

**Public Transportation Modernization, Improvement and
Service Enhancement Program (PTMISEA)
PROJECT DESCRIPTION AND ALLOCATION REQUEST**

Department of Public Works- Transit Services Project Lead*: Division	Regional Entity: Nevada CTS County: Nevada
Project Title: Gold Country Stage- Bus Stop Improvements Phase IV	

I certify the scope, cost, schedule, and benefits as identified in the attached Project Description and Allocation Request (Request) and attachments are true and accurate and demonstrate a fully funded operable project. I understand the Request is subject to any additional restrictions, limitations or conditions that may be enacted by the State Legislature, including the State's budgetary process, which may effect the amount of bond proceeds received by the project sponsor now and in the future. Project sponsors may need to consider alternative funding sources if bond proceeds are not available. In the event the project cannot be completed as originally scoped, scheduled and estimated, or the project is terminated prior to completion, project sponsor shall, at its own expense, ensure that the project is in a safe and operable condition for the public. I understand this project will be monitored by the California Department of Transportation -- Division of Mass Transportation.

Table 4: Project Summary

a) Describe the project (or minimum operable segment) for which you are applying for funds. Attach additional sheets if necessary. If the application is for the purchase of vehicles or rolling stock, please include information on number of vehicles, size, passenger count, accessibility, and fuel type:

Write here: The funding will be directed to a multi-phased project for the enhancement and improvement of existing bus stops throughout the Gold Country Stage service area in Western Nevada County including rural locations. Enhancement improvements will include applicable site upgrades that will increase overall passenger accessibility, improve ADA accessibility, and provide safety improvements. Improving bus stop sites will also enhance visibility and access for drivers and vehicles. The development and implementation of these various enhancements will increase passenger welfare, security, and service which will translate into expanded mobility access to encourage increased usage and ridership.

b) Useful Life of the Project: 5 years
