My wife and I are over 70 and at significant risk. However, we cannot avoid going out of the house. We wear masks to protect others, but many others will not wear masks to protect us. Almost all store owners have signs that say you have to wear a mask, but many do not enforce it putting us at risk. Please pass the emergency ordinance, Item no. 26!!

eComment: I respectfully ask that you vote no on this urgency ordinance for many reasons. Limited to 500 characters doesn't allow for 3 min of comment. In brief the fines that exist are debilitating enough. This ordinance is overreaching and excessive and sets a poor precedence. CDA does not need more tools but rather strong leadership and better use of what they already have on the books. It's frustrating to see a pattern of increased fines and penalties rather than effective enforcement.

This proposed ordinance SR-3359 is nothing more than an ultra vires conspiracy to extort money/property and under color of law, to plunder and administer the estates of the people of Nevada county by a rogue county agent named Sean Powers on behalf of the Board of Supervisors, who has no authority to write or make law, yet he admitted he is the one who drafted this ordinance

SR-3359 in a live radio broadcast interview on KVMR radio, Friday, July 7, 2020, at approximately 6:15 pm.

The U.S. Supreme Court, in *Scheuer v. Rhodes*, 416 U.S. 232, 94 S. Ct.

1683, 1687 (1974) stated that &quot;when a state officer acts under a state law in a manner violative of the Federal Constitution, he &quot;comes into conflict with the superior authority of that Constitution, and he is in that case stripped of his official or representative character and is subjected in his person to the consequences of his individual conduct. There is **NO MASK LAW** in California

**NO Governor has ANY authority to compel any individual to do anything.**

See California Constitution, 1849.

1. Newsom didn't issue any order. It was Guidance on Face Coverings statement from the Dept of Public Health.

2. It is not a public health order -- it is a statement... "Guidance"

3. There is no law cited or penal code cited. It is unenforceable.

4. This guidance actually **RELAXES** the previous orders.

5. This is pure deception to present this as &quot;new law&quot;.

Mandate anything to the people". It is available to view on Bitchute.  
From Peggy Hall - The Healthy American

The alarming trend we are seeing is that ESTABLISHED LAW is being violated by shopkeepers, medical professionals, public officials, and law enforcement!!!

I am SICK-AND-TIRED of law enforcement saying, "It's a private business, they can do whatever they want."

Oh R-E-A-L-L-Y???

That is a big fat NO!

As one of THE HEALTHY AMERICANS, you know that no business can create a policy that violates established law. PERIOD.

No executive order can violate or suspend established law. PERIOD.

No state of emergency can violate established law or the rights of the people. PERIOD.

No city or county ordinance can violate established law or the state or federal Constitution. PERIOD. You are governed by the codes and statutes and they are implemented to protect or rights, and not infringe on them.

You know it, and I know it -- now we need to educate the businesses, the politicians, and law enforcement!

CHAPTER 9. Meetings [54950 - 54963]

(Chapter 9 added by Stats. 1953, Ch. 1588)

54950.

In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils, and the other public agencies in this State exist to aid in the conduct of the people's business. It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly. OPENLY!! NOT ON ZOOM!

The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

PART 2. PERSONAL RIGHTS [43 - 53.7]

( Part 2 enacted 1872. )

51.7.

(a) This section shall be known and may be cited, as the Ralph Civil Rights Act of 1976.

(b) All persons within the jurisdiction of this state have the right to be free from any violence, or intimidation by threat of violence, committed against

their persons or property because of political affiliation, or on account of any characteristic listed or defined in subdivision (b) or (e) of Section 51, or position in a labor dispute, or because another person perceives them to have one or more of those characteristics. The identification in this subdivision of particular bases of discrimination is illustrative rather than restrictive.

(c)

(1) A person shall not require another person to waive any legal right, penalty, remedy, forum, or procedure for a violation of this section, as a condition of entering into a contract for goods or services, including the right to file and pursue a civil action or complaint with, or otherwise notified, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any court or other governmental entity.

(2) A person shall not refuse to enter into a contract with or refuse to provide goods or services to, another person on the basis that the other person refuses to waive any legal right, penalty, remedy, forum, or procedure for a violation of this section, including the right to file and pursue a civil action or complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any other governmental entity.

(3) Any waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section, including the right to file and pursue a civil action or

complaint with, or otherwise notify, the Attorney General or any other public prosecutor, or law enforcement agency, the Department of Fair Employment and Housing, or any other governmental entity shall be knowing and voluntary, in writing, and expressly not made as a condition of entering into a contract for goods or services or as a condition of providing or receiving goods and services.

(4) Any waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section that is required as a condition of entering into a contract for goods or services shall be deemed involuntary, unconscionable, against public policy, and unenforceable. Nothing in this subdivision shall affect the enforceability or validity of any other provision of the contract.

(5) Any person who seeks to enforce a waiver of any legal right, penalty, remedy, forum, or procedure for a violation of this section shall have the burden of proving that the waiver was knowing and voluntary and not made as a condition of the contract or of providing or receiving the goods or services.

Keeping COVID numbers down are a vital part of the personal health and economic health of the community. This is is a human health issue, not a partisan one as some people have turned it into.

To the Board of Supervisors,

Certain members of our community, including businesses, are ignoring the health rules. Their behavior constitutes a grave danger to public health, our economy, and is a public nuisance.

As a result, our COVID numbers are spiking. Nevada County will soon be on the State's list of counties which must close down further to protect public health.

