2019 Board Objectives

Priority A:

- Maintain the County's financial stability and core services.
- Reduce the risk of local wildfire and the effects of wildfire on life, property and the environment by providing leadership and support to community partners, pursuing State and Federal funding, implementing county policies and programs, and assisting the public to be “wildfire ready.” Explore other ways to reduce the threat and damage from wildfires.
- In partnership with community providers and other jurisdictions, build an expanded system of coordinated care, outreach, transitional and permanent housing, and supportive services to address the needs of the homeless population and to mitigate impacts on the community.
- Coordinate with local jurisdictions, developers and other partners to maximize leveraging opportunities with new state funding for affordable and workforce housing development.
- Adopt a County cannabis ordinance and implement an effective cannabis compliance and permitting program to promote permitted cannabis activities.

Priority B:

- Support job-enhancing economic development with an emphasis on infrastructure that expands or preserves commerce and provides leadership and coordination opportunities to bring funding sources and community partnerships together including ERC, SBC, RCRC, CSAC and USDA.

Priority C:

- Increase public awareness and civic engagement by providing easy access to information on County-related services and to encourage citizens to participate in local government. Work with departments to implement new ways to engage with, and provide information to, citizens.
- Complete the feasibility analysis of a potential reorganization of western county park and recreation districts for increased collaboration and efficient operation of facilities and administration of services.
- Pursue the best use and maximum value for the redevelopment of “Lot 6” which may include a mix of aviation and commercial uses.

Introduction

The Nevada County Board of Supervisors, County Executive Office, and senior executives develop this Legislative Platform on an annual basis in order to prioritize and draw attention to legislative areas of interest to the County as a whole, as well as specific program or specific legislative efforts that affect the County's ability to deliver the best possible services to our residents.

The County Executive Office leads the effort to identify and assess the priorities, funding requests and initiatives described here by engaging the senior executive team, our contracted and organization-based legislative advocates, as well as the Board of Supervisors at their annual workshop, where the Board of Supervisors sets the Board Objectives for each year. Input is also solicited from the appointed and elected department heads regarding program specific issues as well as alignment with county planning documents such as the Capitol Facilities Plan, Health and Human Services Strategic Plan, etc.

This document is shared with our contracted legislative advocacy firm, Shaw Yoder Antwih, Inc. as well as the public on the County's website. It is used throughout the year by the Board of Supervisors, County Executive Office and Department Heads to assess legislative issues as they arise and determine if advocacy on a particular issue is in alignment with the County's Legislative Platform.

Community Description

Nevada County is a small rural county in Northern California. The County spans 958 square miles from the Sacramento Valley to the Sierra Mountains and borders the state of Nevada, near Reno. Nevada County is home to approximately 100,000 residents with three incorporated cities include Grass Valley, Nevada City and the town of Truckee. Generally, Nevada County residents are older, racially similar yet politically diverse, and well-educated. Nevada County's rich gold rush history, active arts and culture scene, and access to recreational activities attract tourists, retirees, and new residents to the area.

Citizen priorities per the 2017 National Citizen Survey data:

The Threat of Wildfire:

Nevada County is part of the Wildland Urban Interface, a transition zone between wildland and human development, making uncontrolled wildfire particularly hazardous.

In 2018, Nevada County:

- 115 wildfires in Nevada County
- 62 acres burned
- Applied for over \$16M in wildfire prevention funding

In 2017, the Lobo and McCourtney (Wind Complex) Fires

Burned 897 acres

Destroyed 60 structures
