950 Maidu Ave.
Nevada City, CA 95959

Re: Sewage Disposal Technical Advisory Group (SDTAG)

Dear Ms. Irani:

As you may already know, earlier this year, I closed my business in Truckee, after 32 years of providing Civil Engineering consulting. And now I am in the process of relocating to northern Nevada. I will no longer be a resident of Nevada County, and unfortunately, I will be ineligible to continue to represent the 5th District on the SDTAG.

I have served on the SDTAG since it's inception in 1998, and during these 19 years I believe that this group has been beneficial to the Department as well as the community at large. I thank you for you support.

I am sad to relinquish my position, however please feel free to contact me at any time if I can be of assistance to you or the department.

Sincerely,

Robert H. Coombs P.E.