The State will do nothing to enforce these rules. Nevada City and Grass Valley are looking to the County to enforce the rules. Without significant, strong enforcement by the County, the scofflaws will continue to violate the law and endanger us all.

Please do everything you can to pass the Revised Ordinance and then get it enforced strictly and immediately.

Lives depend on it.

Thank you,

Frank Bloksberg  
25 year resident of Nevada County

ORDER OF THE STATE PUBLIC HEALTH  
OFFICER  
May 7, 2020

On March 19, 2020, I issued an order directing all individuals living in the State of California to stay at home except as needed to facilitate authorized, necessary activities or to maintain the continuity of operations of critical infrastructure sectors. (See <https://covid19.ca.gov/stay-home-except-for-essential-needs/>.) I then set out California's path forward from this "Stay-at-Home" Order in California's Pandemic Roadmap <https://www.gov.ca.gov/wp-content/uploads/2020/05/5.4.20-Update-on-Californias-Pandemic-Roadmap.pdf>. That Roadmap identifies four stages of the pandemic: safety and preparation (Stage 1), reopening of lower-risk workplaces and other spaces (Stage 2), reopening of higher-risk workplaces and other spaces (Stage 3), and finally an easing of final restrictions leading to the end of the stay at home order (Stage 4).

Today, COVID-19 continues to present a significant risk to the health of individuals throughout California. There are confirmed cases of the virus in 54 of the 58 counties across the State, and each day over the past two weeks over one thousand new cases have been confirmed in California and dozens of people have lost their lives due to the virus. However, owing to Californians' mitigation efforts, statewide data currently demonstrates stable rates of new infections and hospitalizations, the maintenance of surge capacity, and an improved ability to test, contact trace, isolate, and provide support to individuals exposed to COVID-19. As State Public Health Officer, I have determined that the statewide data now supports the gradual movement of the entire state from Stage 1 to Stage 2 of California's Pandemic Resilience Roadmap.

Gradual movement into Stage 2 is intended to reintroduce activities and sectors in a phased manner and with necessary modifications, in order to protect public health and result in a lower risk for COVID-19 transmission and outbreak in a community. Such deliberate phasing is critical to allowing the State to protect the public, and to mitigate and manage the impact of the re-openings, such that our health care delivery system has the capacity to respond to potential increased demands. Differences across the state in the prevalence of COVID-19, as well as testing rates, containment capability, and hospital capacity, have resulted in differences among local health jurisdictions' ability to safely progress through the various stages. The low and stable data reported by some local health officers in their local health jurisdictions, combined with sufficient COVID-19 preparedness, justifies allowance for some variation in the speed with which some local health jurisdictions will be able to move through the phases of Stage 2.

NOW, THEREFORE, I as State Public Health Officer and Director of the California Department of Public Health, order:

1. All local health jurisdictions in the state may begin gradual movement into Stage 2, as set forth in this Order, effective on May 8, 2020; however, a local health jurisdiction may implement or continue more restrictive public health measures if the jurisdiction's Local Health Officer believes conditions in that jurisdiction warrant it.
2. I will progressively designate sectors, businesses, establishments, or activities that may reopen with certain modifications, based on public health and safety needs, and I will add additional sectors, businesses, establishments, or activities at a pace designed to protect public health and safety. Those sectors, businesses, establishments, or activities that are permitted to open will be designated, along with necessary modifications, at <https://covid19.ca.gov/roadmap/>, as I announce them.
3. To the extent that such sectors are re-opened, Californians may leave their homes to work at, patronize, or otherwise engage with those businesses, establishments, or activities and must, when they do so, continue at all times to practice physical distancing, minimize their time outside of the home, and wash their hands frequently. To prevent further spread of COVID-19 to and within other jurisdictions within the State, Californians should not travel significant distances and should stay close to home. My March 19, 2020, Order otherwise remains in full effect.

4. The California Department of Public Health has set forth criteria to help local health officers assess the capacity of their local health jurisdictions to move through Stage 2. Local health jurisdictions that meet the criteria and follow the process set forth <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/COVID-19-County-Variance-Attestation-Memo.aspx> will be permitted to move through Stage 2 more quickly than the State as a whole and reopen additional low-risk businesses before the rest of the state, if they choose to do so. A list of the sectors, businesses, establishments, or activities, and any necessary modifications, that such a qualifying jurisdiction may choose to reopen will be available at <https://covid19.ca.gov/roadmap-counties/>, and may be expanded if I deem it to be in the interest of public health and safety.

Pursuant to the authority under EO N-60-20, and Health and Safety Code sections 120125, 120140, 131080, 120130(c), 120135, 120145, 120175 and 120150, this Order is to go into effect immediately and shall stay in effect until further notice.

This Order is being issued to protect the public health of Californians as we move as expeditiously to minimize risk to the extent possible throughout the Stages of the Pandemic Resilience Roadmap.

Dear BOS members,

I understand and respect the work you are doing to keep Nevada County safe and thriving during this public health crisis. Thank you for all you do. Please continue to keep public health and safety a priority, protect our seniors, our children, and our at-risk populations by voting yes on agenda item #26. It is important that education and business continue, but not in a manner that threatens the lives of our residents.

This community has done a great job of innovating during this crisis, and our innovative spirit will serve our recovery long after this threat has passed. Thank you for continuing to reward businesses and individuals who are changing their models to protect the health and wellbeing of this community.

I am a resident of Nevada County in Alta Sierra, and have voted here for the past 28 years.

Thank you,
