New eComment for Nevada County Board of Supervisors July 14, 2020 meeting Agenda

Bridgette Tedder submitted a new eComment.

Meeting: Nevada County Board of Supervisors July 14, 2020 meeting Agenda

Item: 40. SR 20-2909 Acceptance of the 2019 Novel Coronavirus (COVID-19) informational presentation to the Board.

eComment: Schools should re-open in the Fall – w/out restrictions. It is unhealthy to wear masks all day. It is unfair to the teachers to bestow upon them the addt'l responsibilities of policing mask-wearing, social distancing, the added janitorial duties of disinfecting/sanitizing (w/noxious chemicals) ON TOP of trying to provide them an education. Let's not forget that the mask "mandate" is really just a GUIDELINE. It is encouraging segregation and discrimination within our "tight-knit" community.

I support facial masks in public especially inside stores.
I live in the city of Grass Valley and appreciate all efforts to push down the curve.
Regards,
Beth Moorehead

Dear Board of Supervisors,

I was going to come up this morning and encourage you during today's meeting, but since it has moved on-line, I can not find the Zoom link. Thus, I am just emailing you the short comment I was going to make.

You guys are doing a great job during this roller coaster event, and I wanted to encourage you to allow schools to open in the least restrictive environment possible.

Schools are the stabilizing force in a community. Schools give students the stability of structure, socialization, and academics. Schools offer the children a place to be physically, emotionally, and academically fed by adults who care for them.

Schools give families stability by giving them a secure, safe place for their children to learn, so parents can go to work.

Schools offer the economy stability because people are free to work without needing to worry about childcare.

To quote the Orange County Board of Education, "Among our greatest responsibilities as adults is our responsibility to model courage and persistence in the face of uncertainty and fear." (July 13, 2020)

Let's have the courage to open our schools and allow our communities to heal.

Thank you,
Ana DeGraaf
FLCS Elementary Principal

New eComment for Nevada County Board of Supervisors July 14, 2020 meeting Agenda

Lauren Perez submitted a new eComment.

Meeting: Nevada County Board of Supervisors July 14, 2020 meeting Agenda

Item: 40. SR 20-2909 Acceptance of the 2019 Novel Coronavirus (COVID-19) informational presentation to the Board.

eComment: It is your duty to act on the behalf of the well being of your community, not blindly follow the governor's mandates. The death rate of covid-19 is 0.26% and falling. How does this justify killing local businesses, isolating people in fear, and turning school into a harmful learning environment? The catastrophic impact of these mandates must be considered. The government officials and authorities will be held liable for these crimes against humanity. End the masks and the social distancing!

Hi, my name is Joseph Bonin bolo and I am in Nevada County resident living in Grass Valley. I'm calling for the agenda item. It's public comment at 9:05 a.m. And I strongly opposed the mandated order from the public health office and Governor Nissan. There's science-based evidence of mass not protecting from viruses as well as causing harm to the bank will mask wearer. The statistics compiled by Stanford University, California, New York. Plainly show that the coronavirus is no more deadly than the seasonal flu the willingness for the Board of Supervisors to row in the same direction as the governor. Shows their lack of integrity and more importantly their failure to do the proper investigation, you know, the experts have shown that the statistical numbers do not bear out the page out to be a pandemic and so why the state and local governments continue to push false narratives is anyone's good. Guess I'd venture to say that the mask implementation is off financially incentivized than any other Factor Governor Newsome, you know has a personal financial investment which creates a conflict of interest and bias decisions not to mention he is doing business the communist country the communist China Republic communist party in China's Republic of Communism or whatever. It's called. Sorry. I believe he is breaking the law and he needs to be held accountable and as well as the as the public servants supporting this unlawful unconstitutional. And constitutional mandate during the Nuremberg trials. There were many people who said we were just following orders. We didn't know what we were doing ignorance is no excuse when your constituents it's constantly remind you to uphold your oath of office and to do what is right when the Board of Supervisors members ignore the people and continue to accommodate and follow on constitutional mandates and that took you into the category of perpetuating the crime. I consider this carefully As you move forward I urge you not to follow the bogus order that's not a law but is instead a null and void. No law. Thank you sincerely. I appreciate your time.

Diane gold [REDACTED], Nevada City. I'm calling about the lack of mass being worn down town. I think you'd need to do something more than just saying that you support the requirement of mass. I think there need to be signs posted downtown that mass should be worn during business hours. Especially I can't imagine walking up and down the street with all the people that I continually see down without mass. There's always a good handful every day, and this has been going on for weeks. So I'd really like you to take a stronger stance on protecting us. Thank you.

Hello to all of our Nevada County Board of Supervisors,

As a resident of Nevada County for 20 years I wanted to share my sincere appreciation for the county's efforts to keep our community SAFE and business' SAFELY open.

I, and my family, appreciate all of the hard work that's being done to keep our county from being shut down completely. We know this isn't easy work and we applaud your efforts and thank you.

Sincerely yours,
Cynthia Stewart
