Good morning Chair Scofield and Supervisors - I will not be at your board meeting tomorrow (1/8/19) for the consideration of an annual inflationary adjustment to mitigation fees for the Truckee Fire Protection District. Please be aware that the District provided me with all informational materials well in advance of their board meeting where this increase was adopted. We have no issues or concerns with the increase as proposed. Please do not hesitate to contact me if you have any questions. Thank you. Pat Davison
