Amador County**Grantee:**Amador County**Amount Awarded:** \$65,870.00**Grantee Contact:** Mr. Jim McHargue**CalRecycle Grant Manager:** Matthew Fong

Project Summary: CalRecycle has edited the following summary to reflect the approved grant project: Amador County is requesting funds to provide several needed facility improvements such as roof repair, concrete receiving area pad repair, and replacement of safety shower/eyewash units. These improvements are needed to maintain a safe and secure facility.

*Total Awarded for County: \$65,870.00***Butte County****Grantee:**Butte County**Amount Awarded:** \$100,000.00**Grantee Contact:** Steve Rodowick**CalRecycle Grant Manager:** Matthew Fong

Project Summary: Project Description Butte County, in partnership with the City of Oroville, will promote our respective HHW facilities with a multi-media public education campaign to inform the public of the best practices of HHW management. This will include specific materials often mishandled in the waste stream (propane cylinders, fluorescent bulbs) as well as basic facility information, including days and hours of operation, common HHW materials accepted and options for reuse of these materials. The campaign will include print media, radio, television and possibly outdoor media to ensure all population segments of the County are reached. The County will also establish a propane cylinder collection program and promote the ReFuel your Fun campaign by increasing the number of Butte County businesses selling and refilling/exchanging refillables. Also, the County will conduct a pilot survey and collection event for the recycling of photo-voltaic solar panels.

Grantee:Town of Paradise**Amount Awarded:** \$50,000.00**Grantee Contact:** Ms Jennifer Arbuckle**CalRecycle Grant Manager:** Matthew Fong

Project Summary: This grant will expand Paradise's current HHW program by: 1) Expanding the facilities education and outreach efforts with ongoing digital campaign to increase awareness and creating social media, T.V. and radio ads on HHW dangers, local disposal options, and highlighting the HHW facilities reuse program; manufacturing and maintaining HHW themed interactive /educational kiosks for the HHW Reuse and Educational Center; and to send direct mailers to residents with HHW facility operational information, including a transport and disposal guide and calendar. 2) Purchase additional storage container for HHW packaging material and drums. 3) Purchase additional PPE for HHW facility employees, including gloves, Hazmat suits, boots, and vests. As well as provide annual 8 hr. HAZWOPER refresher training for HHW employees and attendance at CalRecycle's annual HHW conference.

*Total Awarded for County: \$150,000.00***Calaveras County**

Grantee Contact: Drew Lowell-britt

CalRecycle Grant Manager: Annabel Farrall

Project Summary: The City of Santa Monica will design a home generated photovoltaic panel (PV) recycling pilot project that will utilize one or two one-day events hosted at the Santa Monica City Yards in Summer or Fall of 2019, after the DTSC regulations are adopted making PV modules universal waste. The promotion of the event(s), budget allowing, may include print media, radio, television and outdoor media to reach all demographics of the City and utilize our target audience of homeowners with old solar panels. The City will work closely with the Solar Santa Monica Program (SSM) and Solar Energy Industry Association (SEIA) on one or two solar panel collection and recycling events depending on the budget because disposal/recycling costs are unknown until the DTSC finalizes the PV regulations. SEIA has offered to work with the City and bring its expertise on PV types and preferred methods of recycling. This information will help the City and SEIA establish a baseline and recommendations for long-term solar panel recycling programs.

Grantee: Los Angeles County

Amount Awarded: \$62,867.00

Grantee Contact: Tranette Sanders

CalRecycle Grant Manager: Jill Hayashida

Project Summary: In partnership with the Sanitation Districts, we will expand and enhance the current Household Hazardous Waste and Electronic Waste Management Program (Program) by establishing permanent and mobile Reuse Centers. This will entail the purchase of a mobile trailer and the redesign of dedicated space at two of the County's permanent collection centers. The trailer and dedicated spaces will be converted into Reuse Centers where unwanted, usable household products collected at roundup events and permanent centers will be stored and made available to residents free of charge. To promote the Reuse Centers, we will conduct a public education and outreach campaign utilizing outreach tools such as paid media, fact sheets, webpage enhancement, and other advertising and signage material.

Total Awarded for County: \$262,369.00

Nevada County

Grantee: Nevada County

Amount Awarded: \$50,000.00

Grantee Contact: David Garcia

CalRecycle Grant Manager: Matthew Fong

Project Summary: CalRecycle has edited the following summary to reflect the approved grant project: The County, working with California Product Stewardship Council (CPSC), will identify propane distribution businesses and locations selling single-use 1lb propane cylinders in the county and conduct education and outreach efforts about refillable 1lb propane cylinders to establish retail locations in the county to sell, refill and/or exchange refillables. This will encourage their use beyond what exists at the start of the project (baseline). Nevada County will promote the ReFuel your Fun campaign by using existing resources and public education channels to promote the use of refillables to result in less disposables reaching HHW facilities. CPSC will develop model articles that local hiking groups and others that use refillables can put in newsletters to promote the program. We will identify outreach events to have booths to distribute empty refillables 1lb propane cylinders. The County's existing HHW program will also be promoted through general outreach to the public.

Total Awarded for County: \$50,000.00

Orange County

Grantee: City of Huntington Beach

Amount Awarded: \$46,540.00

Grantee Contact: Antonia Graham
