Upon receipt of such notice, County will provide Contractor in writing a notice that Contractor has until the effective date of termination, change in coverage protection, or reduction in coverage limits to secure new insurance coverage as required herein, and that Contractor's failure to do so will constitute default under the terms of this Agreement.

Failure to provide and maintain the insurance policies (including Best's ratings), endorsements, or certificates of insurance required by this Agreement shall constitute a material breach of this agreement (herein "Material Breach"); and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Agreement, or both.

County shall provide all information reasonably necessary to Contractor in performing the Services provided herein. Contractor shall not be responsible for any delays caused by County's failure to provide information or failure to perform obligations.

16.0 Technology Life Expectancy

County understands, acknowledges, and agrees that the technology upon which the Hardware, Software, and Third-Party Software is based changes rapidly. County further acknowledges that Contractor will continue to improve the functionality and features of the Software to improve legal compliance, accuracy, functionality, and usability. As a result, Contractor does not represent or warrant that the Hardware, Software, and/or Third-Party Software provided to County under this Agreement or that the Computer System recommended by Contractor will function for an indefinite

IN

period of time. Rather, Contractor and County may, from time to time, analyze the functionality of the Hardware, Software, Third-Party Software, and Computer System in response to changes to determine whether upgrades are advised. Contractor shall, for the duration of the maintenance period covered by this Agreement, and at no additional cost to County, maintain the Software to be compatible with Microsoft-supported operating systems and databases. County upgrades may include, without limitation, the installation of a new Release, additional disk storage and memory, and workstation and/or server upgrades. County upgrades may also include the installation and/or removal of Third-Party Software. County is solely responsible for all costs associated with such future resources and upgrades,

17.0 Term and Termination

17.1 The Term of this Agreement shall commence upon execution by both parties, and shall continue until all Tasks and Deliverables have been completed unless terminated earlier in accordance with this section. The Terms of the Software Maintenance Agreement and Software Escrow shall be as described in the respective Schedules C and F, as applicable.

17.2 Termination by County

- a. County may, by written notice to Contractor, terminate this Agreement in whole or in part at any time, whether for County's convenience or because of the failure of Contractor to fulfill the obligations hereunder. Upon receipt of notice, Contractor shall immediately discontinue all services affected (unless the notice directs otherwise), and deliver to County all data, estimates, summaries, reports, and all other records, documents or papers as may have been accumulated or produced by Contractor in performing services under this Agreement, whether completed or in process.
- b. For Convenience: County may terminate this Agreement upon thirty (30) days written notice without cause. Upon receipt of such notice, Contractor shall promptly cease work and notify County as to the status of its performance. Notwithstanding any other payment provision of this Agreement, County shall pay Contractor for services performed to the date of termination, to include a prorated amount of compensation due hereunder less payments, if any, previously made. In no event shall Contractor be paid an amount in excess of the full price under this Agreement nor for profit on unperformed portions of service. Contractor shall furnish to County such information as is necessary to determine the mutually agreeable reasonable value of the services rendered by Contractor. The foregoing is cumulative and shall not affect any right or remedy which County may have in law or equity.
- c. For Cause: Should Contractor default in the performance of this Agreement or materially breach any of its provisions, the County may elect to immediately suspend payments or terminate the contract, or both, without notice.

17.3 Termination by Contractor

- a. For Nonpayment: Should County fail to pay Contractor all or any part of the payment set forth in Schedule E, Contractor may, at Contractor's option, terminate this Agreement if such failure is not remedied by County within thirty (30) days of written notice to County of such late payment.
- b. For Cause: Should County default in the performance of this Agreement or materially breach any of its provisions, Contractor, at Contractor's sole option, may terminate this Agreement upon thirty (30) days written notice.

