NEVADA COUNTY BOARD OF SUPERVISORS

Board Agenda Memo

MEETING DATE: August 10, 2021

TO: Board of Supervisors

FROM: Phebe Bell

SUBJECT: Resolution approving Amendment No.2 to the Contract with Midvalley Recovery Facilities, Inc, d/b/a Pathways, for the provision of residential treatment and withdrawal management services for referred clients of Nevada County, increasing the maximum Contract Amount from \$144,825 to \$178,825 (an increase of \$34,000) due to increased demand in services, and revising Exhibit "B" Schedule of Charges and Payments to reflect the increase in the maximum Contract price. (RES. 20-214)(RES 21-154)

RECOMMENDATION: Approve the attached Resolution.

FUNDING: Contract Services are supported by: Drug Medi-Cal Federal reimbursement and 2011 Realignment. There are no county general fund dollars required in the contract and no budget amendment needed.

BACKGROUND: Per Resolution 20-214, the Board of Supervisors approved the renewal contract with Midvalley Recovery Facilities, Inc, d/b/a Pathways, which was subsequently amended on May 25, 2021 to increase the maximum contract amount per Resolution 21-154. This is an amendment to the contract for services related to substance abuse treatment for Nevada County Residents to increase the maximum contract amount. The contract includes Withdrawal Management programs and Residential Treatment.

Residential Treatment and Withdrawal Management Programs

Contractor provides 24 hours / 7 days per week residential programs. The Contractor's residential treatment and withdrawal management programs provide comprehensive treatment services to adult women and men, over the age of 18, in a carefully structured and supportive environment with a high degree of accountability and integrated continuum of care that focuses on each unique individual and his/her family system. Licensed Medical staff ensure that withdrawal management services are safe and comfortable. Linkage services are provided as well as relapse prevention and individualized discharge planning. Midvalley Recovery Facilities, Inc. operates one fully licensed residential facility in Marysville, CA that is licensed and certified by the state to provide withdrawal management services and residential treatment services to 23 men and women.

All clients treated under this agreement will be pre-authorized for services by the Behavioral Health Department before admission to the program. Clients referred for residential services will be evaluated by program staff and provided a full assessment. They will be assigned a Primary Counselor to collaborate with on developing his/her Individual Treatment Plan. The residential program prioritizes transition planning and discharge planning, beginning at intake to support successful reintegration into the community.

Under the proposed Amendment No. 2, the Parties desire to increase the total amount of the Contract to \$178,825 (an increase of \$34,000), as reflected in the revised Exhibit "B" Schedule of Charges.

It is recommended that the Board approve this amendment due to the increase in the number of Nevada County Medi-Cal beneficiaries with substance use disorders accessing needed residential treatment and withdrawal management treatment. The Department has enhanced outreach, engagement, and care coordination efforts resulting in more beneficiaries being able to access needed services.

Item Initiated and Approved by: Phebe Bell, MSW, Director of Behavioral Health
