NEVADA COUNTY BOARD OF SUPERVISORS Board Agenda Memo

MEETING DATE: September 22, 2020

TO: Board of Supervisors

FROM: Rachel Roos

SUBJECT: Resolution approving execution of a renewal personal services contract with Stanford Youth Solutions DBA Stanford Sierra Youth & Families for the provision of services related to Resource Family Approval (RFA) and Post-Adoption Services in the maximum amount of \$190,750 for the term of July 1, 2020 through June 30, 2021.

RECOMMENDATION: Approve the attached Resolution.

FUNDING: Contract services will be supported by the Department's 2011 Realignment funds for Adoptions Administration. A budget amendment is not necessary and there are no county general fund dollars required in this Agreement.

BACKGROUND: Stanford Youth Solutions (SYS) DBA Stanford Sierra Youth & Families is a well-established nonprofit agency that have proudly served the community to address mental health, juvenile justice, foster care and adoptions, post permanency, and family support services.

Resource Family Approval (RFA) is a result of the legislation AB 403 also known as Continuum of Care Reform (CCR). One of the basic tenants of CCR is that all children and non-minor dependents (NMD) in foster care have normalcy in development while establishing permanent life-long family relationships. To that end, RFA (the new process by which families become approved to foster children) was created to provide a uniform process to replace several existing processes. Foster families, relative caregivers, and non-related extended family members (NREFMs) are required to go through the same approval process which includes a home assessment, background checks, preapproval and post-approval training, psychosocial assessment, and a health screening. Through this

process Resource Families are approved to foster children but also to adopt and provide guardianship. This eliminates a separate adoptions approval process and allows Resource Families to provide permanency to children in their care (if needed) in a timelier manner.

The Contractor will provide Family Evaluations to Resource Family applicants. Additionally, the Contractor will provide a written Family Evaluations that will give recommendations on approval or denial of applicants and provide the reasons for that recommendation.

The Contractor will provide Family Finding services for all children who enter foster care. Contractor will identify and notify a foster child's relatives that they have entered care and provide them with information about providing support or placement for the child.

The Contractor will provide post-adoptive services to all Nevada County families referred by Child Welfare Services who have a finalized adoption which includes monthly adoptive parent support groups, information, linkage to supports, and referral services to adoptive families from Nevada County.

It is recommended that the Board approve this renewal contract as these services are vital in approving Resource Families for fostering and providing permanency to children within the county.