17.4 Disentanglement

If directed by County, Contractor shall cooperate with County and County's other vendors and contractors to ensure a smooth transition at the time of termination of this Agreement, regardless of the nature or timing of the termination. Contractor shall cooperate with County to accomplish a complete transition of the services being terminated to County or to any replacement provider designated by County, without any interruption or adverse impact on those services or any other services provided by third parties. Contractor shall fully cooperate with County and any new service provider and otherwise promptly take all

52

commercially reasonable steps, including but not limited to providing to County or any new service provider all requested information or documentation required to assist County in effecting a complete transition to the new service provider, provided however, the Contractor shall not be obligated to disclose its Intellectual Property to any third party. Contractor shall provide all information or documentation regarding the services to be transitioned, including but not limited to data conversion tables, client files, and interface specifications. Contractor shall provide for the prompt and orderly conclusion of all work required under the Agreement, as County may direct, including completion or partial completion of projects, documentation of work in process, and other measures to assure an orderly transition to County or the County's designee. All Contractor work done as part of the Disentanglement shall be performed by Contractor and will be reimbursed by the County on a time and materials basis at the Contractor's then current hourly rate for technical services applicable to this Contract. Contractor's obligation to provide the Services shall not cease until the earlier of the following: a) the Disentanglement is completed to the County's reasonable satisfaction, or b) twelve (12) months after the expiration of the then-current Term of the Agreement.

17.5 Return, Transfer and Removal of Data and other Assets

- a. Upon termination of this Agreement, Contractor shall return to County all County-furnished assets in Contractor's possession.
- b. Upon termination of this Agreement, Contractor shall ensure that any and all of County's data maintained by Contractor is extracted in a commercially recognized format acceptable to County prior to the termination date or the completion of the Disentanglement period, whichever is later, and that said data is securely transmitted to County or County's designee.

17.6 Fiscal Insolvency/Source Code Escrow: Prior to commencing work on the Project under this Agreement, Contractor shall open escrow with an Escrow Holder that is acceptable to the Parties, pursuant to an Escrow Agreement which indemnifies Escrow Holder, which requires that Contractor deposit Source Codes for the Software and any updates thereto which at a minimum shall occur with each software release during the course of the Term, as extended, and which authorizes Escrow Holder to notify County of any such deposits. Said Escrow Agreement shall require that, in the event Contractor ceases conducting business in the normal course, admits its insolvency, or makes an assignment for the benefit of creditors; or becomes the subject of any judicial or administrative proceedings in bankruptcy, receivership, or reorganization, and such proceeding is not dismissed within ninety (90) days after it is commenced, directs Contractor to immediately authorize Escrow Holder to release the Source Code and any and all updates for the Project to County. The cost of the Software Escrow shall be paid by the County.

17.7 Renegotiation Option: In view of the fact that it is unknown how long the products and services will be employed by County and that County will require ongoing maintenance and support of the products for as long as the system is operational, therefore after completion of the initial term of the contract including any extensions and renewals, County and Contractor may renegotiate the contract upon mutual agreement of the parties.

17.8 Effect of Termination: Contractor shall cooperate with County to ensure a smooth transition at the time of termination of this Agreement, regardless of the nature or timing of the termination. Contractor shall cooperate with County to ensure that any and all of County's data maintained in the software licensed to the County by Contractor is extracted in a commercially recognized format acceptable to County prior to the termination date, and that said data is securely transmitted to County. The termination of this Agreement shall not affect the County's rights to the Software pursuant to Schedule B (License Agreement) provided that County has paid all Software license fees set forth in the Schedule E and County is not in breach of any provision of this Agreement or the Schedules. If County terminates this Agreement prior to the payment of all Software license fees, or if County is in breach of this Agreement, County shall immediately cease using the Software and shall either destroy or return the original and all copies, in whole or in part, in any form, of the

52

Software and related materials. County shall certify such action in writing to County within one (1) month after the termination date. Obligations and rights in connection with this Agreement which by their nature would continue beyond the termination of this Agreement, including without limitation, Section 11 of this Schedule A, shall survive termination of this Agreement.

18.0 Informal Dispute Resolution

If a dispute, controversy, or claim arises between the parties relating to this Agreement, the parties shall promptly notify one another of the dispute in writing. Each party shall promptly designate a representative to resolve the dispute. The representatives shall meet within ten (10) days following the first receipt by a party of such written notice and shall attempt to resolve the dispute within fifteen (15) days.

19.0 Compliance with Public Records Law

All information County receives from Contractor, whether received in connection with Contractor's proposal or in connection with any services performed by Contractor, will be disclosed upon receipt of a request for disclosure pursuant to the California Public Records Act; provided, however, that if any information is set apart and clearly marked "Confidential Information" pursuant to Section 9, above, when it is provided to County, County shall give notice of Contractor of any request for disclosure of such information. Contractor shall then have five (5) days from the date it receives such notice to enter into an agreement with the County, satisfactory to the County Counsel, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by County in any legal action to compel the disclosure of such information under the California Public Records Act. Contractor shall have sole responsibility for defense of the actual "Confidential" designation of such information.

