Fiscal Stability and Core Services

Maintain the County's financial stability and core services.

A Core Service is defined as that which is essential to the public's health and safety. Areas funded by the County in this category include roads, jail, law enforcement, and required maintenance of effort to leverage state or other sources of revenue for basic public/mental health services and other social services.

Emergency Preparedness

Lead the community in all hazards planning, preparedness, response, and recovery with a focus on wildfire. Do this by focusing on improving countywide evacuation safety, continuing to strengthen early alert and warning systems; creating more defensible space around properties and roadways, engaging residents in emergency preparedness and fire-safe land stewardship, leading the community in recovery from Federally declared disasters and by mitigating the impact of Public Safety Power Shutoff Events.

Economic Development

Focus on a post-pandemic economic recovery strategy emphasizing resiliency and entrepreneurship; retaining and attracting high quality jobs; investing in major infrastructure projects; and working in partnership with our municipalities to support our small business and tourism sectors.

Broadband

Equitably expand broadband to support economic development, distance-learning, telework, telemedicine, and general quality of life for all residents by championing the implementation of Nevada County Broadband Strategy Plan policies and last-mile infrastructure projects.

Housing

Coordinate with local jurisdictions, developers, and other partners to facilitate development of, and access to, affordable and workforce housing development.

Unchanged from 2020

Cannabis

Maintain and continue to improve the cannabis permitting and enforcement program to promote permitted cannabis activities while investigating options for additional license types related to larger cultivation area and micro-businesses.

Homelessness

In partnership with community providers and other jurisdictions, utilize Housing First principles and continue efforts to prevent homelessness, provide emergency shelter, expand supportive services, secure housing, and enhance coordination to address the needs of the homeless population and to mitigate impacts on the community.
