NEVADA COUNTY BOARD OF SUPERVISORS

Board Agenda Memo

MEETING DATE: October 24, 2017

TO: Board of Supervisors

FROM: **Rebecca Slade**

SUBJECT: Resolution approving execution of a renewal Personal Services Contract with St. Helena Hospital d/b/a Adventist Health Vallejo for the provision of acute psychiatric inpatient hospitalization services in the maximum amount of \$50,000 for the term of July 1, 2017 through June 30, 2019.

RECOMMENDATION: Approve the attached Resolution.

FUNDING: These services are mandated. Contract funding is from Mental Health Realignment dollars. This is a fee-for-service contract; costs are only incurred when services utilized by authorized Nevada County clients are not covered by Medi-Cal, Medicare, private insurance or the County Medical Services Program (CMSP). Services are budgeted within the department's FY 2017/18 budget and there are no county general funds required in the Agreement.

BACKGROUND:

St. Helena Hospital d/b/a Adventist Health Vallejo (previously St. Helena Hospital Center for Behavioral Health) provides involuntary psychiatric inpatient hospitalization services to eligible Medi-Cal beneficiaries and/or indigent clients. Behavioral Health contracts with two Adventist Health subsidiary hospitals in Northern California: Adventist Health St. Helena in Napa County which provides inpatient mental health services to adults, and for this agreement with Adventist Health Vallejo in Solano County, a facility that provides mental health treatment services to children and adolescents as well as adults.

Under Managed Care, counties are required to contract with hospitals, which have previously provided a significant amount of resident Fee-For-Services Medi-Cal inpatient services. Adventist Health Vallejo is a designated hospital for Nevada County's Behavioral Health.

Demand for inpatient psychiatric beds statewide continues to rise. Nevada County is no exception to this trend. Nevada County's increase in hospitalization costs is based not only on an increase in number of admissions, but also on the total of inpatient days being utilized to meet County client's needs.

It is recommended that the Board approve the attached renewal contract as it allows continuation of essential, mandated services for medically necessary inpatient services to eligible residents of Nevada County who have a mental illness and /or emotional disturbances that require acute psychiatric hospitalization services.

Item Initiated and Approved by: Rebecca Slade, MFT, Director of Behavioral Health