Contractor and County understand and agree that any failure by Contractor to respond to the notice provided by County and/or to enter into an agreement with County, in accordance with the provisions above, shall constitute a complete waiver by Contractor of any rights regarding the information designated "Confidential" by Contractor, and County shall disclose such information pursuant to applicable procedures required by the Public Records Act.

20.0 Books of Record and Audit Provision

Contractor shall maintain complete records relating to this Agreement for a period of five (5) years from the completion of Services hereunder. Said records shall be maintained in sufficient detail to establish the accuracy of charges for services provided and corresponding calculations of any sales tax payable.

Contractor shall permit County to audit said records as well as such related records of any business entity controlled by Contractor. Said audit may be conducted on Contractor's premises or at a location designated by County, upon fifteen (15) days' notice. Contractor shall promptly refund any moneys erroneously charged and shall be liable for the costs of audit if the audit establishes an over-charge of five percent (5%) or more of the total Contract amount.

21.0 Taxes

With the exception of sales or use taxes which may be levied by the State of California for software or related materials, County shall not be responsible for paying any taxes on Contractor's behalf, and should County be required to do so by state, federal, or local taxing agencies, Contractor agrees to promptly reimburse County for the full value of such paid taxes plus interest and penalty, if any. Similarly, Contractor shall not be responsible for paying any taxes on County's behalf, and should Contractor be required to do so by state, federal, or local taxing agencies, County agrees to promptly reimburse Contractor for the full value of such paid taxes plus interest and penalty, if any (The fees set forth in Schedule E do not include any amounts for sales taxes, as it is anticipated that all software and related materials will be provided by Contractor by electronic delivery.)

This Agreement shall be construed in accordance with the laws of the State of California and the parties hereto agree that venue shall be in Nevada County, California.

DN

Furthermore, by entering into this Agreement, Contractor hereby warrants that it shall not have breached the terms or conditions of any other contract or agreement to which Contractor is obligated, which breach would have a material effect hereon.

25.0 Expert Witness

If requested by County, Contractor agrees to serve as an expert witness for County in any third party action or proceeding arising out of this Agreement.

26.0 Section Headings

The headings of the several sections of this Schedule A and other Sections which comprise this Agreement, and any table of contents appended hereto, shall be solely for convenience of reference and shall not affect the meaning, construction or effect hereof.

27.0 Severability

If any one or more of the provisions of this Agreement shall for any reason be held to be invalid or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

28.0 Amendment and Waivers

Any term or provision of this Agreement may be amended, and the observance of any term of this Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a writing signed by the Party to be bound thereby. The waiver by a Party of any breach hereof or default hereunder shall not be deemed to constitute a waiver of any other breach or default. The failure of any Party to enforce any provision hereof shall not be construed as or constitute a waiver of the right of such Party thereafter to enforce such provision.

29.0 Force Majeure

Neither party shall be deemed to be in default of its obligations hereunder if and so long as it is prevented from performing such obligations by any act of war, hostile action, or catastrophic natural event. Should there be such an occurrence that impacts the ability of either party to perform their responsibilities under this Agreement, the nonperforming party shall give immediate written notice to the other party to explain the cause and probable duration of any such nonperformance.

30.0 Publicity

County authorizes Contractor to use County's name in its list of customers. The parties agree that either party or both may issue a mutually acceptable news release regarding County's use of the applicable Software and Support Services. Each party's approval of such news release will not be unreasonably withheld or delayed. Once a press release has been issued, Contractor may publicly refer to County (by name only) as being a customer of Contractor, and only in relation to this Agreement except as otherwise authorized by County.

The County understands and acknowledges that Contractor shall not undertake detailed specification development or estimate preparation until a signed Change Order authorizing such work is signed by County. The County shall be charged at the rates set forth in Schedule E for the development of requirements by Contractor. All work detailed in a Change Order will be performed on a time and materials basis at the rates set forth in Schedule E, unless specified otherwise in the Change Order.
