to simply act professionally, cancelled future meetings so as to keep you from having to hear directly from those seeking to petition you. Again, this is disgraceful and worse, illegal. So again I ask each of you: Why are you afraid to face citizens who wish to petition you? Why are you NOT meeting with local citizens privately? Why are you refusing to visit local businesses being crushed by your hostile mandates and restrictions?
2. I next asked why, at the very least, you are not allowing citizens to petition you live on-line via Zoom or the like. I am a professional who is on at least 2 Zoom calls a week with public entities around the state and not ONE does what you are doing here. They ALL allow for live questions via Zoom. The answer I received was that there was a fear of "porn popping up" or of being "hacked." This is sheer absurdity. Urban legends about such things happening (I have NEVER witnessed it) are not an excuse to hide from your constituents. Question: Why are you not allowing people to be heard from LIVE?
3. I next asked why this is being voted on in a rushed manner that requires a super majority (4 out of 5 votes) vs simply going through regular voting procedures. I was told because that might take "30-60 days". I asked "So what is wrong with that? It has already been 3 weeks." I was told because it was "urgent". I responded clearly not as it was not even voted on two weeks ago. I further responded that there is not a need to rush it through as there are no businesses violating anything. I was told that "there was

One business” and that the County received calls all day long from (I called them Nazi like snitches who have too much time on their hands) “citizens” (many I was told are the same people calling over and over) that there were “violations” occurring. I stated that such “reports” were not actionable and irrelevant. Counsel agreed and to their credit are simply logging the calls and moving on. But the fact remains that this doesn’t warrant this “emergency” ordinance. Period. So again I asked “Why is it needed?” Next I was told that it really wasn’t about businesses but about “large gatherings.” Wait, what? This is CELARLY written for businesses first and foremost and was written at a time when at least 6 of them were violating the Governor’s insane mandates. But that is not the case now yet here the ordinance still is. So the rational next given was “We are worried about large gatherings”? When asked what “large gatherings” the dance/orgy/howling at the moon event on the Ridge was mentioned. That resulted in a “large increase” in cases I was told. I then asked “How large?” I was told that they didn’t really know because most people were from other countries. I asked then why did you use the term “large increase”? I received no answer. Finally we got down to what this was really all about which is having this used as a hammer to hang over citizens heads so they won’t violate the law. Counsel said they have been and wish to continue being educators first and only levy fines as a last resort. I think that is true but to pass an ordinance based on what people “might do” is authoritarian. Passing this as an “emergency” ordinance denotes a current crisis. The COVID stats and contact tracing show that not to be the case. Question: As NO evidence exists that any of the rationales being used are justified (people getting this inside while eating, people not wearing masks passing it to others, etc.) why are you rushing this ill conceived and petulant ordinance now?

4. My next questions had to do with there being no sunset clause in the ordinance. I was told there was, which of course is not true. A “sunset clause” denotes a specific date where these fines and penalties will end. This has none. It simply states “when the crisis has passed.” That is subjective, ad hoc law and a terrible way to word something like this. Question: Why aren’t you including a sunset clause in this ordinance? Do you plan to have it be on the books forever? 30 people died of the flu last year so you could easily allow this thing to be used every flu season using the logic of the COVID-19 “we are all at risk of dying “ extremists. Correct?
5. I next asked what LE would be used to enforce this? I stated that LE in the area will not enforce it so who will? I was told that it would be “staff” and others hired to carry out such duties. Again, you are turning business owners into police and citizens into vigilantes with this. Question: Who do you foresee enforcing this ordinance?

What you are doing

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I applaud and thank you Ed and Sue for your courage to stand up for us and vote against this ordinance. As the owners of Friar Tuck's and a lover of this community you did the right thing.

Again, Thank you from the bottom of our hearts.

We desire to meet with all of you or any of you who chose to do so to start a conversation whereby we can find a solution of hope. We are a community built on wellness and health and I believe we can become a beacon of hope on a way forward to LIFE!. Please let us know asap BEFORE the rain comes and it's too late.

FYI, we are forming a large coalition of restaurants throughout Nevada County who are like minded. Our collaborative will join together to fight for our rights to remain open during this Covid-19 crisis. Our county is relatively Covid-19 free and we do not believe we need to be held to the same standards as the rest of the state which includes not being allowed to serve people indoors. For many of us this is 100% of our business with no outside seating. We will be working on many fronts to meet the government requirement while we defend our rights with a team of attorneys under the California and American Constitutions. We must and will reopen before the rain!

