Terms

Each term of this Contract below specifically incorporates the information set forth in the Summary at page one (1) above as to each respective section (§) therein, as the case may be.

Services

1. Scope of Services:

Contractor shall provide all of the services, materials and products (herein "Services") generally described in **Exhibit "A"**, according to a performance schedule, if applicable, as set forth in said exhibit (herein "Performance Schedule"). If requested, Contractor agrees to serve as an expert witness for County in any third party action or proceeding arising out of this Contract.

Payment

2. Charges and Payments:

The charges (herein "Charges") for furnishing the aforesaid Services under this Contract are set forth in **Exhibit "B"**, including, if applicable, hourly rates, unit pricing, and expense, mileage and cost limits. Said Charges shall be presented monthly by invoice, and shall be due within thirty (30) days of receipt unless payment is otherwise set forth in said **Exhibit "B"**, and shall remain in effect for the entire term of this Contract, and any extension hereof. In no event will the cost to County for Services to be provided under this Contract, including direct non-salary expenses, exceed the **Maximum Contract Price** set forth at §2, page one (1), above.

Time for Performance

3. Contract Term:

This Contract shall commence on the **Contract Beginning Date** set forth at §3, page one (1), above. All Services required to be provided by this Contract shall be completed and ready for acceptance no later than the **Contract Termination Date** set forth at §3, page one (1), above.

4. Liquidated Damages:

County and Contractor agree that damages to County due to delays in timely providing Services in accordance with the aforesaid Performance Schedule and Contract Termination Date are impractical and difficult to ascertain. Therefore, if §4 at page one (1) hereof shall indicate a daily amount as **Liquidated Damages**, County shall have the right to assess said daily sum, not as a penalty, but as and for damages to County due to delays in providing Services not in accordance with the said Performance Schedule, or later than the Contract Termination Date (herein "Delay"). Liquidated Damages shall be offset against amounts owing to Contractor, including retention sums.

To the extent that any Delay is a result of matters or circumstances wholly beyond the control of Contractor, County may excuse said Liquidated Damages; provided however, that County may condition such excuse upon Contractor having given prompt notice to County of such delay immediately by telephone and thereafter by written explanation within a reasonable time. The time for Contractor's performance shall be extended by the period of delay, or such other period as County may elect.

5. Time of the Essence:

Time is of the essence with respect to Contractor's performance under this Contract. Delay in meeting the time commitments contemplated herein will result in the assessment of liquidated damages, if indicated at §4 at page one (1), hereof. If Liquidated Damages are not so indicated, damages shall be as otherwise provided by law.

Insurance

6. Commercial General Liability Insurance: (County Resolution No. 90674)

If §6 at page one (1) hereof shall indicate a **Commercial General Liability** insurance policy is required, Contractor shall promptly provide proof of such insurance evidenced by a certificate of insurance with properly executed endorsements attached, which insurance shall include the following:

- (i) Broad form coverage for liability for death or bodily injury to a person or persons, and for property damage, combined single limit coverage, in the minimum amount indicated at said §6;

- (ii) An endorsement naming County as an additional insured under said policy, with respect to claims or suits arising from the Services provided or the relationships created under this Contract;
- (iii) A provision that said insurance shall be primary and other insurance maintained by the County of Nevada shall be excess only and not contributing with Contractor's insurance;
- (iv) A provision that said insurance shall provide for thirty (30) days written notice to County of any termination or change in coverage protection, or reduction in coverage limits (except ten (10) days notice for non-payment of premium).

7. Automobile Liability Insurance: (County Resolution No. 90676)

If §7 at page one (1) hereof shall require either a Business Rated or a Commercial **Automobile Liability** insurance policy, for each vehicle used including non-owned and hired automobiles, Contractor shall promptly provide proof of such insurance evidenced by a certificate of insurance with properly executed endorsements attached, which insurance shall include the following provisions:

- (i) Liability protection for death or bodily injury to a person or persons, property damage, and uninsured and underinsured coverage, combined single limit coverage, in the minimum amount indicated at said §7;
- (ii) An endorsement naming County as an additional insured under said policy, with respect to claims or suits arising from the Services provided or the relationships created under this Contract;
- (iii) A provision that said insurance shall be primary and other insurance maintained by the County of Nevada shall be excess only and not contributing with Contractor's insurance;
- (iv) A provision that said insurance shall provide for thirty (30) days written notice to County of any termination or change in coverage protection, or reduction in coverage limits (except ten (10) days notice for non-payment of premium).

If §7 at page one (1) hereof shall require a Personal Auto policy, for each vehicle used including non-owned and hired automobiles, Contractor shall promptly provide proof of such insurance for a minimum of three hundred thousand dollars, (\$300,000), in combined single limits, and naming the County as additionally insured.

8. Worker's Compensation: (County Resolution No. 90674)

If §8 at page one (1) hereof shall indicate a **Worker's Compensation** insurance policy is required, Contractor shall maintain said policy as required by law, and shall promptly provide proof of such insurance evidenced by a certificate of insurance, or other documentation acceptable to County.

