

Behavioral Health Continuum Infrastructure (BHCIP) Facility Naming

**NEVADA
COUNTY**
CALIFORNIA

**Behavioral
Health**

Our project:

- Inpatient treatment facility
- 16 beds providing acute and sub-acute care
- Primarily serve Nevada County residents but partner with neighboring small counties

NEVADA
COUNTY
CALIFORNIA

Behavioral
Health

Need for an inpatient facility:

- Currently send people out of county
- Better, more integrated care with local facility
- Connection with loved ones and local resources

BHCIP Bond Round 1 Award

- Awarded 23.7 million
- In Contract with Crestwood Behavioral Health for design/build and future operations.
- Construction begins April 2026

Key aspects of operations

- 24/7 care in a locked facility for people experiencing a behavioral health crisis
- People will arrive and depart in the care of someone.
- Highly qualified operations partner – Crestwood Behavioral Health
- Care will be coordinated with local treatment system

Naming Process

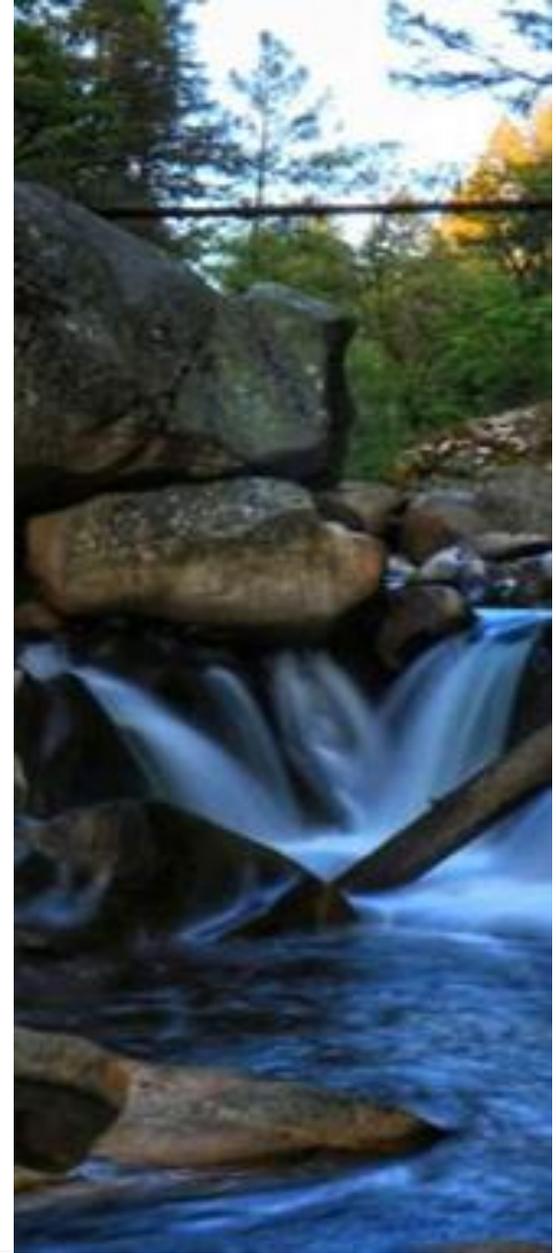

- **County facilities administrative policy adherence, including Capital Projects Ad Hoc approval**
- **Sourced names through HHSA stakeholders**
- **Considerations around confusion, duplication, trademarks etc.**

Deer Creek Behavioral Health Center

- **Deer Creek honors the location, with the site of the facility within the Deer Creek Watershed.**
- **Connotes an interdependent journey through life.**

Just as the creek is shaped by all it encounters, and, in turn, shapes the life around it, our life journey is formed through the experiences we have and transformed by connections that support our wellness.

Next steps in the project:

- **Seek Board approval approve naming resolution: Today**
- **Groundbreaking March 31, 9:00 a.m.**
- **Encumber property – plan to bring to BOS in April/May**
- **Key construction Dates - Targets**
 - April- May 2026: Site work
 - June 2026-August 2027: facility construction
- **Open for services – September 2027**