Again, thank you Ed and Sue and we do hope **ALL the Supervisors** will reach out to us asap for a date and time to meet. Your community can't want to see you face to face with all the necessary distancing etc. Doing this will be a real showing of your heart!

Ken R Paige / Chad R Paige

Subject: BOS Agenda, Tues. 8/11, Item 26
Date: Saturday, August 8, 2020 2:51:31 PM

CAUTION: This email originated from outside of County of Nevada email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Supervisors Hall, Scofield, Miller, Hoek and Anderson:

I am writing to strongly oppose Item 26, the temporary Urgency Ordinance related to enforcement of COVID-related. This is ridiculous! Are you trying to bankrupt our local businesses? Survival rate is 99.8%. Scientists have proven that masks are not effective for keeping out any virus.

Remember you work for the people! With the direction you are taking, you will ruin this county.

-
- **SUMMARY OF THE REVISED COVID EMERGENCY ORDINANCE**

What it applies to. Any business in Nevada County, whether for-profit or not-for-profit. (all businesses)

What is a violation. Any violation of any order issued by 1) the Governor, 2) the County Health Officer, 3) a Statewide public health directive, or 3) the County Environmental Health Department that exists now or in the future and is issued to limit the spread of COVID-19. (All of these are defined as "Covid-19 Orders")

Incorporation into County law. All Covid-19 Orders are incorporated into the Law of the County of Nevada. (Even future orders, without review or approval by the Supervisors.) Some of these orders may be illegal, unenforceable or unconstitutional. This incorporation into County Law legitimizes what could be unenforceable/unconstitutional orders.

Some examples of COVID-19 Orders: (All are examples of existing or potential Governor's and/or Health Official's orders.)

- No dining-in at restaurants
- Dining outside without adequate distancing
- Employees/staff not wearing cotton or paper masks
- Employees/staff not practicing safe distancing
- Not enforcing mask orders or safe distancing upon customers in a business
- Operating a "non-essential" business. Like nail salon, fitness center, or whatever whim the Governor or County Health Officer decides at any time in the future.
- Use your imagination—could be anything that is ordered by a few officials, some just appointed, not elected. None of these orders would go through the usual legislative process as for a law or ordinance. This would fit the definition of a dictatorship, tyranny, oppressive government, legislation without representation. Like living in Nazi Germany or North Korea today.

Administrative fines/penalties. Each violation of a COVID-19 Order can result in daily fines of: \$1,000 for the first violation

\$2,500 for the second violation

\$10,000 for the third violation

And, in addition, the County may revoke any County-issued permits. This can apply not just to restaurants but to ANY business.

Enforcing Officers. Can be a peace officer. Or the Health Officer, Code Compliance Officer, Environmental Health Officer, the Director of the Community Development Agency, or anyone designated by any of the foregoing administrative agencies.

These are draconian punishments.

- **SOME TALKING AND WRITING POINTS**
- Restaurants that serve diners outside will be able to do so for only about two more months. Then, rains and cold weather will curtail business to a trickle, so by October ALL restaurants will be out of business. Take-out cannot sustain a restaurant at a profit in most cases. So, a business must choose whether to go bankrupt because their business is shuttered by the government or to go bankrupt for trying to perform their normal business. Like telling someone they are sentenced to die—here is a gun. You can kill yourself or we will do it. Don't tell me that is not draconian!
- The ordinance turns business owners into police by placing the burden on them to assure customers follow mask and other COVID-19 orders.
- Dining-in penalized. On what basis is there a distinction between being a customer in a restaurant and a customer in any business? Why is it ok for a customer to enter a grocery store, a pharmacy, a dry cleaner, a smoke shop, a liquor store, or any other business but not enter a restaurant? In any business, social distancing rules are in effect. The only answer is that one cannot wear a mask while eating or drinking, even if safely spaced from other diners. There are two factors here: fresh air flow and masking.
- Outside spaces allow fresh air/breezes to carry away any virus droplets. But some of our restaurants have installed higher rates of fresh air intake and advanced filtration systems into their HVAC systems. Similar as on airplanes. Yet, the one size fits all "COVID-19 Orders" do not recognize these fresh air and filtration measures and refuse to allow dining-in.
- Cotton or paper surgical masks are not effective in controlling a virus. These masks cannot stop a virus as their particle size are small enough to fit through the holes in the fabric or simply escape via the open edges of such loosely-worn masks, So, most of this draconian enforcement is based on invalid science. Here are the facts:
- A **report from the CDC** in May, 2020 evaluated different Personal Protective Measures (PPE) in limiting the spread of COVID. Hand hygiene was identified as effective, but regarding disposable medical masks and cotton masks it concludes "there is limited evidence for their effectiveness in preventing influenza virus transmission either when worn by the infected person for source control or when worn by uninfected persons to reduce exposure." https://wwwnc.cdc.gov/eid/article/26/5/19-0994_article
- An article published in the **New England Journal of Medicine** on April 1, 2020 on the topic of COVID-19