Before commencing to utilize employees in providing Services under this Contract, Contractor warrants that it will comply with the provisions of the California Labor Code, requiring Contractor to be insured for worker's compensation liability or to undertake a program of self-insurance therefor.

9. Errors and Omissions:

If §9 at page one (1) hereof shall indicate **Errors and Omissions** insurance is required, Contractor shall maintain either a professional liability or errors & omissions policy in the minimum amount indicated, and shall promptly provide proof of such insurance evidenced by a certificate of insurance, or other documentation acceptable to County.

10. Miscellaneous Insurance Provisions: (County Resolution No. 90675)

All policies of insurance required by this Contract shall remain in full force and effect throughout the life of this Contract and shall be payable on a "per occurrence" basis unless County specifically consents to "claims made" coverage. If the County does consent to "claims made" coverage and if Contractor changes insurance carriers during the term of this Contract or any extensions hereof, then Contractor shall carry prior acts coverage.

Insurance afforded by the additional insured endorsement shall apply as primary insurance, and other insurance maintained by County, its officers, agents and/or employees, shall be excess only and not contributing with insurance required or provided under this agreement.

At all times, Contractor shall keep and maintain in full force and effect throughout the duration of this Contract, policies of insurance required by this Contract which policies shall be issued by companies with a Best's Rating of B+ or higher (B+, B++, A-, A, A+ or A++), or a Best's Financial Performance Rating (FPR) of 6 or higher (6, 7, 8 or 9) according to the current Best's Key Rating Guide, or shall be issued by companies approved by the County Risk Manager. In the event the Best's Rating or Best's FPR shall fall below the rating required by this paragraph, Contractor shall be required to forthwith secure alternate policies which comply with the rating required by this paragraph, or be in material breach of this Contract.

Failure to provide and maintain the insurance policies (including Best's ratings), endorsements, or certificates of insurance required by this Contract shall constitute a material breach of this agreement (herein "Material Breach"); and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both. (See §13, ¶2, below, as these provisions additionally apply to subcontractors.)

11. Indemnity:

Nothing herein shall be construed as a limitation of Contractor's liability, and Contractor shall indemnify, defend and hold harmless the County and its officers, officials, employees, agents and volunteers from any and all liabilities, claims, demands, damages, losses and expenses (including, without limitation, defense costs and attorney fees of litigation) which result from the negligent act, willful misconduct, or error or omission of Contractor, except such loss or damage which was caused by the sole negligence or willful misconduct of County or its officers, officials, employees, agents and volunteers.

Failure of Contractor to so cause and require such compliance by each transferee, subcontractor and assignee shall constitute a Material Breach of this agreement, and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both.

14. Licensing and Permits:

Contractor warrants (i) Contractor is qualified and competent to provide all Services under this contract; (ii) Contractor and all employees of Contractor hold all necessary and appropriate licenses therefor, including those licenses set forth at §14, page one (1) hereof; and, (iii) Contractor shall obtain, and remain in compliance with, all permits necessary and appropriate to provide said Services. Failure to do so shall constitute a Material Breach of this agreement, and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both.

Public Contracts

Provided however, that this prohibition shall not apply to any employee that did not personally approve a contract with or grant to said legal entity during the last twelve (12) months of said employment, and shall not apply when the Board of Supervisors did not approve a contract with or grant to said legal entity during the last twelve (12) months of said Board member's service.

A violation of this policy shall subject Contractor to all of the remedies enumerated in said resolution and as otherwise provided in law, which remedies shall include but not be limited to injunctive relief, cancellation and voiding of this contract by County, a return of grant money, a cause of action for breach of contract, and entitlement to costs and reasonable attorney fees in any action based upon a breach of contract under this provision.

A Material Breach of this Contract pursuant to the terms hereof or otherwise, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to immediately suspend payments hereunder, or terminate this contract, or both, **without notice**.

If Contractor fails to timely provide in any manner the services materials and products required under this Contract, or otherwise fails to promptly comply with the terms of this Contract, or violates any ordinance, regulation or other law which applies to its performance herein, County may terminate this Contract by giving **five (5) days written notice** to Contractor.

Either party may terminate this Contract for any reason, or without cause, by giving **thirty (30) calendar days written notice** to the other, which notice shall be sent by registered mail in conformity with the notice provisions, below. In the event of termination not the fault of the Contractor, the Contractor shall be paid for services performed to the date of termination in accordance with the terms of this Contract. Contractor shall be excused for failure to perform services herein if such performance is prevented by acts of God, strikes, labor disputes or other forces over which the Contractor has no control.

County, upon giving **sixty (60) calendar days written notice** to Contractor, shall have the right to terminate its obligations under this Contract at the end of any fiscal year if the County or the State of California, as the case may be, does not appropriate funds sufficient to discharge County's obligations coming due under this contract.

