

RESOLUTION No. 17-587

OF THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA

RESOLUTION APPROVING THE RENEWAL AGREEMENT FUNDING APPLICATION (AFA) FOR AGREEMENT #201729 WITH THE CALIFORNIA DEPARTMENT OF PUBLIC HEALTH FOR MATERNAL, CHILD AND ADOLESCENT HEALTH (MCAH) PROGRAM FUNDS FOR FISCAL YEAR 2017/18

WHEREAS, the Public Health Department's Maternal, Child and Adolescent Health Program provides a comprehensive array of health services to protect and improve the health of women of reproductive age, infants, children, adolescents and their families; and

WHEREAS, the State has approved the County's Agreement Funding Application (AFA) for continuation of program funding in the maximum amount of \$177,541 for Fiscal Year 2017/18; and

WHEREAS, the funding provided helps support related department expenses such as personnel costs associated with positions such as the Maternal Child Health Director and Coordinator, Public Health Nurses, administrative/office staff, as well as other operational program costs; and

WHEREAS, local objectives for the MCAH Program during this year include: increasing identification and referrals for treatment of perinatal depression; improving first trimester prenatal care rates; reducing Sudden Infant Death Syndrome/Sudden Unidentified Infant Death during sleep and decreasing substance use/abuse for women of childbearing age; and

WHEREAS, these services greatly benefit community residents by improving health outcomes and reducing health care costs through improving access to care and the provision of preventive services.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Board of Supervisors of the County of Nevada, State of California, that the Agreement Funding Application (AFA) for Agreement #201729 by and between the County and the California Department of Public Health for Maternal, Child and Adolescent Health (MCAH) Program Funds be and hereby is approved in substantially the form attached hereto and that the Board of Supervisors accepts the funds in the maximum amount payable of \$177,541 for Fiscal Year 2017/18.

Funds to be deposited into Revenue Accounts: 1589-40114-492-3405/446210, 446230.

PASSED AND ADOPTED by the Board of Supervisors of the County of Nevada at a regular meeting of said Board, held on the 12th day of December, 2017, by the following vote of said Board:

Ayes: Supervisors Heidi Hall, Edward Scofield, Dan Miller, Hank Weston and Richard Anderson

Noes: None.

Absent: None.

Abstain: None.

ATTEST:

JULIE PATTERSON HUNTER
Clerk of the Board of Supervisors

Cindy Wilson
MCAH Director
Nevada County Public Health Department
500 Crown Point Circle, Suite 110
Grass Valley, California 95945

Dear Ms. Wilson:

**APPROVAL OF AGREEMENT FUNDING APPLICATION (AFA) FOR
AGREEMENT #201729 – FISCAL YEAR 2017-18**

The California Department of Public Health, Maternal, Child and Adolescent Health (CDPH/MCAH) Division approves your Agency's AFA, including the enclosed Scope(s) of Work (SOW) and Budget(s) for administration of MCAH related programs.

To carry out the program(s) outlined in the enclosed SOW(s) and Budget(s), during the period of July 1, 2017 through June 30, 2018, the CDPH/MCAH Division will reimburse expenditures up to the following amounts:

Maternal Child and Adolescent Health.....\$177,541

The availability of Title V funds and State General funds (BIH only) are based upon funds appropriated in the FY 2017-18 Budget Act. Reimbursement of invoices is subject to compliance with all federal and state requirements pertaining to the CDPH/MCAH related programs and adherence to all applicable regulations, policies and procedures. Your Agency agrees to invoice actual and documented expenditures and to follow all the conditions of compliance stated in the current CDPH/MCAH Program and Fiscal Policies and Procedures manuals, including the ability to substantiate all funds claimed.

Ms. Wilson
November 2, 2017
Page 2

For agencies claiming Title XIX funds, you also agree to maintain secondary documentation that clearly substantiates time study activities as being non-program related, unmatched, non-enhanced or enhanced. You also agree to use either:

1. The web-posted CDPH/MCAH, BIH, and/or AFLP Base Medi-Cal Factor (MCF), and/or
2. A Variable Base MCF for specific staff who serve a unique client population, and who verify and document 100% of their Medi-Cal enrolled and non-Medi-Cal enrolled clients during each time study period (MCAH Program only).

Please ensure that all necessary individuals within your Agency are notified of this approval and that the enclosed documents are carefully reviewed. This approval letter constitutes a binding agreement. If any of the information contained in the enclosed SOW(s) and Budget(s) is incorrect or different from that negotiated, or if you require any additional forms, please contact your Contract Manager, Mary Rodriguez, at (916) 650-0370 or by e-mail at Mary.Rodriguez@cdph.ca.gov within 14 calendar days from the date of this letter. Non-response constitutes acceptance of the enclosed documents.