stated that “We know that wearing a mask outside health care facilities offers little, if any protection from infection.” And goes on to say “the desire for widespread masking is a reflexive reaction to anxiety over the pandemic.” The article was subsequently amended on June 3, 2020 to include the statement “We strongly support the calls of public health agencies for all people to wear masks when circumstances compel them to be within 6 ft. of others for sustained periods.” Thus, spacing OR masking is adequate while neither is necessary for short interactions. <https://www.nejm.org/doi/full/10.1056/NEJMp2006372>

- The use of N95 respirators (unlike a cloth or surgical mask, a respirator is fitted to the face with an airtight seal) are not effective in stopping a virus. Quoting from a manufacturer of such masks: “Oil and fat-based particulates are very small and “slippery” for lack of a better term. They are often capable of penetrating filters that non-oil particulates cannot, even when those particulates are small. These include everything from certain hazardous chemicals to viruses like SARS, which has a lipid (fat) shell around it.” The letter “N” means **N**ot resistant to oil-based particulates. Thus if N95 respirators cannot stop a SARS virus then loose fitting cotton or paper masks cannot. (COVID is also referred to as SARS 2)
- Further on masks, there is significant controversy among health experts around the world on the effectiveness of masks. Many European countries do not require masks, and their death rates are low. Refer to this article for some perspective: <https://fee.org/articles/europes-top-health-officials-say-masks-arent-helpful-in-beating-covid-19/>
- Dine-in restaurants have reduced the seating capacity to create safe spacing between tables and diners not in one party. That spacing is adequate protection without the need for continuous masking while dining-in.
- Our county’s recent increase in COVID cases cannot be traced to dining-in. It can be directly traced to some large weekend rave parties illegally held within the county over the 4th of July weekend.
- The Governor is applying a one-size-fits-all approach rather than allowing each county to assess the situation and apply appropriate measures.
- Punishing the County’s restaurants punishes the county’s citizens and ability to provide County services. Sales tax revenues have plummeted.
- The Governor’s order to wear masks in all businesses has already activated the “Face Mask Fascists” in Nevada County to spy on and report businesses if an employee has to temporarily “come up for air” from continuously wearing the suffocating masks. Even if the employees are practicing safe distancing. One of our Supervisors has on social media whipped up these Fascists to report to the county so enforcement officers can go out and inspect, issue citations and fines, and this is directed at all businesses, not just for restaurants—a bank was targeted! That is despicable and like the Gestapo or Stassi secret police.

- Some of our businesses have been physically attacked and vandalized already by vigilantes who are empowered by the draconian measures being taken by our county and believe they have the right to take matters into their own hands. Passage of this Ordinance will make this issue worse. We are now a lawless society, enabled and encouraged by our County's staff and Supervisors.
- The Governor is promising monetary aid to our county for legitimizing his dictatorial and illegal orders. A small benefit for the much greater damage that will be inflicted on our county's businesses for years to come.
- The number of cases identified in the US has risen, based mainly on more frequent testing. But the death rates are dropping around the country because of better understanding of the virus and how to treat it. The single death in Nevada County was to a very elderly person with terminal cancer who wanted to spend her last days in her Truckee home. There are only 20 active cases in our county as of today

I demand that this issue be heard in front of a live community audience. Ours is the only county in the state to have the Supervisors hide from the public.
Don't be cowards!!!!

Sincerely,

Michelle Walters