EXHIBIT "A"

SCHEDULE OF SERVICES

(Provided By Contractor)

A. Overview

The services required by the County involve transporting liquid leachate from the McCourtney Road closed landfill/transfer station facility. The contractor shall be responsible for all transport and disposal services, including any disposal costs charged by the receiving disposal/treatment facility.

B. Leachate Characteristics

Leachate is a by-product of buried trash as it breaks down beneath the closed landfill cells and contaminated rain water runoff from certain portions of the landfill/transfer station facility. The leachate is collected and stored in leachate containment tanks with a maximum capacity of 120,000 gallons. Leachate is not defined as a Hazardous Waste. Tank trucks and/or trailers shall be provided access to a metered County filling station, which permits filling operations to occur without assistance from site personnel, and without contact with leachate.

C. Special Conditions

- 1) Although the leachate containment tanks have a capacity of 120,000 gallons, the Contractor will be required to verify tank reserve amounts with County staff. Reserve capacity is dictated by rain flow and inflow volumes. Upon request by the County, the Contractor must be prepared to take all necessary action to haul enough leachate to maintain the agreed upon reserve capacity before, during, and after any rainfall. County personnel will determine the point at which hauling shall commence and discontinue, as well as the rate of hauling.
- 2) The contractor will be responsible for developing a contingency plan to ensure that hauling services will continue in the event of unforeseen mechanical failures, disposal facility closures, personnel issues, etc. Contractor will be responsible for keeping the plan up to date. This plan and any updates shall be approved by County staff.
- 3) All leachate shall be transported to a County approved Wastewater Treatment Plant except as otherwise directed by the County. The facility must accommodate large tanker-trailers and provide adequate maneuvering space for qualified drivers. In the event that other treatment facilities are to receive leachate, arrangements regarding access and other factors affecting delivery of leachate will be negotiated with the Contractor.
- 4) All weight restrictions on roadways, licensing, insurance, and all other legal requirements must be met and complied with by the Contractor for the duration of the Contract.
- 5) A day is defined as 24-hours, midnight to midnight. Contractor must be capable of commencing work on 24-hours' notice, transporting not less than 37,000 gallons per day, and up to 216,000 gallons per day. The Contractor must be prepared to haul on a one-, two-, or three-shift basis and on consecutive days, as directed by the County.
- 6) Nevada County reserves the right to augment the Contractor's hauling services with County tank trucks operated by County employees, if it is in the best interest of the County to do so. No extra compensation is due the Contractor should this occur.
- 7) The Transfer Station is open to the public Wednesday through Sunday, between the hours of 8:00 a.m. and 3:30 p.m., however, access to the landfill will be provided after regular

operating hours, as required. Under such circumstances, the Contractor will be required to maintain security of the landfill site by appropriate gate opening and closing. Unless otherwise directed by the County hauling operations may not begin prior to 8:00 a.m.

- 8) For record-keeping purposes, the Contractor is required to keep a log in all vehicles used in the hauling operation and record each delivery, date, time, quantity, driver, etc. It shall be the Contractor's responsibility not to exceed the maximum daily quantity prescribed by the County each day. Similar logs will be kept at both the landfill and treatment plant, and Contractor's drivers are required to make the required entries.
- 9) Tank-transport vehicles must be fully sealed and able to travel on public roadways without spilling or leakage of any contents. The vehicle must be marked as containing leachate in compliance with labeling standards. Vehicles must be inspected and permitted by the Nevada County Department of Environmental Health at (530) 265-1452. Contractors are responsible for obtaining the inspection and permit prior to performing any work and for compliance with the terms of the permit. Contractor is fully liable for any spills and/or leakage and shall indemnify the County from any liability thereof.
- 10) The County provides a metered tanker filling station at the landfill to enable the Contractor to perform with minimal effort at a rate of approximately 500 gallons per minute under normal circumstances. Contractor may suggest or provide alternative systems subject to approval by the County.

If either system fails for any reason, the Contractor will be instructed by County staff concerning standby pending repairs or ceasing operations for the duration of the shift. Servicing and repair of County-provided systems shall be performed by the County. No extra compensation will be made for cessation of hauling during the shift. However, compensation for driver only will be made in case of recommencement of hauling within the same shift.

- 11) All conditions and specifications provided in this IFB and all associated documents and the Personal Services Contract (See Attachment A) are binding upon the contractor as conditions of the County's acceptance of the Contractor's bid for these services. This becomes effective upon execution of the Personal Services Contract as agreed to by the Contractor and an authorized County agent.

EXHIBIT "B"

SCHEDULE OF CHARGES AND PAYMENTS

(Paid by County)

County shall pay contractor for each gallon of leachate delivered to a Wastewater Treatment plant that is permitted to accept leachate at the rate of \$0.0699 per gallon. County shall pay the contractor for actual standby time for drivers at the rate of \$85.00 per hour.

Monthly invoices, in a form acceptable to the County, shall be submitted, together with supporting documentation as set forth in Exhibit "A", Section C, SPECIAL CONDITIONS, Paragraph 8, of these documents.