Sincerely,

Amber Delgado, Chief
Contract Management and Allocation Process

Enclosure(s)

California Department of Public Health (CDPH)
Maternal, Child and Adolescent Health (MCAH) Program
Scope of Work (SOW)

x **IMPORTANT:** By clicking this box, I agree to allow the state MCAH Program to post my Scope of Work on the CDPH/MCAH website.

The Local Health Jurisdiction (LHJ), in collaboration with the State MCAH Program, shall strive to develop systems that protect and improve the health of California's women of reproductive age, infants, children, adolescents and their families. The goals and objectives in this MCAH SOW incorporate local problems identified by LHJs 5-Year Needs Assessments and reflect the Title V priorities of the MCAH Division. The local 5-Year Needs Assessment identified problems that LHJs may address in their 5-Year Action Plans. The LHJ 5-Year Action Plans will then inform the development of the annual MCAH SOW.

All LHJs must perform the activities in the shaded areas in Goals 1-3 and monitor and report on the corresponding evaluation/performance measures. In addition, each LHJ is required to develop at least one objective in each of Goals 1 and 2 and 2 objectives for Goal 3, a SIDS objective and an objective to improve infant health. LHJs that receive FIMR funding will perform the activities in the shaded area in Goal 3, Objectives 3.5-3.7 and 3.8. In the second shaded column, Intervention Activities to Meet Objectives, insert the number and percent of cases you will review for the fiscal year. If resources allow, LHJs should also develop additional objectives, which they may place under any of the Goals 1-6. All activities in this SOW must take place within the fiscal year. Please see the MCAH Policies and Procedures Manual for further instructions on completing the SOW.
<http://www.cdph.ca.gov/services/funding/mcah/Pages/LocalMCAHProgramDocuments.aspx>

The development of this SOW was guided by several public health frameworks listed below. Please consider integrating these approaches when conceptualizing and organizing local program, policy, and evaluation efforts.

- o The Ten Essential Services of Public Health: <http://www.cdc.gov/nphpsp/essentialServices.html>;
- o The Spectrum of Prevention: <http://www.preventioninstitute.org/component/taxonomy/term/list/94/127.html>
- o Life Course Perspective: <http://mchb.hrsa.gov/lifecourseresources.htm>
- o The Social-Ecological Model: <http://www.cdc.gov/violenceprevention/overview/social-ecologicalmodel.html>
- o Social Determinants of Health: <http://www.cdc.gov/socialdeterminants/>
- o Strengthening Families: <http://www.cssp.org/reform/strengthening-families>

All Title V programs must comply with the MCAH Fiscal Policies and Procedures Manual which is found on the CDPH/MCAH website at:
<http://www.cdph.ca.gov/services/funding/mcah/Pages/FiscalDocuments.aspx>

CDPH/MCAH Division expects each LHJ to make progress towards Title V State Performance Measures and Healthy People 2020 goals. These goals involve complex issues and are difficult to achieve, particularly in the short term. As such, in addition to the required activities to address Title V State Priorities, and Title V and State requirements, the MCAH SOW provides LHJs with the opportunity to develop locally determined objectives and activities that can be realistically achieved given the scope and resources of local MCAH programs.

LHJs are required to comply with requirements as stated in the MCAH Program Policies and Procedures Manual, such as attending statewide meetings, conducting a Needs Assessment every five years, submitting Agreement Funding Applications, and completing Annual Reports.

¹ 2016-2020 Title V State Priorities

² Title V Requirement

³ State Requirement

Goal 1: Increase access and utilization of health and social services (cross-cutting)

- Increase access to oral health services¹
- Increase screening and referral for mental health and substance use services¹
- Increase utilization of preventive health services¹
- Target outreach services to identify pregnant women, women of reproductive age, infants, children and adolescents and their families who are eligible for Medi-Cal assistance or other publicly provided health care programs and assist them in applying for these benefits²
- Provide developmental screening for children in MCAH programs¹

The shaded area represents required activities. Nothing is entered in the shaded areas, except for 1.7 as needed.

Short and/or Intermediate Objective(s)	Intervention Activities to Meet the Objectives (Describe the steps of the intervention)	Evaluation/Performance Measures	
		Process Description and Measures	Short and/or Intermediate Outcome Measure(s)
1.1-1.6 All women of reproductive age, pregnant women, infants, children, adolescents and children and youth with special health care needs (CYSHCN) will have access to: • Needed and preventive medical, dental, mental health, substance use services, and social services • Early and comprehensive perinatal care • An environment that maximizes their health	1.1 Assessment Identify and monitor the health status of women of reproductive age, pregnant women, infants, children, adolescents, and CYSHCN, including the social determinants of health and access/barriers to the provision of: 1. Preventive, medical, dental, mental health, substance use services, and social services 2. Early and comprehensive perinatal care Monitor trends over time, geographic areas and population group disparities. Annually, share your data with your key health department leadership.	1.1 This deliverable will be fulfilled by completing and submitting your Community Profile with your Agreement Funding Application each year Report date data shared with the key health department leadership. Briefly describe their response, if significant.	Nothing is entered here.
